Introduction

21st Century English for Libya is a modern, engaging course, which integrates a general English syllabus with an element of 21st century skills, such as study skills, teamwork, critical thinking and problem-solving – the essential skills for students of English to thrive in the 21st century.

This level of *21st Century English for Libya* has been developed for teaching English to children in the fifth year of primary. The course is a colourful, engaging way to introduce children to English. It follows an integrated approach to skills development and initiates children in literacy in English through a systematic programme of motivating activities, games, songs and stories.

Throughout the *21st Century English for Libya* course, there is inclusion of 21st century skills – the skills that will enable young people to live and work effectively in modern society. Skills such as collaboration, communication, critical thinking and creativity are developed and recycled all the way through the course.

In the primary levels of the course, 21st century skills are featured in the lessons through activities like pairwork, puzzles, stories, 'find the difference' activities, dialogue practice and games. In *Primary 5*, the four basic 21st skills of communication, collaboration (working effectively with others), critical thinking and creativity are regularly built in to activities; those activities are flagged with the 21st century icon.

The course provides integrated speaking activities that give opportunities to repeat language, practise pronunciation and develop fluency in a meaningful context. The recorded materials also provide a model for speaking activities and a reference for pronunciation for both pupils and teachers.

Pupil's Book (PB)

This book presents language and structures through its large, colourful pictures, songs, rhymes, listening to stories, and speaking activities.

Grade 5 TB_at level_BOOK.indb 4 27/06/2019 09:40

Stories
The Pupil's Book includes seven stories [The Lion and The Mouse, Ben's Messy Room, Roland's Race, Races on the Sports Field, The Ant and the Grasshopper, The Shopping List, City Mouse and Village Mouse and A Trip to the Museum]. See page 9 for ideas about how you can use stories with your pupils.

Picture/word cards
These are provided at the end of the Activity Book for pupils to cut out and keep. They are a very useful resource for teachers and pupils, especially in big classes. The teaching notes provide suggestions as to how these can be used in the lesson. You will need to explain to pupils (and parents) what these cards are for and how they can cut them up and keep them safe. They should bring them to their English lessons together with their Pupil's Book and Activity Book.

Book Map
At the beginning of the PB there is a Book Map which provides a summary of the theme vocabulary and language covered in each lesson. The Book Map is not intended for pupils to use but it will be helpful for parents, giving them a clear picture of what their children are learning throughout the academic year.

Activity Book (AB)

In the Activity Book, children continue to practise their literacy skills. The AB provides further practice and development of reading and writing skills and includes recycling of language from the PB.

Teacher's Book

This book has been written in order to give teachers as much support as possible. It includes detailed lesson notes, listening scripts, additional activities (extension and support), homework ideas and language games.

There is also an audio file which provides model pronunciation as well as the key vocabulary and language covered in the course.

The lesson notes clearly explain the procedure for teaching the language and grammar that's covered in each lesson.

Teacher's Resources
Teacher's Book
Audio (rhymes, songs, texts, stories, pronunciation)
Picture/word cards
Number cards
Colour cards
Posters: alphabet, lower case
colours and numbers
alphabet, lower and upper case
house, furniture and family scene

Audio
The audio provides a rich variety of recorded materials, such as songs, dialogues, stories, look, listen and say activities, rhymes, instructions and descriptions. Children are encouraged to interact with the material non-verbally by matching, circling, ticking, pointing and doing actions.

The recorded materials give children an opportunity to listen to the natural stress and rhythm of English. The audio tracks provide an accurate model for speaking activities and serve as a useful reference for pronunciation.

The course

Course structure
This course has eight units per PB, and there are eight lessons in each unit. All lesson material is introduced in the full-colour Pupil's Book and is supported by a variety of activities in the Activity Book.

Grade 5 TB_at level_BOOK.indb 5 27/06/2019 09:40

Topics

Each unit is centred on a topic. The topics create a context for vocabulary sets and reflect the fact that children of this age are interested in themselves and the immediate world around them. Topics include Our World, Food and Drink, Out and About and Weather and Travel.

The topics in *Primary 5* start with more child-centred subjects like school and home but as the pupils work through the book, they will explore much broader topics, such as places in a town, places around the world and special places to visit.

Characters

Children readily associate with characters as friends who can help them learn. The characters in the course can also be used to initiate citizenship discussions, add humour, and bring a sense of security and familiarity to learning.

There are four main characters in the PB: Jena, Kareem, Fawzi and Asma. Other child characters are included as well, so the language is presented in a fun, child-focused way that the pupils can easily relate to.

Lesson structure

Lessons in this book are based on a mix of receptive skills (listening and reading), and productive skills (speaking and writing), to help pupils learn at their own pace and in a supportive way that is appropriate to their maturity.

Children are encouraged from early in the course to be active participants in their own learning and to develop age-appropriate learning skills. The Activity Book, whilst included as part of the lesson throughout these teaching notes, can be used as extended learning for pupils to do in their own time. This would help to encourage independent learning and encourage pupils to start to take responsibility for their own learning.

Listening

It is important to remember that, in addition to the audio material, you also provide listening practice for your pupils each time you speak to the class: your greetings, explanations, requests, instructions, and praise are all meaningful examples of listening for children. They also help the pupils to become more familiar with the sound of English. Remember to check your intonation and pronunciation with the materials recorded on the audio, and with your colleagues, because your pupils will listen to you and copy you.

Aims of *21st Century English for Libya, Primary 5*

Aims designed to create the right kind of learning atmosphere:

Pupils will be curious and enthusiastic about starting to learn English, and it is important that they remain enthusiastic if they are to make progress in the language. Overall, lessons should be fun. The aims are to:

1 engage pupils in learning the language so that they enjoy it and want to continue learning it;
2 give pupils the confidence to participate;
3 provide pupils with opportunities to communicate in English;
4 make pupils aware of situations that the English language is used in.

Aims connected to specific learning objectives:

The aims are to:

1 consolidate the English alphabet;
2 consolidate the sound of English through recorded material, and take advantage of the pupils' ability to imitate spoken language;
3 enable pupils to identify and name an increasing number of people and objects in English;
4 continue to expose pupils to high-frequency phrases, sentences and utterances, allowing them to acquire these at their own pace;
5 extend the pupils' reading skills;
6 continue to develop handwriting and extend the writing of pupils to word, phrase and sentence level as they work through the book;
7 apply taught skills through the medium of 21st century practice that encourages critical thinking, problem-solving, research skills, teamwork, collaboration and other skills, at a very young age.

Teaching English to very young children

There are some important characteristics of young learners which affect teaching and learning and which have been taken into account in the design of the course. These are:

Grade 5 TB_at level_BOOK.indb 6 27/06/2019 09:40

- **Emotional characteristics:**
- likes talking about self and is more interested in self than in others;
- needs to be taught to co-operate with others;
- likes school and teachers;
- needs whole-group activities;
- learns during play as well as formal teaching;
- responds well to praise.

- **Physical characteristics:**
- can only concentrate on a particular activity for a short time;
- is active and energetic;
- gets overexcited very quickly;
- gets tired easily;
- learns at own individual pace.

- **Educational characteristics:**
- needs realistic objectives suited to cognitive level;
- needs challenge;
- needs to learn by doing;
- needs activities that interest and make sense to him/her;
- needs constant recycling of language.

- **Linguistic characteristics:**
- is good at pronunciation;
- has few inhibitions;
- needs to speak;
- needs to make mistakes;
- needs clarity;
- needs to use own language;
- may need a period of time before being ready to produce language independently.

These characteristics have important implications for the teacher:

1 Children learn through doing things that they enjoy. *Try to make the learning experience fun.*
2 Lessons need to have a variety of activities. *Follow the advice in the lesson notes. Vary the pace of the lesson when possible.*
3 Children learn best in a stress-free environment and some of them are often nervous and timid and need more time than others to feel at ease. *Don't expect instant production from every child; don't put pressure on the children to respond or co-operate immediately. Give them time. Do not over correct or make correct utterance the only goal.*
4 It is important to have realistic objectives in terms of language goals for young learners. They are interested in identifying, naming and counting things, but are not yet able to understand structures in a formal way. Therefore, *21st Century English for Libya, Primary 5* concentrates on vocabulary and language which the children can use in the classroom and outside. *Don't try to go beyond the limits of the syllabus. Don't worry too much about explaining grammar rules. A good grounding in the basics in the early years of learning English will mean that the children can make good progress later.*
5 Because children need whole-group activities, the teaching notes recommend whole-group teaching for the most part. However, the standard procedures recommend dividing the class into groups and pairs for controlled practice and for games. Group and pairwork activities encourage cooperation, comparing and sharing, for example, when finding and counting objects hidden in a picture, looking at one another's work, and such like.

Using *21st Century English for Libya, Primary 5*

The activities in the course are designed to promote understanding and enjoyment and the following specific language-learning aims:

- imitating the rhythm and sounds of the language;
- carrying out spoken instructions and commands within the syllabus;
- naming people and objects and using different structures as they are presented within the syllabus;
- remembering the lower and upper-case letters of the alphabet and their sounds and names;
- learning an increasing number of words, phrases and sentences;
- remembering that English is written from left to right;
- developing skills in writing in the English script.

Grade 5 TB_at level_BOOK.indb 7 27/06/2019 09:40

Teaching the four skills – listening, reading, speaking and writing

There are three types of listening text in *21st Century English for Libya, Primary 5*.

1 Instructions: These include the instructions in the audio, the teacher's classroom instructions, and recorded instructions to carry out certain actions. These also occur in language games, such as 'Salman says'.
2 Longer texts, such as songs and stories.
3 Simple task-listening texts, e.g., *Listen and circle, Listen and tick, Listen and point* and *Listen and do*.

General advice for listening activities

Be sure to use all the listening activities in the PB, as they will significantly support pupils' learning as well as providing an alternative method of presentation. It is extremely useful for pupils to hear native English speakers and the audio tracks provide good models of pronunciation and intonation. Children have to *learn* to listen to the recorded material. You should therefore try to make the pupils feel comfortable with this activity. The pupils should never come to a listening activity without preparation. In the real world, listeners usually have visual clues to help them, e.g., setting, gestures and the attitude of the speaker. This is why the teaching notes include suggestions for introducing the listening, except where the same type of text is repeated frequently. The PB illustrations should be used as much as possible to help understanding.

Classroom instructions

Listening to and following instructions is a basic requirement in the classroom. This can be exploited in the English classroom to give the pupils the opportunity to listen and respond to authentic language. There are four simple requirements:

1 Instructions should be given when the pupils are quiet and paying attention.
2 They should be supported by clear gestures.
3 They should be accompanied by demonstration, if appropriate.
4 The language should be clear and simple. The same language for the same instruction should be used every time.

Note: It is not essential that all the pupils understand what to do immediately after an instruction is given. What happens next is equally important; for example, sometimes the pupils will understand through the actions of others in the class, sometimes by you going around the class to check individual pupils, pairs or groups and providing additional support. It is vital that you monitor at all times, to be aware of those pupils, pairs or groups that need additional support.

Total Physical Response (TPR)

Total Physical Response or TPR activities are particularly useful with young learners. TPR involves associating a physical action or movement with particular words, language, instructions or situations. It can be especially helpful in teaching vocabulary, classroom language, instructions or reading stories. TPR is also a good tool for varying the pace of the lesson or for giving excited young learners the chance to move around and get rid of some of their 'energy' before they settle down to work. TPR is a fun tool, it's memorable and so aids learning, and it is also good for kinaesthetic learners. TPR works well in both small and large classes and is also effective in mixed-ability groups. Children can understand information they hear much more easily than they can produce it. So TPR enables the learner to focus on listening to an instruction or a command and respond with a physical movement without having to make a spoken response. A good example of this is the game 'Salman says'. As TPR activities are so appealing to energetic young children, you may wish to add some of your own throughout the year.

Songs and rhymes

Songs and rhymes are an important feature of *21st Century English for Libya, Primary 5*. They have a very useful role to play in the early years of learning. Young children enjoy songs and rhymes, so they find them motivating. Songs and rhymes also provide excellent practice in the rhythm and stress of the language. The pupils are not expected to learn all the words immediately, but they can join in the repeated lines as they listen and at this age, pupils will probably be quite quick to pick up the words of songs and rhymes. The focus should be on enjoyment, with an emphasis on rhythm and rhyme. Some are action songs, which always appeal to young children.

Grade 5 TB_at level_BOOK.indb 8 27/06/2019 09:40

A basic procedure for songs and rhymes is as follows:

1 Discuss any pictures on the page, using them to present some of the new language.
2 Play the song or rhyme and get the pupils to do a simple task, for example, mime with you or point to pictures in their books.
3 Play the first verse line by line for repetition.
4 Play the whole song or rhyme and encourage the pupils to join in where they can. Focus particularly on repeated words and phrases.
5 Get the pupils to sing the song or say the rhyme in different lessons, sometimes along with the recording and sometimes with you.
6 Where possible, allow pupils to join in with some form of TPR.

The songs are based around known words and themes. However, they also sometimes contain new words, phrases or grammatical features that the pupils have not yet studied. It is not necessary to teach such items; pupils can enjoy songs and rhymes without knowing the meaning of every word.

Stories

The stories in *Primary 5* are intended to encourage the habit of listening to stories extensively and for pleasure. Pupils will not be familiar with all the language when they first listen, but they will begin to develop a feeling for the rhythm of English and will be able to understand by associating the pictures with the words they hear.

The stories provide good listening practice, as well as the opportunity to contextualize language that has been presented. The recommended procedure suggests inviting the pupils to join in with the words in the stories after hearing them several times. This also provides good speaking practice.

If possible, you can build up a 'book corner' in the classroom. If possible, set aside a regular half lesson each week for 'story time'. This is a special time for you to sit with the class (or smaller groups, if you can organize this) and tell them the story, or talk about the pictures with them. You can also use selected flashcards and other drawings to help you tell a story to the whole class.

Suggestions for using the stories:

1 Talk about the pictures. Get the pupils to identify people and objects they are familiar with. Take this opportunity to present key words.
2 Play the audio while the pupils listen and look at the pictures. A simple task is suggested in the teaching notes so that they have something to listen for. *or* Read the story, using gestures and mime to make the meaning clearer. (If you choose this method, remember to listen to the recording several times yourself when planning your lesson.)
3 If you have set a question, elicit the answer, but don't confirm it. Play the recording again, with pauses if necessary, so that everyone can find the answer.
4 Encourage pupils to help you tell the story. If it is appropriate, agree with them a mime or a sound effect to cue the words and phrases they know.
Note: As pupils become familiar with the story, pauses without cues may be enough for the pupils to say the next bit of the story – either the next word, or the next few words. If they can, they will do this automatically. If they are not yet ready to respond in English during the pauses, don't be discouraged. Let them produce the target language in their own time.
5 Recycle the stories in other lessons. Tell the story yourself, but make intentional mistakes. The pupils should listen and put up their hands when they hear a mistake. They can tell you what the correct version of the story is.

Pronunciation

Pronunciation is a key feature of *Primary 5*. Pronunciation practice should be made as entertaining as possible. It is easy to use humour in such activities, by exaggerating the mouth shape required to produce a particular sound, by using TPR to prompt pupils to mime when they are learning and practising sounds, or by using different tones of voice or different emotions when providing an example sentence.

The focus on words and phrases is designed to build up a solid foundation of pronunciation. The pupils have a natural gift for imitating sound and it is important to exploit this ability. Although you have a big part to play in teaching pronunciation, the pupils need a lot of additional exposure to recorded sounds, words and phrases. Make full use of the audio material at every opportunity.

Grade 5 TB_at level_BOOK.indb 9 27/06/2019 09:40

Vocabulary practice

Vocabulary needs frequent recycling and this is built into the course. However, it is assumed you will take every opportunity to do this, too.

Vocabulary is recycled in activities throughout the course, as well as through games and using the picture/word cards. It is essential that you use games from time to time; the pupils will enjoy them and they are an excellent learning tool.

Question and answer exchanges

There are plenty of 'real life' pairwork activities in *Primary 5*, such as talking about family, routines and times, school subjects. These are practised in question and answer exchanges and short conversations. The key to these activities is good preparation. When you ask the pupils to work in pairs, they should be able to make a good attempt.

The opportunity to practise independently of the teacher not only provides more time for producing the language, but also lets the pupils develop confidence in their speaking ability.

A basic procedure for question and answer exchanges is as follows:

1 Elicit pronunciation of the prompt phrases from the pupils' material.
2 Practise with class repetition.
3 Divide the class into two groups; practise the exchange, prompting substitution with Picture/Word Cards.
4 Practise in open-class pairs.
5 Practise in pairs.

Note 1: When the pupils are working in pairs, it is not possible to monitor the whole class. Instead, you can go round listening to a few pairs to assess progress. Accept that they will make mistakes. If you feel the class is having too much difficulty, stop the activity and go back to group practice or open pair practice.

Note 2: Pair practice should take a short time, just long enough for the pupils to carry out the exchange. If you let it go on for too long, the pupils may become restless and misbehave.

Short conversations

There are a number of conversations in *Primary 5*. These will increase in subsequent courses as the pupils' vocabulary and language control develops.

Conversations put the language in a realistic setting with which the pupils can identify.

A basic procedure for exploiting conversations is as follows:

1 Discuss what is happening in the pictures.
2 Play the audio while the pupils follow the pictures.
3 Ask several check questions to consolidate understanding.
4 Play the audio line by line for the pupils to repeat.
5 Choose pupils to demonstrate the conversation.
6 Role-play the conversation in pairs.
7 Choose pupils to act out the conversation in front of the class.

Talking about pictures

Teachers should take every opportunity to capitalize on pupils' interest in a topic in this way. Pupils should be encouraged to talk about the material in English as much as possible, even if direct questions are not supplied in the teaching notes. Pupils should be encouraged to talk about the pictures in any way they can. This might involve one-word answers, mispronunciation and even some discussion in Arabic. The job of the teacher is to accept the effort made by pupils and to remodel where appropriate.

In addition, you should provide the necessary prompts to engage the attention of the class.

Talking about the unit topics

The pupils will generally have a lot of things they want to say about new topics, but little English with which to express their ideas. When introducing a new topic, you may occasionally want to let pupils use some Arabic. During such a discussion, encourage them to use English where possible and make sure you tell them all the English words they need to know.

Further opportunities for speaking

There are many opportunities for speaking in the classroom. For example, you should prompt the

Grade 5 TB_at level_BOOK.indb 10 27/06/2019 09:40

pupils to use English in group work and pairwork activities and when playing games. Use as much English as possible when setting up an activity; many of the necessary instructions should be familiar to the pupils and you can build on these. Pupils will not only improve in their ability to listen, but also start to use these words themselves. If explaining in English is too complicated, show the pupils how to do something by example, only resorting to Arabic if it is really necessary.

If English lessons always take place in the same classroom, it is a good idea to display frequently used classroom language on the wall. You can write signs with useful phrases as the class learn them, such as:
Pardon? I don't understand. What does … mean? Can you say that again, please? How do you spell …? Can I borrow a pen?

If these signs are decorated by the pupils and then displayed on the walls, they can be used as prompts in class, until the pupils begin to use them naturally to carry out classroom business.

Reading
Reading tasks in *Primary 5* progress from recognition of single words and short phrases to global comprehension of short descriptions, sets of instructions, conversations and picture stories. Reading texts include:

- words, phrases, sentences and paragraphs
- instructions
- conversations
- descriptions
- short stories with visuals

There is an increase in the number of words on the pages of the pupils' material, compared with previous levels. Pupils should not be expected to read all this text, particularly the lyrics of songs or words in the stories. However, as the year progresses, they should be developing their ability to read independently with the help of illustrations.

Words, phrases and sentences
There are three main approaches to reading adopted in *Primary 5*. These are:

1 whole-word recognition and high-frequency words
2 a phonics-based approach
3 audio-assisted reading

Pupils make use of the reading strategies that they have learned and used in earlier levels to carry out reading activities. The synthetic phonics approach, which involves learning the sounds of the letters, enables pupils to sound out unfamiliar words. It also assists pronunciation and spelling. Pupils have been developing their understanding of the sound/spelling relationship since the beginning of the course. However, many words are not phonetically regular and children need to learn these words as whole units, using their visual memory.

To recognize words easily, the pupils need regular practice in identifying words.

A basic procedure for using Picture/Word Cards is as follows:

1 Name the picture cards for the lesson with pupils and stick them on the board.
2 Get pupils to close their eyes. Take away one card and get pupils to open their eyes.
3 Point to the gap and ask, *What is it?* Let pupils call out the missing picture. Do this several times, with different picture cards.
4 Hold up a word card, say the name and get pupils to repeat. Put the word card below its corresponding picture card. Do this for all of the word cards. (To do this, you will need two sets of cards, or make your own set of word cards.)
5 Point to the picture cards and read the words with the class.
6 Take the picture cards and word cards off the board and distribute them to groups around the class. Say a classroom object and get the groups with that word card or picture card to stand up, holding the card.
7 Get the rest of the class to check that the two cards match. Do this several times with each classroom object.
8 Put the word cards back on the board (without the picture cards) and see if pupils can read the words.

Grade 5 TB_at level_BOOK.indb 11 27/06/2019 09:40

Note: There are many variations to the steps above, some easier and some more challenging. Use variety when introducing and practising new words. This will keep pupils engaged and keen to meet the challenge.

Pupils should already be familiar with the words aurally and orally before they are asked to read them. Recognition practice need not be restricted to words; it can also be applied to short phrases and sentences. When individual words become familiar to the pupils, they can be used for sentence building.

Using word cards in sentences helps focus attention on grammatical features such as word order. Once the sentences have been built up, they can be manipulated by substituting other known words.

A basic procedure for sentence building is as follows:

1 Practise recognition of individual word cards for target vocabulary.
2 Stick word cards on the board to form a sentence; elicit pronunciation of each word as it is displayed. For example, *I go to school by car.*
3 Substitute individual cards to form similar sentences and elicit pronunciation from the class. For example, *I go to school by train/bike.*
4 Invite pupils to the front to substitute cards and form similar sentences.

High-frequency words

High-frequency words are often phonetically irregular and therefore do not fit into a phonic scheme. They are often difficult to represent visually since they tend to be grammatical words rather than nouns (for example, *the, have, who, what, said*). During the course, children meet such words in stories, but also as part of the functional language and structures they are using. In *Primary 5*, pupils learn to spell common high-frequency words using the 'Look, say, cover, write, check' strategy.

There are spelling practice grids throughout *Primary 5* and there is a spelling test page at the end of the AB, on page 132.

The audio-assisted reading approach involves the pupils listening to words, phrases, sentences and texts while following in their books. This helps them make a connection between sounds and spelling and reinforces recognition of individual words. Some of the listening activities focus on pictures, i.e., the pupils listen to the audio and point to the appropriate picture. There are also activities that involve listening and pointing to individual words, or attempting to identify words in sentences, for example, in a conversation. As the pupils develop their skills in this aspect of the English language, they will become more confident in recognizing words and also decoding words they have not seen before. They will gradually move on to reading phrases and short texts.

Individual learning

Children naturally develop and learn at different rates.

Praise

Whatever the children are doing, and however quickly or slowly they are progressing, do praise them at every possible opportunity, and keep corrections to a minimum. At this stage in their English language learning, your pupils need plenty of support and encouragement, and they need to know it is OK for them to make some mistakes. Remember that all types of participation in the classroom activities offer learning opportunities, not just completing formal tasks.

The classroom

Atmosphere and aids

- Try to create a bright and cheerful environment for learners by having pictures and posters on the walls. Pupils' drawings can also be displayed to encourage them, as well as to decorate the room. Putting up pupils' work shows them that you value what they do. They will also enjoy seeing what their classmates have done.
- Teachers of young learners need to be very active and having teaching aids permanently fixed to walls will save time and keep lessons moving at a good pace.
- Playing a song when the class are doing a colouring or drawing activity helps to promote a relaxed atmosphere. This also helps to ensure that the pupils continue hearing English throughout the lesson and they can sing or hum along quietly as they work, if they wish.

Grade 5 TB_at level_BOOK.indb 12 27/06/2019 09:40

- If the pupils do not have their own colouring pencils or crayons, sets will be needed in the class.
- Sticky tack, magnets or drawing pins are useful to fix picture cards to the board.

Classroom organization

Because language is a social activity, pupils need to be able to communicate and interact with each other in the classroom. Many classrooms have fixed desks and seating which will restrict how easily pupils can move around. Teachers have to make the best of the physical space and limitations of their classrooms. However, if desks are fixed or too heavy to move and space is limited, try to keep an area where children can stand up and move around for games and activities. Even with very limited, desk-only space, children can still stand up and do TPR-type activities next to their desks.

Classroom discipline

Though young children are active and energetic, they expect and respect rules and enjoy clear classroom routines. You need to establish firm and fair classroom rules from the beginning, within a secure atmosphere. Young children appreciate routine and like repetition. Therefore, from the start of the school year, set routines and expectations (e.g., how children come into the classroom, where they sit, what they do with their bags and other things, whether they take their books out straight away, etc.).

The teaching notes encourage you to establish lesson routines (e.g., begin every lesson by greeting the children and getting their response, end the lesson in a similar way, use standard classroom instructions *Open your book at page 8, please*.). You will have your own preferences and routines, but taking time to establish class rules and routines has long-term advantages. Your pupils will probably like to be involved in discussing what rules and routines they think are best!

Note: If a whole class is participating in a language activity, the room cannot be totally silent. Some activities will be quite noisy. However, this is different from uncontrolled noise, which should not be encouraged.

Tip 1: Use gestures to support your English instructions. Say *Ssh!* when you want quiet, and put your finger to your lips; say *Go!* when you want the pupils to begin, and wave your arm as if starting a race; and say *Tiptoe!* when you want pupils to move from one place to another quietly, and mime tip-toeing in front of your desk.

Tip 2: Make use of a small bell, squeaky toy or other 'friendly' device to signal that you want the pupils to stop an activity.

Classroom language

Try to avoid using Arabic in the lessons.

There will be times when it is tempting to explain something in the pupils' first language, but there are other ways to convey meaning and Arabic should **only** be used as a last resort. If you can use mime or board drawings to aid understanding, do so. You can provide pupils with a great deal of real language by frequently using classroom instructions in English, supported by mime and gesture. Gradually, the pupils will understand the English, and some will even be able to produce it. Instructions on the audio are intended to work in the same way.

The list of essential classroom language below is included in the pronunciation audio material. It is not an exhaustive list, but is a good starting point. *Sit down, please.; Stand up, please.; Ssh! Quietly, please.; Hands up!; Come here, please.; Listen.; Listen again.; Listen and say.; Look at your book; Look at me.; Look at the picture.; Look at page 8.; Open your book at page 8, please.; Close your book.; Altogether.; Point to the picture.; You need your colouring pencils.; Let's sing a song.; Let's play a game.; Good!; Well done!; Excellent!; Yes, that's right.; Can I have a pencil, please?; Thank you.*

Assessment

There was no formal assessment in the early primary grades. This occurs for the first time in *Primary 5*. However, you should evaluate your pupils' progress on a regular basis.

Evaluating pupils' progress

In order to keep track of every child in a class, it is useful to keep a progress chart. You should note progress in the following areas for each pupil:

1 Degree of confidence
   a) to join in choral activities;
   b) to produce language individually.

Grade 5 TB_at level_BOOK.indb 13 27/06/2019 09:40

2 Degree of interest and enthusiasm for learning English.
3 Interaction with others.
4 Behaviour.

Monitoring progress regularly is very important and will allow you to be aware of children who are having problems, and to provide help for those who need it.

Try to make sure you get opportunities to observe each pupil individually, to assess their progress in general. In addition, look regularly at each pupil's work (drawing, colouring, tracing) to see how well their motor skills are developing.

When you are assessing progress, focus on:

Listening
- ability to concentrate on what is being heard;
- ability to imitate pronunciation models;
- ability to carry out TPR tasks;
- degree of understanding of what is heard.

Speaking
- ability to name people, colours and objects presented in the course;
- ability to respond to questions presented in the course;
- ability to initiate as well as respond in English;
- pronunciation;
- performance in 'ask and answer' pairwork activities.

Reading and writing
- recognition of letters and digraphs, numbers and the words and phrases that are presented;
- knowing the sounds of letters;
- ability to blend letter sounds to make words;
- writing skill development;
- ability to read unknown words, phrases and sentences;
- ability to write at word, phrase and sentence level.

Now I can …

At the end of every unit, there is a set of **Now I can …** statements, that are there to highlight what the pupils have learned in the unit. As well as being both useful and motivating in showing pupils how they are progressing, these statements serve as a good reference for parents wanting to follow their children's progress. The **Now I can …** statements are also useful for teachers as they can highlight areas where pupils are having difficulty, and/or areas that need a bit more work. Teachers should work through the statements with pupils as a class, at the end of every unit.

Evaluating your lessons

Questions for you to ask yourself, and to note at the end of lesson plans, are:

1 How well did the lesson achieve its learning aim? If the answer is 'not very well', ask yourself: *Was there too much or not enough material? Was there something wrong with the material? Was it the methodology? Was it my lesson plan?*
2 Were the pupils engaged throughout the lesson? Why (not)?
3 How do the pupils feel about the lesson? It is a very good idea to ask a few questions in Arabic at the end of any lesson to try to find out. For example, *Did you enjoy the lesson today? Did you like the song/rhyme/game today? Will you tell mum and dad about your lesson today?* Wherever possible, use the language presented in lessons to ask questions relating to the pupils themselves.
4 Good lesson planning often takes time at the beginning, but pays dividends later on and makes your daily teaching commitment easier; your pupils will enjoy their lessons more and they will learn more. Teachers will naturally feel more confident and more relaxed if they go into a lesson with a well-thought out lesson plan and that will help the pupils feel more confident and relaxed about the lesson, too.
5 Finally, remember that sharing ideas, successes and frustrations with other colleagues is really important and very beneficial.

Unit 1 Lesson 1: I'm from …

Aims: To identify new characters
To learn names of countries
To ask/answer where people are from
Short answers with *to be*

Materials: *Pupil's Book* pages 8–9
Activity Book pages 4–5
Tracks 1–2

Warmer 5 mins

- Tell pupils they are going to start a new book – *English for Libya 5th Primary*. Discuss some of the following points with them:
  - Find out what English words they already know.
  - Get them to tell you what they like about learning English.
  - Ask them when and where they hear and speak English.
- Introduce the lesson. Use appropriate language to tell pupils what they will do in the lesson. Explain that in this lesson the pupils will:
  - meet some new characters.
  - find out about new countries, people and places.

1 Look, listen and say. 5 mins

- Ask pupils to open their *Pupil's Book* on page 6. Ask what they can see (*map*). Pupils know this word from Grade 4, but may need to be reminded of it.
- Point to the illustration of Asma and read out the speech bubble. Get pupils to point to which country they think is Libya. Ask what helped them to identify it as Libya – the shape of the country or the famous monument Leptis Magna.
- See if pupils can use the same tactics to identify any of the other countries.
- Tell the class they are going to hear the names of all the countries. Play Track 1. Pupils repeat the country names. Encourage them to point as they say the names.
- Check the answers by saying a number (at random) and getting pupil responses.

Track 1
Look, listen and say.

Asma: *Hello, my name's Asma. I'm from Libya. Let's say the country names.*
1 England
2 France
3 Italy
4 Egypt
5 Turkey
6 Libya
7 Japan
8 Thailand

2 Write the country names on the map. 4 mins

- Let pupils work in pairs to complete activity 2 (writing country names on the map). Let pupils compare their answers with a partner.
- While pupils are writing, monitor and support as necessary.

3 Ask and answer. Point to the country. 4 mins

- Hold up a *Pupil's Book* on page 8 and ask the class *Where's Libya?* Get the class to hold up their books, point to Libya and elicit *Here it is*. Respond with *Yes, that's right*. Repeat for another country.
- Ask pupils to ask you the *Where's …* question a few times and respond if you get it right. **Note:** you might also like to make some mistakes and see if they can correct you.
- Introduce the characters Kareem and Jena.
- Pupils work in pairs and practise the conversation. They can look at the top activity on page 7 of the *Pupil's Book* for support.

Grade 5 TB_at level_BOOK.indb 20 27/06/2019 09:40

4 Look, listen and say. 4 mins

- Introduce the character Fawzi.
- Ask pupils to look at activity 4 on page 9. Play 🎧 Track 2 and let pupils follow.
- Play 🎧 Track 2 again and ask pupils to repeat.

🎧 ***Track 2***
Look, listen and say.

Asma: *Fawzi isn't from Japan. He's from Libya.*

Murad and Ali: *Hi! We are Murad and Ali. We aren't from Italy. We're from Turkey.*

5 Ask and answer. 4 mins

- Before asking pupils to work in pairs for activity 5, focus on the 'Let's check' box at the bottom of page 9 of the *Pupil's Book*.
- Read out the *Are you …/Is he/she …?* questions. Get pupils to point as you read. Get pupils to answer these questions (presumably, all will be in the affirmative).
- Bring in some other pictures, from magazines and elsewhere of people from other countries. Practise the negative response (*No, he/she isn't.*) and also *they* using other pictures.
- Pupils work in pairs and practise the conversations.

Activity Book 4 mins

1 Read and write about yourself.

- Ask pupils to look at activity 1 on page 4 of the *Activity Book*. Point to the illustration of Asma and read out the speech bubbles. Tell them to write about themselves on the speech bubbles provided. They can also make a drawing of themselves if they want to.
- While pupils are doing the activity, circulate to make sure that they are continuing to form letters correctly and write sentences with capital letters and punctuation (here just full stops). Monitor and help where necessary.
- Have some pupils share their answers with the whole class.

2 Match the questions and answers. Write the letters. 4 mins

- Ask pupils to open their *Activity Book* on page 4 and look at activity 2. Pupils will be familiar with how this type of activity works from earlier grades. Remind them what they have to do.

- Check the answers by asking the questions, or by getting confident pupils to ask the questions, and letting the class answer.

Answers

- Round off the lesson in the usual way.
- Help the class to think of new questions to ask you about Asma, Fawzi, Kareem and Jena, for example: *How old is/are …*, *Where does/do he/she/they live?*, etc. This is good practice for making questions, which many pupils find difficult.

Unit 1 Lesson 2: This is my flag.

Aims: To identify new characters

To say where people are from
Short answer with *to be*

Materials: *Pupil's Book* pages 10–11
Activity Book pages 6–7
Tracks 3–4

Warmer 4 mins

- Start the class by asking pupils what day it is. Write the day on the board. See if pupils can tell you which month it is and write that on the board. Do not do the exact date at the moment because pupils have not yet covered all the necessary ordinal numbers.
- Play the microphone game: demonstrate by using your hand as a pretend microphone. Ask questions using individual pupils and groups of pupils: *Where are you from?/Are you from Turkey?/Is he/she from Japan?/Are they from Libya?*,etc.
- Let pupils practise in small groups.

Extras

- Round off game ('Full House'): As a quick, fun round-off activity, choose a country and on the board draw short lines to represent each letter of the word. Pupils take turns to guess the word by calling out letters. If the letter is part of the word, write it in. If it is not, draw part of a simple house on the board. Continue until pupils guess the country or until the house is complete. If you complete the house, then the teacher wins. If not, the pupils win! If there's time, repeat for other countries.
- Spend a few minutes at the end of the lesson to review with pupils what you have done together. Get them to tell you which parts of the lesson they enjoyed the most and the least.
- Round off the lesson in the usual way.
- Get pupils to draw a game card with nine squares. Ask them to write the name of a classmate in each square on their card. Call out your pupils' names at random. When a pupil hears his/her name, he/she must stand up. Pupils mark the names on their game cards as they are called. The first pupil to mark all the names on his/her card wins.

Rounding off

- Spend a few minutes at the end of the lesson to review with pupils what you have done together. Get them to tell you which parts of the lesson they enjoyed the most and the least.

Additional/Support

- Let pupils work in pairs and have a quick spelling practice for country names and corresponding nationalities. Depending on your class, you can concentrate on either countries or nationalities, or do a mixture of both. Check spellings by calling out individual letters. Give one point for each correct spelling. The pairs with the most points are the winners.
- For strong classes or groups, let pupils do the spelling practice amongst themselves with two small groups playing against each other. Again, pupils can either do a mixture of both countries and nationalities, or just concentrate on one set of words. Pupils check spellings by calling out individual letters using their *Pupil's Books* to be certain of accuracy. Groups score one point for each correct spelling. The group with the most points are the winners.

- Hand out small pieces of paper to each pupil. Ask pupils to think of two or three things they want and to write these down on their piece of paper.
- Ask pupils to swap papers with their partner. Let them read what their partner wrote and count how many things are the same and how many are different.

  How many flags can you see? (1)
  What country's flag can you see? (England)
  Note 2: This is actually the flag for the UK, but we are keeping it to 'England' rather than getting into the complexities of the UK, Britain, etc.
  Which picture shows a map of the world?
  Which picture shows lots of different cities/places?
- Get pupils to read sentences 1–6 and think about which picture matches which sentence. Let pupils compare their ideas in pairs.

Grade 5 TB_at level_BOOK.indb 31 27/06/2019 09:40

Additional/Support

- For slower readers, make cards for *Activity Book*, Activity 4 (page 13) into individual sets of cards. Pupils can then use these to play 'Snap'. Each pair or small group, will need a full set of 'want to' and 'because' cards. One side starts and turns over a card; the other side turns over their card. If there is a match, then the first pupil or group to say 'Snap' gets a point and keeps the two matching cards.
  Note: the simplest way to play this game is to keep the matches that pupils made in Activity 4. However, for stronger pupils, they can make other matches. For example:
  I want to learn to swim/ride a bicycle because it's healthy/it's fun. (all possible)
  I want to learn to use a computer because computers are important for studying/it's fun. (less likely 'because it's healthy')
  ~~*I want to go to an art club because I can ride to school.*~~ (doesn't make sense)

- Ask some comprehension questions (but not ones that give the answers needed to label the three photos). For example:
  What's the boy's name?

  - different groups can make three or four country name/nationality cards and hold these up when they hear the words on their cards,
  - pupils can link hands with their partner for the penultimate line and shake hands for the last line.

Unit 2 Lesson 1: About Time

Aims: To practise telling the time with digital watches/clocks
To talk about everyday routines (present simple tense)
To practise word stress in *–teen* and *–ty* numbers

Materials: *Pupil's Book* pages 26–27
Activity Book pages 20–21
Tracks 15 and 16 (AB)

Warmer 6 mins

- Ask pupils to open the *Pupil's Book* on page 26. Read Fawzi's speech bubble and say that in this lesson you are going to look at what we do every day.
- If possible, have a watch and a clock ready to show pupils. Hold up your hand and show them the watch on your wrist. Elicit or give *watch*. Point to the classroom clock on the wall and elicit *clock*. If there isn't a classroom clock, then draw a traditional clock face on the board and give it a stand. Elicit the difference between watch and clock (the first we wear, the second is usually on the wall or stands on a piece of furniture), but point out that we use both to tell the time.
- If you have a mobile phone, show pupils the time on the mobile. Show them that this is digital time. Contrast with the traditional clock face with hands.

1 Look, listen and say. 6 mins

- Ask pupils to look at their *Pupil's Book*s on page 26. Ask them how many watches and clocks they can see (8).
- Play Track 15 a first time to familiarize pupils with all eight times. Then play Track 15 again for pupils to listen and repeat.
- Practise saying all the times together as a class.
- Then point to each watch/clock and ask for volunteers to say each time.

Track 15
Look, listen and say.

  What time does Yousef get up?
  What time does he go to school?

Ask *Can you hear the difference?* If not, encourage pupils to make these three sounds – they can repeat after the first line of Track 23. Play the first line of Track 23 and ask pupils to repeat the sounds.

Unit 2 Lesson 4: What's it like?

Aims:	To learn adjectives which describe characteristics (animals) To practise asking and answering questions about animals and their general characteristics To practise organizing words in alphabetical order To look at common adjectival endings (for characteristics)
Materials:	*Pupil's Book* pages 32–33 *Activity Book* pages 26–27 Track 24
Optional:	blank sheets of paper or a clean notebook page

Note

- The word *like* can be quite confusing because it has various roles. More specifically:

  ***Like* (verb)**
  We use *like* (verb) to talk about tastes and preferences:
  What fruit do you like? I like apples and bananas.
  Do you like football or basketball? I prefer basketball./I like basketball more.

  ***Look* (verb) + *like* (preposition)**
  We use *look* (verb) + *like* (preposition) to talk about appearance and also resemblance:
  What does she look like? She's tall and she has long, brown hair and black eyes.

  ***Be* (verb) + *like* (preposition)**
  We use *be* (verb) + *like* (preposition) as a general description of character and/or personality and resemblance:
  What's he like? He's very intelligent and friendly.
  Who is he like? He's just like his father.

  Summary:
- We use *like* to talk about tastes and preferences.
- We use *look like* to describe physical appearance.
- We use *be like* to describe a person's character and resemblance.

Warmer 4 mins

- Start the class by asking pupils what day it is. Write the day on the board. See if pupils can tell you which month it is, and write that on the board.
- Put pupils in pairs or small groups. Each pair or group needs to have a blank piece of paper or a notebook that they can use.
- Set a time limit and get each pair/group to write down as many animal names as they know.
- Get pairs/groups to swap papers. Elicit the animal names. Write each one on the board. Pairs/groups should mark each other half a point for a correct animal name with the wrong spelling and one point for a correct animal name with the correct spelling.

1 Look at the pictures. Read and underline the adjectives that tell us about the animals. 4 mins

- Ask pupils to open their *Pupil's Book* on page 32. Let them look at the three pictures and the captions.
- Explain that some words tell us about what people and animals *look like* and other words tell us about their characteristics, e.g. what they *are like*. Demonstrate by looking at the horse. Ask *What does it look like?* Elicit ideas:
  It's brown.
  It has a long tail.
  It's beautiful.
- Now ask *What is it like?* Elicit ideas:
  It's fast.
  It's friendly.
  It's brave.
- **Note:** Pupils may not remember the words *friendly* or *brave*. Let them try to express their ideas in other words.
- Read the rubric. Ask pupils to underline *fast* for the horse. Then ask them to find the words that tell us about a shark (*dangerous*) and a cat (*playful*).

2 Write the adjectives in the correct box. 4 mins

- Give pupils a situation which demonstrates the idea of positive and negative – for example, the situation of a teacher giving feedback to a pupil.

Grade 5 TB_at level_BOOK.indb 50 27/06/2019 09:40

Feedback 1: *You tried very hard and put a lot of effort into your homework. There are some things you don't understand, but it was a good try.*

- Ask pupils to look at Exercise 2. Ask them to find the words *positive* and *negative*.

- Have a whole-class check: say an adjective and get pupils to respond by saying *positive* or *negative*. If you like, you can ask pupils to mime the words.

- Play 🎧 Track 24. Ask pupils to work by themselves and write an adjective under each picture. Ask pupils to check in pairs. Play 🎧 Track 24 again for pupils to check their answers.

🎧 ***Track 24***

- **Note:** Pupils have met all of these animals in previous grades.
- Spend a few minutes at the end of the lesson to review with pupils what you have done together. Get them to tell you which parts of the lesson they enjoyed the most and the least.

Additional/Support

- Get pupils to draw and colour an animal, filling a whole page. Tell pupils to draw dotted lines to divide up the picture into three parts – top, middle and bottom. Pupils should then cut their animal drawings along the dotted lines.
- Tell pupils to swap pieces from their picture with other pupils (they must still make sure that they have a top, middle and bottom part). Ask pupils to assemble the parts they now have into new animals.

  What colour are dolphins?
  What do you think dolphins are like?
- Tell pupils they are going to read about dolphins for homework and explain that there are some words missing. Ask pupils to look at page 28 of the *Activity Book*.
- Ask pupils to write their own name under the title where it says 'by'.
- You can choose to do the text in a number of ways:
  1 you can read the text to pupils but skip over the blanks
  2 let pupils read the text quietly to themselves
  3 put pupils in pairs and let them each read alternate sentences
- Don't check answers at this stage.

2 Did you use these words? 5 mins

- Ask pupils to read the words at the bottom of the page and to put up their hands if they used all those words in Activity 1.
- Either ask for volunteer pupils to read out the five sentences that have the missing words or re-read the whole text.

Answers
1 live
2 friendly
3 family
4 intelligent
5 playful

3 Look at page 28 of your Activity Book. Think about the answers to the questions. Ask your partner. 8 mins

- Ask pupils to look at page 28 of their *Activity Book*.
- Allocate Pupil A or Pupil B to every pupil. If they are Pupil A, they answer the questions about dolphins. If they are Pupil B, they answer the questions about horses. Read out the rubrics (as a class or individually).
- Put pupils in A and B pairs. Let them ask and answer the questions about dolphins and horses. Each pupil will be answering from memory and so if they cannot get the answer, their partner should tell them. Pupils can make notes about the other animal.
- Play Track 27 to let pupils check their answers.

2 Read and find the correct insect. Write the numbers. 4 mins

- Look at the rubric at the top of page 37 and read it together as a class. Then ask pupils to read the text quietly to themselves and decide on which picture is the correct insect.
- Ask volunteers to tell you the number they wrote for each of the texts.

Answers
butterfly/butterflies, picture 1; ants, picture 5; fly/flies, picture 3.

Note: Do not explain new vocabulary words at this stage. The aim is that pupils use the words they know to see that it is not necessary to understand every word when reading (or listening) to be able to complete a task successfully and to have a good overall understanding.

3 🎧 29 Listen to Mr Dan and check your answers. 6 mins

- Play 🎧 Track 29 and let pupils check if they have chosen the right picture. Encourage pupils to follow each text as they listen.

🎧 ***Track 29***
Listen to Mr Dan and check your answers.

Mr Dan: Butterflies
Butterflies are insects. They have four wings. Before you see a butterfly, it starts its life as an egg and then changes into a caterpillar. After that, the caterpillar slowly changes into a beautiful adult butterfly. Most caterpillars eat plants and most butterflies eat the nectar (like honey) from flowers.

Ants
Most ants live together in a big 'house' called a colony. There are queen ants, worker ants and soldier ants. There are more than 12,000 types of ant in the world. Some ants are dangerous. An ant can lift 20 times its own body weight. If you were an ant, you could pick up a car.

Flies
There are over 100,000 types of flies in the world. Flies only have two wings. Flies are not dangerous like lions or sharks, but they are dangerous because they carry disease. When a fly sits on your food it can bring disease. People do not like flies, but they make good food for birds, spiders and frogs.

4 Find and write the word. 4 mins

- The activity at the bottom of *Pupil's Book* page 37 looks at five new words that pupils have read in the texts about butterflies, ants and flies. They have learnt wings and food before in previous grades. Let pupils work in pairs to match the definition to the word.

Answers

1	something you eat	food
2	when you grow up and are not a child	adult
3	a house for many ants	colony
4	it makes you feel bad	disease
5	you need these to fly	wings

1 What animals can you see? Look at the pictures and write the names. 4 mins

- Ask pupils to look at page 30 of the *Activity Book*. Activity 1 is a quick one (pupils should know all the words) that leads to activities 2 and 3, where pupils test each other on spelling and then listen to check their ideas.
- Let pupils work by themselves to write the animal names.

Answers

b shark
c frog
d donkey

2 Check your spelling with a partner.
3 mins

- Put pupils in pairs to check the spellings with a partner.
- Ask them to read the speech bubble text with a partner before they check their spelling of all the words.
- Remind them that, as in Lesson 5, they are using the names of the letters here, rather than the sounds the letters make. Monitor and support as necessary.

3 30 Listen and check your spellings.
4 mins

- Ask some volunteers to say the spelling of the words. Ask the class if they think the spelling is correct each time.
- Play Track 30.

Track 30

How do you spell 'hen'?
h – e – n
How do you spell 'shark'?
s – h – a – r – k
How do you spell 'frog'?

How do you spell 'parrot'?
p – a – r – r – o – t
How do you spell 'elephant'?

4 Read the description and write the name of the animal. 4 mins

- Get pupils to look at Activity 4 on page 31 of the *Activity Book*. Ask them to read text a quickly by themselves and decide what insect it is.
- Get pupils to check with *a* partner and see if they agree. Repeat for texts *b* and *c*. Do not give answers at this point – pupils will listen and check their ideas first. Encourage pupils to look at the pictures on page 36 of the *Pupil's Book* and look at colour, number of legs, etc. of the insects in the pictures.

5 31 Listen and check your answers.
4 mins

- Play Track 31.

Track 31
Listen and check your answers.
Voice 1: *These are very small, colourful insects. They can be red, orange or yellow. They often have black spots. They can fly. They have four wings and six legs.*
What insect is it? Yes, it's a ladybird.
Voice 2: *These insects are often yellow and brown. They can fly and their wings make a buzz, buzz sound. They are the only insects in the world that make food that people can eat. They get nectar from flowers and make it into honey.*
What insect is it? Yes, it's a bee.
Voice 3: *These have eight legs, not six legs. They make webs to catch flies and other insects. Some of these are dangerous, but most are helpful to people because they catch and eat flies that bring disease.*
What insect is it? Yes, it's a spider.

Answers
a ladybird
b bee
c spider

6 Look at the descriptions again. Underline all the words that helped you find the name of the insect. 5 mins

- Make sure pupils understand what they have to do. Read out the rubric (as a class or individually).
- Let students work by themselves to underline the words that helped them.
Note: As to which words pupils decide to underline for this activity, there is no right or wrong answer. The aim is to encourage pupils to see that, when reading a text, they should use all the help given by pictures and other words (i.e., the context) to help them. They should not feel they cannot complete a task because they do not understand every word.

Grade 5 TB_at level_BOOK.indb 57 27/06/2019 09:40

Rounding off

- Spend a few minutes at the end of the lesson to review with pupils what you have done together. Get them to tell you which parts of the lesson they enjoyed the most and the least.

Additional/Support

- For slower readers, allocate only one or two of the texts on page 31 of the Activity Book.
- For confident pupils, put them with a pupil who finds reading harder and let them read out the text(s) on page 31 for the other pupil to follow.

Unit 2 Lesson 7: Check my Understanding

Aims: To review and check understanding about insects from Lesson 6
To ask and answer *wh-* questions about insects
To do a project – to follow a model and make a poster about an animal
To learn to spell four high-frequency words (two, eight, does, goes)

Materials: *Pupil's Book* pages 38–39
Activity Book pages 32–33
Track 32 and 33
Blank sheets of paper for pairs or groups to make their posters.

Warmer 3 mins

- Start the class by asking pupils what day it is. Write the day on the board. See if pupils can tell you which month it is and write that on the board.

1 Read 'Insects in Our Life' in Lesson 6 again. Tick (✓) the correct sentences and write the wrong ones correctly. 5 mins

- Tell students to reread the text on page 37 once. Ask pupils to work individually and complete the first activity on page 38 of the *Pupil's Book*. Pupils should tick the correct sentences and write the wrong sentences again.
- Ask pupils to compare their answers in pairs. If necessary, pupils can look back at page 37 to confirm their answers. Do not check answers at this stage.

2 32 Listen and check your answers. 3 mins

- Play Track 32 to check answers.

Track 32
Listen and check your answers.
1 Flies have two wings.
2 Most butterflies eat nectar from flowers.
3 Most ants live in a colony.
4 Ants are very strong.

Answers
See transcript above.

3 Ask and answer. 5 mins

- Ask pupils to look at the last activity on page 38 of the *Pupil's Book*. This is a chance for pupils to ask and answer questions about the texts they read in Lesson 6.
- Ask pupils to read the speech bubble text first of all, then to do the activity. Pupils should look back at Lesson 6 texts (both *Pupil's* and *Activity Books*) and decide on three or four questions to ask their partner or their group.
Note: The idea of this activity is that pupils use the language they have freely – monitor and support, but do not correct, let pupils speak freely.

Grade 5 TB_at level_BOOK.indb 58 27/06/2019 09:40

4 Choose an animal and make a poster about it! 10 mins

- Explain that pupils are going to do a project about an animal that they choose and make a poster. You will need to decide how best to organize your pupils for the poster project, in pairs or groups. You might like each pupil to be responsible for just one or two drawings and captions – they can put these together to form the final poster.
- **Note:** Explain that the project is for pupils to express their own ideas and that there is no right or wrong. The example poster on page 39 of the *Pupil's Book* is given as an example and not as something for pupils to copy. Note also that it is not necessary for pupils to have the same number of pictures and captions – it is for them to decide.
- Ask pupils to open their *Pupil's Books* on page 39. Give pupils time to look at the pictures about doves and read the captions for each picture. Ask pupils which bits of information about doves they think are interesting.
- Put pupils into pairs or groups (as in the first bullet point above).
- Let pupils decide what animal they want to do and what they are going to draw and write for the captions. Give them lots of time to complete their posters.
- Put posters up around the classroom.

Activity Book

1 Write one or two interesting facts about the insects on Activity Book page 31. 4 mins

- Ask pupils to look at the activity on page 32 of the *Activity Book*. Remind pupils to look back at page 31 and reread the information about the insects.
- Let pupils work by themselves to write one or two facts about the insects. For example:
  I think ladybirds are interesting because they often have black spots.
  I think spiders are interesting because they catch and eat flies that bring disease.

2 Test yourselves. Do not look at Activity Book page 31! 4 mins

- Put pupils in pairs and let them ask and answer the questions, without looking at page 31 of the *Activity Book*.
- Tell them to write down their answers. Do not check the answers at this stage.

3 33 Listen and check your answers. How many points did you get? 4 mins

- Explain that they will now listen and check their answers. Tell pupils to tick each answer they got right.
- Play Track 33. Elicit answers. If necessary, play Track 33 again to confirm.

Track 33
Listen and check your answers. How many points did you get?

1 What colour can ladybirds be? Red, orange or yellow, often with black spots.
2 How many legs do ladybirds have? They have six legs.
3 Can ladybirds fly? Yes, they can.
4 Where do bees get nectar from? From flowers.
5 What food do bees make from nectar? They make honey.
6 What sound do bees make? A buzz, buzz sound.
7 How many legs do spiders have? They have eight legs.
8 Are all spiders dangerous? No, some spiders are dangerous, but most are helpful.

4 Find the mistakes, circle them and write the sentences correctly. There are two mistakes in each sentence. 4 mins

- Ask students to look at the sentences and circle the mistakes.
- Then let students work in pairs to rewrite the sentences correctly. Check answers as a class.

5 Look, say, cover, write, check. 3 mins

- In Primary 5, pupils continue to look at the spelling of common, high-frequency words using the 'Look, say, cover, write, check' strategy. The four words for the unit are *two, eight, does, goes*.
- Ask pupils to look at the activity at the bottom of page 33 of the *Activity Book*. Remind pupils to use the 'Look, say, cover, write, check' strategy and write the words in the 'Write 1' column.

Rounding off

- Spend a few minutes at the end of the lesson to review with pupils what you have done together. Get them to tell you which parts of the lesson they enjoyed the most and the least.

Additional/Support

- For less confident pupils, let them work together with another pupil when doing the poster and divide up the roles. They can choose the animal together and decide on which facts to put on the poster. Then one can be responsible for making the sketches or finding pictures and the other can write the captions.

Unit 2 Lesson 8: Let's sing!

Aims: To listen to and sing a song
To review language from Unit 2 in a game
To review language from Unit 2 in writing activities
To choose six new words to learn
To learn to spell four high-frequency words (two, eight, does, goes)

Materials: *Pupil's Book* pages 40–41
Activity Book pages 34–35
Track 34

Warmer 4 mins

- Start the class by asking pupils what day it is. Write the day on the board. See if pupils can tell you which month it is and write that on the board.
- Call out the names of animals and get pupils to say a characteristic. For example, cat, horse, dog, rabbit, crocodile, elephant, tiger, parrot, snake, crow, camel, donkey.

1 Track 34 Listen, point and sing. Write the adjectives. 10 mins

- Tell pupils they are going to sing a song. Ask pupils to look at page 40 of the *Pupil's Book* and read the name of the song (*What are they like?*).
- Ask pupils to look at how many pictures there are and which animals they can see in the pictures (snakes, lions, dolphins, a monkey, a mouse, a cat, snakes). Ask them what they can see in the last picture (the moon, stars, night sky).
- Ask pupils to look at the words in the box at the top of the page. Let pupils think, but not write, about which words go in which gap.
- Play Track 34. Ask pupils to listen and follow. Encourage them to say the words quietly to themselves as they listen or to clap along to the song.

Grade 5 TB_at level_BOOK.indb 60 27/06/2019 09:40

Track 34
Listen, point and sing. Write the adjectives.
What are they like?
Five big snakes went crawling up a tree. They looked all around. What did they see?
They saw dangerous lions sleeping in the sun!
They saw friendly dolphins having fun!
Then they saw a monkey – intelligent, but lazy.
Eating bananas: one, two, three!
They saw a greedy mouse eating lots of cheese!
They saw a gentle cat sitting on my knees!
Then the snakes were sleepy. They curled up tight.
We'll leave them now and say, 'Good night!'

- Play Track 34 again. Encourage pupils to sing the song as a whole class. You can make this more fun by getting pupils to do movements to accompany the words. For example:
  - for the line *They saw dangerous lions sleeping in the sun!* get pupils to mime feeling sleepy,
  - pupils can wave their hands for the last line as they say 'Good night!'

2 Choose a number and do the task.

10 mins

- Explain that pupils are going to play a game in pairs and answer questions. If they get the question correct, they score points. Pupils should write the scores in their notebooks.
- Ask pupils to look at page 41 of the *Pupil's Book*. Get pupils to look at the 'points maze' at the top of the page. Ask them to follow the maze for number 1 and tell you how many points they will score if they get question 1 correct (2 points).
- Put pupils in pairs and let them play the game. Monitor and support as necessary. You may be asked to confirm what's correct and what's not!

Answers

1 It's 3.30. 2 points.
2 Does she go shopping on Sunday? Yes. 1 point.
3 Does Mr Dan clean the cage on Tuesday? 3 points.

6 mins

- Ask pupils to work individually and colour the positive adjectives green and the negative adjectives red. Pupils compare their answers with a partner.
  Note: If pupils do not have coloured pencils, they can use a pencil to shade the positive adjectives and leave the negative adjectives blank.
- Check that everyone has the same answer.

2 Read and correct the mistakes.

6 mins

- Explain that pupils are going to begin to learn some correction marks. Explain that this will show them what mistakes they have made.
- On the board, write V = verb, SP = wrong spelling, C = capital letter, WO = word order, WW = wrong word. Demonstrate five sentences as below and get pupils to say which symbol is needed.
  I is from Libya. (V)

SP dinosaurs
C White Shark, Tiger Shark
WO … they don't move in cold weather!
WW Cartilage lets them swim more easily than bones

3 What are the new words you know? Write six new words here and remember them. 4 mins

- Make sure pupils understand what they have to do. Read out the rubrics (as a class or individually).
- Remind pupils that they can choose any new words that they have learnt in Unit 2.
- Let students write their words individually, then when they have finished, have them get into pairs and take turns telling their partner the new words.
- Test preparation: Explain that pupils will have a spelling test in the next lesson. They will be tested on the four words they have been practising (two, eight, does, goes). Explain that for homework they should follow the 'Look, say, cover, write, check' procedure and complete the 'Write 3' column on page 33 of the Activity Book.

4 Read the puzzles. Can you guess? 5 mins

- Ask pupils to work by themselves. Tell them to decide on the answers and then check back through their books to make sure they are correct.
- Check the answers as a whole class.

Answers
a Shark
b Ants
c Spiders
d Bees

Rounding off

- Spend a few minutes at the end of the lesson to review with pupils what you have done together. Get them to tell you which parts of the lesson and Unit 2 they enjoyed the most and the least.

Additional/Support
- Do activity 4 on page 35 of the *Activity Book* as a class activity and try the following approach.
- For less confident pupils, use *Activity Book* page 35, put pupils in pairs and get them to decide on the answers.
- Ask for volunteers to read out the statements and the questions (1–4). Pairs give the answers. Ask for a whole-class show of hands to see if everyone agrees.

Now I can …

- Before moving on to the next unit, take time to look at the Now I can … statements with the class. You can either do this at the end of this lesson or at the start of the next one. Read through each statement individually, clarifying meaning where necessary. Then ask pupils to put up their hands if they agree they can now do what the statement says. If they can, they should tick the box. However, there may be some pupils who don't feel confident about one or more of the statements. Make it clear that these pupils should not be afraid to say if they are having difficulty.
- Pupils must feel free to express this and need to know that teachers will give help wherever it is needed. If a lot of pupils are having difficulty with one of the statements, you may want to go over it again with the whole class; if only one or two pupils express difficulty, you might prefer to give those pupils some extra help individually.

Unit 3 Lesson 1: Sports I Like

Aims: To learn vocabulary for sports
To talk about likes and dislikes (sports)
To say a rhyme
To do a sports puzzle

Materials: *Pupil's Book* pages 44–45
Activity Book pages 36–37
Tracks 35–37 and 38 (AB)

Note: Collocations for sports

- In British English, you *do sport(s)*. In American English you *play sport(s)*. When you ask a general question such as *Which sports do you do?*, another verb is often used when answering: *Which sports do you do? I play tennis*.
- There are three verbs that collocate with sports and other leisure activities – *go*, *do* and *play* – but they are not interchangeable:
- *Go* is used with activities and sports that end in *-ing*. Here, the verb *go* indicates that we go somewhere to do this sport: *go swimming*, *go riding*.
- *Do* is used with leisure activities and with individual, non-team sports or sports in which a ball is not used, like karate and judo. For example: *do a puzzle*, *do gymnastics*, *do karate*.
- *Play* is generally used with team sports and sports that need a ball or something similar (such as a shuttlecock in badminton). *Play* is also used for those activities in which two people or teams compete against each other: *play football*, *play snakes and ladders*, *play chess*. *Play* is also for other games, such as computer games.
- There are some exceptions to the rules above. *Do* is used with three activities that end in *-ing* – *do boxing*, *do body-building* and *do weight-lifting* – because these do not imply moving from A to B, as with the other activities ending in *-ing*. In golf, if there is an idea of competition, the verb *play* is used; however, you can also say *go golfing* if you do it for pleasure.

Warmer 3 mins

- Ask pupils to open the *Pupil's Book* on page 44. Read Taher and Hibar's speech bubble, and say that in this lesson you are going to look at sports.
- Ask some general questions about sports, for example:
  What's your favourite sport?
  What sports do you do?
  Where do you go to do your sport?
  Do you like football/running/basketball?

1 Look, listen and say. 5 mins

- Ask pupils how many pictures of sports they can see (ten).
- Play Track 35 a first time to familiarise pupils with all ten sports. Ask pupils to point to the sport as they listen.
- Play Track 35 again for pupils to listen and repeat.
- Practise saying all the sports together as a class.
- Then point to each sport and ask for volunteers to say each one.

Activity Book

1 Look and complete the sports puzzle. 4 mins

- Ask pupils to open the *Activity Book* on page 36. This activity gets pupils to recognise sports equipment that links directly to each sport. Make sure pupils understand they have to write in the sport that relates to each item. Set the activity as a class or group challenge, with pupils completing the answers as quickly as possible. Check the answers in Activity 2.

Answers
karate
tennis
cycling
gymnastics
boxing
rowing

2 What's the mystery sport? 3 mins

- Once pupils have completed all the horizontal clues, they will be able to find the mystery sport (running). The first group to complete all the clues, put up their hands, say *Finished* (you will probably have to give them this word) and give the mystery sport are the winners.
- Check the answers to activity 1, and get pupils to write the mystery sport.

Answer
running

3 Rewrite the sports with the correct spelling. 3 mins

- Check pupils understand the activity: they have been given all the letters for each sport, but they need to put them in the right order. Pupils can work in pairs or groups to complete this activity.
- **Note:** If it's too difficult, you can give them the first letter of each sport as a clue. They can also refer back to the names of the sports on *Pupil's Book* page 44.

Answers

4 Listen and say the rhyme. Write the missing sports. 4 mins

- This is a rhyme that pupils can say once they have written the missing words. First, put pupils in pairs and tell them to look at the sports symbols and complete the missing sports.
- Play 🎧 Track 38 and let pupils listen and check if they have written the correct sports.
- Play 🎧 Track 38 again. Ask pupils to listen and follow. Encourage them to say the rhyme as they listen or to clap along to the rhythm.

🎧 ***Track 38***
Listen and say the rhyme. Write the missing sports.
I like tennis and I like cycling!
Karate is fun – but I don't like boxing. Ouch!
Rowing is great and swimming is fun,
But gymnastics is my favourite one.
I don't like running. I don't play sport.
I like football on the television.
Rowing, running and cycling are fun,
Choose a sport and come along!

5 Write sentences about the sports you like and don't like. 4 mins

- Read out the rubric and the speech bubble (as a class or individually). Then ask pupils to read the 'Look' box. Check that pupils understand the rule: if they are mentioning two or more sports, they should use *and* with *like* but *or* with *don't like*.
- Ask pupils to write two sentences each. They can use the sentences in the 'Look' box and the speech bubble as models.

Suggested answers
I like gymnastics and boxing.
I don't like football or tennis.

Grade 5 TB_at level_BOOK.indb 68 27/06/2019 09:40

Rounding off

- Spend a few minutes at the end of the lesson to review with pupils what you have done together. Get them to tell you which parts of the lesson they enjoyed the most and the least.

Additional/Support

- Use this quick, fun activity to end the lesson: call a pupil to the front of the class, or get them to stand up in their place. Whisper a sport to the pupil, without the rest of the class hearing, and ask them to mime the sport to the class. The first pupil to guess the sport correctly gets to mime the next sport. Pupils can also mime in pairs or groups.

Unit 3 Lesson 2: *Play* or *go* or *do*?

Aims: To practise using *play*, *go* and *do* with sports and leisure activities
To practise asking and answering present simple questions
To talk about the results of a survey

Materials: *Pupil's Book* pages 46–47
Activity Book pages 38–39
Tracks 39–41 and 42 (AB)

Note: Singular or plural verbs with collective nouns?

- Which phrase is correct – *the class was* or *the class were*? Is the word *class* a singular noun or a plural noun? It seems to be both. A class is a single thing, but it is made up of more than one person. This double status often causes confusion as to whether singular or plural agreement (of verbs, etc.) is used.
- As long as you are consistent, you can use either singular or plural agreement depending on how you see the noun: use the singular if you see the class as a group or entity; use the plural if you see the class as a collection of individual pupils. In British English, the plural is used more often than in American English.
- Examples:
The family is on holiday. (You see the family as a single group.)
The family are packing their suitcases today. (You see the family as individual members all packing their individual suitcases.)
The class is going on a school trip. (You see the class as a single group.)
Class B are having a test tomorrow. (You see the class as individual pupils, with each pupil taking their own test.)
Team A won the competition. (You see the team as a single group.)
Team B were very successful last year. They had lots of good players. (You see the team as a group of individual players.)
- Other common collective nouns pupils may meet include *company*, *staff*, *group* and *audience*.

Warmer 3 mins

- Start the class by asking pupils what day it is. Write the day on the board. See if pupils can tell you which month it is, and write that on the board.
- Do a word association game: get pupils to stand in a big circle around the desks. Say a sport from Lesson 3 (e.g., *cycling*). Ask the pupil standing on your right to say a word associated with this sport (e.g., *bicycle*). The next pupil says another associated word (e.g., *park*). Continue until pupils cannot continue the chain. Then start again from the last pupil with a new sport.

1 Listen and underline the verb you hear. 3 mins

- Ask pupils to open their *Pupil's Book* on page 39. Give them time to read the rubric for activity 1, look at the pictures and read the text in the speech bubbles.
- Play Track 39. Ask pupils to listen and underline the verbs in the speech bubbles. Check that everyone has underlined the same words.

2 Write the verbs. Use *play*, *go* or *do*.

3 mins

- Ask pupils to read the 'Let's check' box quietly to themselves.
- Ask pupils to cover the 'Let's check' box. Say the sports and activities given in the box as examples (*football*, *puzzles*, *swimming*, *snakes and ladders*, *karate*); as you say each word, ask pupils to respond with either *play*, *go* or *do*.
- Ask pupils to keep the 'Let's check' box covered and complete the sentences using *play*, *go* or *do*.
- Don't elicit or check answers yet; see activity 3.

3 Listen and check your answers.

3 mins

- First, get pupils to check their answers individually by looking at the 'Let's check' box; then have a class check by playing Track 40.

Track 40
Listen and check your answers.
1 *Do you play football?*
No, I play basketball at school.
2 *Do you go rowing?*
Yes, I go rowing on Saturday.
3 *Do you do karate at school?*
Yes, I do karate on Wednesday.

Answers
1 play, play

3 do, do

4 Listen and complete.

4 mins

- This is a listening comprehension activity. Explain that pupils have to listen to find out the answers to the *What*, *When* and *Where* questions and make notes next to the coloured circles.
- Before they listen, get pupils to look at the three pictures, but do not discuss what they can see.
- Play Track 41. On this first play, ask pupils just to listen and not to write anything. Afterwards, let pupils write down any of the information they can remember.
- Play Track 41 again. Put pupils in pairs and let them complete the notes.
- Ask questions to elicit the answers. For example:
What sport do the two girls do? (They play tennis.)
When do the boys play basketball? (On Tuesday and Thursday.)
Where do the three children go swimming? (At the sports club.)

Track 41
Listen and complete.
Boy: *I play basketball with my brother every Tuesday and Thursday. We play at the sports club. We love playing basketball.*
Girl: *In the summer, I play tennis with my friend Sally on Saturday and Sunday. We play at the tennis club. My mum and dad play tennis too.*
Girl: *I go swimming with my sister and my little brother. My little brother is learning to swim. There is a swimming pool at the sports club. We go swimming after school on Monday, and we go again on Saturday.*

Answers
basketball, Tuesday and Thursday, at the sports club
tennis, Saturday and Sunday, at the tennis club
swimming, Monday and Saturday, at the sports club

Grade 5 TB_at level_BOOK.indb 70 27/06/2019 09:40

5 Look at Class A's survey. 5 mins

- Allow a few moments for pupils to read the text in the purple box and to look at the table.
- Ask a few questions to encourage pupils to engage with the table. For example:
  How many children are doing the survey? (Seven.)
  How many sports and activities are in the survey? (Seven.)
  Why do you think some sports and activities are in green, some in red and others in blue? (The colours correspond to *go* [green], *do* [red] and *play* [blue], as in the 'Let's check' box on page 47.)

6 Ask and answer. 3 mins

- Ask pupils to look at the speech bubbles at the bottom of the page. Ask three example questions to the whole class, and check answers. Ask *Do you all agree?* For example:
  How many pupils go swimming? (Two.)
  Does Hajer do gymnastics? (No, she doesn't.)
  Do Kamal and Hajer play football? (Kamal plays football, but Hajer doesn't.)
- Put pupils in pairs, and get them to practise asking and answering questions about the survey.

Activity Book 4 mins

1 The verbs are wrong. Rewrite the sentences with the correct verbs.

- Read the rubric together as a class. Then ask pupils to look at item 1, and check that they understand what they have to do: they need to rewrite each sentence by just changing the verb.
- Ask them to complete the activity individually, then do a class check. You can invite volunteers to write the sentences on the board, if you wish.

Answers

1 I do gymnastics.
2 I do puzzles.
3 I play basketball.
4 I play football.
5 I do karate at the club.
6 I go rowing on Saturday.

2 Write the activities in the correct list. 3 mins

- Pupils can do this activity in pairs or small groups. Don't elicit the answers yet; see activity 3.

3 Listen and check. Then listen and say. 3 mins

- Play Track 42 for pupils to individually check their answers to Activity 2.
- Draw the table on the board and check the answers as a class. You can invite pupils to come to the front and write the words in the correct columns.
- Play Track 42 again. Pause after each sport and say the whole phrase for pupils to repeat: *do boxing*, *do gymnastics*, *do puzzles*, etc.

Track 42
Listen and check. Then listen and say.
do: boxing, gymnastics, puzzles, karate
go: cycling, rowing, swimming
play: basketball, football, snakes and ladders, tennis

Answers

do: boxing, gymnastics, puzzles, karate
go: cycling, rowing, swimming
play: basketball, football, snakes and ladders, tennis

4 Complete the conversations. 3 mins

- Ask pupils to read the rubric and the speech bubble. Check that they understand what they need to do.
- If necessary, you can go through item 1 as a class, then ask pupils to tackle item 2 independently or in pairs.
- Check the answers by asking if any pupils would like to role play the conversations.

Answers

1 Does Rafel play tennis on Wednesday? No, she doesn't.
2 What's your favourite sport? I like basketball.

5 Look at Class B's survey. 2 mins

- Ask pupils to look at the survey. Then ask a few questions to encourage them to engage with the table. For example:

Grade 5 TB_at level_BOOK.indb 71 27/06/2019 09:40

How many children are doing the survey? (Six.)
How many sports and activities are in the survey? (Five.)
Does Tasneem play computer games? (Yes, she does.)
Who plays computer games, football and tennis? (Amal.)

6 Complete the questions. 3 mins

- Introduce the activity. Explain that, instead of finding the answers, this time pupils have to write the questions. The answers will help them to work out what the questions should be.
- Ask pupils to do this activity in pairs. They have already used all the language they need in this lesson, but even so, this activity may be difficult because of the 'reverse reasoning' required. If pupils find it challenging, you can do the questions together as a class, or you can provide 'clues' by pointing them towards an activity which contains the word(s) they need.

Answers

1 How many pupils play computer games?
2 Who plays tennis?
3 What's Class B's favourite activity?
4 What does Wisam do?

7 Ask your partner questions about Class B. 3 mins

- Ask pupils to work in pairs to ask and answer questions about the survey. They can use the questions from activity 6 and the speech bubbles on page 51 of the *Pupil's Book* as models.
- Ask a few pairs to model their questions and answers for the class.

Suggested answers

What does Lana do? She does karate and plays computer games.
Who goes cycling? Ahmed and Rida.
How many pupils do karate? Four: Ahmed, Nasim, Lana and Rida.
Does Amal go cycling? No, he doesn't.

Rounding off

- Spend a few minutes at the end of the lesson to review with pupils what you have done together. Get them to tell you which parts of the lesson they enjoyed the most and the least.

Additional/Support

- Get pupils to draw a game card with nine squares. Ask them to write seven of the sports from page 48 of the *Pupil's Book*, one in each square. Pupils should colour the remaining two squares grey.
- Pupils work in pairs. Pupil A reads out one of their sports. If Pupil B has the same sport, they cross it out. Then Pupil B reads out one of their sports. If Pupil A has the same sport, they cross it out.
- The winner is the pupil to have all their sports crossed out.

Unit 3 Lesson 3: How often do you …?

Aims: To learn and practise adverbs of frequency (*always*, *often*, *sometimes*, *never*)
To practise talking about everyday activities with adverbs of frequency
To look at prepositions *in*, *on*, *at*, *with*
Materials: *Pupil's Book* pages 48–49
Activity Book pages 40–41
Tracks 43–45 and 46–48 (AB)

Warmer 2 mins

- Start the class by asking pupils what day it is. Write the day on the board. See if pupils can tell you which month it is, and write that on the board.
- Ask pupils to look at page 48 of the *Pupil's Book*, and read the title of the lesson together. Ask them to guess what this lesson is about and make sure all pupils participate.

1 Listen and read. 4 mins

- Get pupils to look at the two speech bubbles at the top of the page. Ask pupils to read as they listen. Play Track 43.

2 Listen, point and say. 3 mins

- Ask pupils to look at the *How often do you …?* arrow in the middle of the page. Play Track 44 and get them to listen, point and say the words.
- Play Track 44 again, and this time get pupils to point to the adverbs on the arrow as they listen to Asma and Kareem talking about the sports they do/don't do.

Track 44
Listen, point and say.

Voice 1: *How often do you …?*

Voice 2: *always, often, sometimes, never*

3 Listen to a pupil talking about herself. Now write about yourself. 5 mins

- Explain that pupils are going to listen to Asma talking about how often she does things every day.
- Ask for volunteers to read the full question in each row. For example: *How often do you get up at 7 o'clock?*
- Tell pupils they are going to listen to Asma talking about these activities. On the first play, they should only listen and familiarise themselves with what Asma says. Play Track 45.
- Play Track 45 again and let pupils complete the table. They should write *always*, *often*, *sometimes* or *never* in each space.
- Now ask pupils to write about themselves. They should fill in the *You* column in the same way, by writing one word in each space.

5 Look at the table on page 48. Talk about yourself. 3 mins

- Ask pupils to read the rubric and the speech bubbles. Explain that pupils should use the answers (*always*, *often*, *sometimes*, *never*) that they wrote in the table on page 48 in the *You* column to make sentences. In pairs, pupils take turns to tell each other how often they do these things.

Activity Book

1 Complete the diagram. 2 mins

- Ask pupils to complete the diagram individually, without looking back at the *Pupil's Book*. If they are struggling to remember the words, you can write them on the board in a random order; pupils then have to write the words in the correct positions.

Answers

2 Write the days of the week in order. 3 mins

- Give pupils two minutes to write the days of the week in the left-hand column, starting with Sunday as shown. Don't check the answers yet; see activity 3.

4 Write activities for each day in the table. 3 mins

- Ask pupils to write one or two activities next to each day in the table. These should be short notes using *always*, *often*, *sometimes* and *never*, rather than full sentences.
- Circulate to check pupils have understood what they need to do. There's no need to do a class check of answers, as these are effectively just notes for pupils to use in activity 5.

Suggested answers

Sunday	sometimes go shopping
Tuesday	always do homework
Saturday	often play football

5 Ask your partner questions. 3 mins

- Look at the speech bubbles in the 'Let's say it' box. Get pupils to ask and answer in pairs using the notes they wrote in the table and the question form *What do you do on …?*
- If you like, you can ask a few volunteers to model a question and an answer for the class.

6 Complete the phrases. 3 mins

- Explain to pupils that they have to work out which of the four words – *in*, *on*, *at*, *with* – goes with each phrase. Explain that they can find all the clues they need on *Pupil's Book* pages 48 and 49 – so they need to look there to find the answers, and write them in. Pupils can work individually or in pairs to find the answers.
- Check the answers as a class. Ask pupils to identify the relevant phrases in the *Pupil's Book*.

7 Listen, find the mistakes and write the correct words. 4 mins

- Explain that this is a text about a boy and how often he does different activities. Explain that all the words in the lighter colour are wrong. Ask pupils to read through and think about what the correct words might be. Obviously, the boy's correct name will be a complete guess, but pupils should be able to make reasonable guesses as to the other information.
- Tell pupils they are going to listen to the boy. Play Track 47. First, pupils should only listen and familiarise themselves with what he says.
- Play Track 47 again, and give pupils time to write the correct words.

Track 47
Listen, find the mistakes and write the correct words.
Hello, my name is Ali. I want to tell you about what I do. I often get up at seven o'clock, but sometimes at the weekend I get up later, at eight o'clock. I always clean my teeth after breakfast, because it's healthy. I often play with my friends on Saturday. I never watch TV before I go to school. I often go shopping with my family at the weekend. I eat breakfast in bed! I never eat ice-cream in bed! Do you?

8 Listen and check. 3 mins

- Play Track 48 once more for pupils to check their answers, if necessary.
- To check the answers as a class, you can read out the text, stopping at each wrong word for the class to provide the correction.

I eat breakfast in bed! I never eat ice-cream in bed! Do you?

9 What do you do at the weekend? Write two sentences. 4 mins

- Ask pupils to work individually to complete the two sentences. Remind them that they can look back at the *Pupil's Book* if they need help with words and spellings. They may want to write about something they have not yet learnt the words for – if so, see if you can help them to say what they want to.

Suggested answers
On Saturday, I always play computer games with my friends.
At the weekend, I sometimes go to the beach with my family.

Rounding off

- Spend a few minutes at the end of the lesson to review with pupils what you have done together. Get them to tell you which parts of the lesson they enjoyed the most and the least.

Additional/Support

- Play the *I always, I never* game. Put pupils into teams. Say a verb/verb phrase for an everyday activity (e.g., *go shopping*, *get up*, *have soup for breakfast*). Pupils have to respond with a full sentence that includes an adverb of frequency, e.g., *I always go shopping on Saturday. I never get up at 6 o'clock. My brother never has soup for breakfast.* The first team to respond with a correct sentence gets a point.

Unit 3 Lesson 4: At the Weekend

Aims: To learn verb phrases for everyday activities
To learn expressions of time (*once a week*, *twice a month*, *three times a year*)
To do a time puzzle
To write long forms from contractions

Materials: *Pupil's Book* pages 50–51
Activity Book pages 42–43
Tracks 49–50

Warmer 4 mins

- Start the class by asking pupils what day it is. Write the day on the board. See if pupils can tell you which month it is, and write that on the board.
- Do a word game: get pupils to stand in a big circle around the desks. Say a sport or a daily activity from Unit 2 or Unit 3 (e.g., *play tennis*, *brush my teeth*, *eat sweets*, *go running*). Ask the pupil standing on your right to say an adverb of frequency (e.g., *always*, *often*, *sometimes*, *never*). The next pupil makes a sentence combining both (e.g., *I always play tennis on Sunday*). The next pupil says a new sport or daily activity, and so on.
- **Note:** If you have a large class, this game is best played in groups of about 10–12 pupils.

1 Read, match and write the numbers. 5 mins

- Ask pupils to open the *Pupil's Book* on page 50 and look at activity 1. Ask them to read the words in the two columns and match them. Don't elicit the answers yet; pupils will listen to check their answers in Activity 2.

2 Listen and check. 4 mins

- Play Track 49. Pupils listen and check their answers to activity 1.

Track 49
Listen and check.
1 *see a film*
2 *go to a museum*
3 *play in the park*
4 *help at home*
5 *play with friends*
6 *have a picnic*

Answers
1 see a film
2 go to a museum
3 play in the park
4 help at home
5 play with friends
6 have a picnic

3 Write the words under the pictures. 4 mins

- Ask pupils to look at the pictures. Ask them to work quietly by themselves and write the words from activity 1 under each picture. In each case, they should write the complete phrase, e.g., *see a film*.
- Ask for volunteers to say what they have written under each picture.

Answers
1 have a picnic, 2 go to a museum, 3 play in the park, 4 ee a film, 5 help at home, 6 play with friends

4 Ask and answer. 3 mins

- Ask pupils to tell you the four *How often?* words they learnt in Lesson 5 (*always*, *often*, *sometimes*, *never*). Explain that we can also use other expression of time to talk about how often we do something. Explain that we can make expressions of time by using the words *day*, *week*, *month* or *year* with a number of times.
- Ask pupils to read the 'Let's check' box. While

Grade 5 TB_at level_BOOK.indb 76 27/06/2019 09:40

pupils are looking at this, copy it onto the board.
- Elicit what pupils think *once* and *twice* mean. Ask what numbers they sound like (*one* and *two*). Explain that these words mean *one time* and *two times*.
- Look at Jena and Kareem's speech bubbles. Get pupils to ask and answer questions like this in pairs. You can model a question and answer with a few volunteers to show pupils what to do. The pupil asking the question should use *How often do you …?* followed by one of the phrases from activity 1. The pupil answering uses a phrase from the 'Let's check' box.

Suggested answers
How often do you see a film? Twice a month.
How often do you help at home? I help once a week.

5 Listen, match and write the numbers. 6 mins

- Give pupils a minute to read activities 1–6 and the expressions of time in the purple circles.
- Explain that they are going to listen to how often Asma and Kareem do activities 1–6.
- Tell pupils that for the first play they should only listen and familiarise themselves with what Asma and Kareem say. Play Track 50.
- Play Track 50 again. Give pupils time to match the numbers to the time expressions.
- To check, play Track 50 a third time, pausing to elicit the answers.

Track 50
Listen, match and write the numbers.

Interviewer: *Hello, Jena and Kareem. Can I ask you some questions?*
Kareem: *Yes, of course.*
1
Interviewer: *How often do you do homework?*
Asma: *We have to do homework four times a month.*
2
Interviewer: *How often do you play with friends?*
Asma: *About three times a week.*
3
Interviewer: *That's nice. How often do you brush your teeth?*
Kareem: *That's easy. We must brush our teeth twice a day.*
4
Interviewer: *How often do you have exams?*
Kareem: *We have exams once a year.*

Grade 5 TB_at level_BOOK.indb 77 27/06/2019 09:40

2 Write the long forms. 4 mins

- Ask pupils to look at the words. Ask *What is the same in each word?* or *What do they all have?* (an apostrophe). Elicit or explain what the apostrophe shows (It shows that two words have been joined together, and that a letter or letters have been deleted. For example, *don't* is short for *do not*).
- See if pupils know any of the long forms. You can either elicit them all from the class and write them on the board for pupils to copy, or ask pupils to complete the activity in pairs and then check the answers as a class.

Answers

a do not
b does not
c what is
d where is
e we are
f he is

3 Write the numbers. 3 mins

- Ask pupils to complete this activity individually. If necessary, you can write numbers 1–5 on the board for them to match to the phrases.
- Check the answers as a class. You could get pupils to come up to the front and write the numbers on the board next to the phrases.

Answers

a once a year
b twice a day
c three times a month
d four times a year
e five times a week

4 Complete the time puzzle. 4 mins

- Ask pupils to look at the 'Let's remember' box.
- Put pupils in pairs and ask them to complete the puzzle. Challenge them to complete it as quickly as possible.
- Elicit answers. The quickest pair who have all the right answers are the winners.

Answers

a There are 24 hours in a day.
b There are 7 days in a week.
c There are between 4 and 5 weeks in a month.
d There are 12 months in a year.
e There are 365 days in a year.

5 Write answers about you. 4 mins

- Ask pupils to read the questions. They should work individually and write their own answers. Pupils can write full sentences or just phrases – either is fine.

Suggested answers

a I help at home three times a week.
b I watch TV with my little brother.
c I play football with my friends.
d Cycling is my favourite.

Rounding off

- Spend a few minutes at the end of the lesson to review with pupils what you have done together. Get them to tell you which parts of the lesson they enjoyed the most and the least.

Additional/Support

- Write the following on the board:
  buy new clothes
  eat in a restaurant
  go on holiday
  see my grandparents
  have a party
  play computer games
  drink lemonade
- Divide pupils into small groups and get them to think of a sentence using a time expression for each phrase. Encourage pupils to use *always*, *often*, *sometimes* and *never* as well as expressions with *once*, *twice*, *three times* …
- Set a time limit. They should write as many sentences as they can in the time. Then elicit each group's answers. The group with the most sentences is the winner.

Unit 3 Lesson 5: A Class Survey

Aims: To practise verb phrases for pastimes and everyday activities
To ask and answer questions about *how often*
To read and understand information in a bar chart
To answer true and false questions about a chart

Materials: *Pupil's Book* pages 52–53
Activity Book pages 44–45
Track 51 (AB)

Warmer 3 mins

- Start the class by asking pupils what day it is. Write the day on the board. See if pupils can tell you which month it is and write that on the board. Now see if pupils can tell you what date it is, and write that on the board.
- Get pupils to work in pairs and ask each other questions about their pastimes and everyday activities.

1 Work with your partner to make a match. 5 mins

- Before starting the pair-matching activity on page 52 of the *Pupil's Book*, demonstrate by asking six confident pupils to come to the front of the class. Stand three pupils on the left (these are A) and three pupils on the right (these are B).
- Give the three A pupils a piece of paper each on which you have written *play, go* and *do* (e.g., one piece of paper each). Hand the other three B pupils a piece of paper each on which you have written *football, swimming* and *karate*.
- Ask an A pupil to read their piece of paper, e.g., *go*. Ask a B pupil to respond, e.g., *swimming*. If the B pupil makes an incorrect match, e.g., *karate*, then ask for another B pupil to say the correct match.
- Ask pupils to open the *Pupil's Book* on page 52. Get them to read the speech bubbles at the top of the page quietly to themselves.
- Put pupils in pairs or small groups and let them play the matching game.
- Monitor and support as necessary.

Answers
play: computer games, tennis

2 Work with your partner. Ask and answer questions with *How often ...?* 5 mins

- Ask pupils to read the speech bubbles at the bottom of the page. Put pupils in groups of three and let them practise similar conversations. If they are stuck for ideas, prompt them. For example: *have a shower, play computer games, do karate, go on holiday, play with friends, do homework, go to a museum, ride a bike,* etc.
- Ask some pairs to share some of their questions and answers with the class.

3 Class A are doing another survey. Read about what they are doing. 2 mins

- Ask pupils to look at page 53 of the *Pupil's Book*. Read out the rubric for the first activity and the text in the purple box.

4 Look at the chart and read the sentences. Write *T* for *true* and *F* for *false*. 5 mins

- Give pupils time to look at the chart. Teach the word *column* by showing them the columns on the chart.
- Ask some questions to help pupils 'read' the chart. For example:
How many colours are there? (pink, blue, green, yellow)

Grade 5 TB_at level_BOOK.indb 79 27/06/2019 09:40

How many columns are there? (15)
How often does the pink column show? (twice a day)
How often does the yellow column show? (never)
How many activities does the survey look at? (5)

- Put pupils in pairs and let them answer the true/false questions at the bottom of the page.
- Read out sentences 1–7 and ask for volunteers to give the answers.

b help: at home, your family
c have: a picnic, an ice-cream
d go: shopping, swimming

3 Listen, read and point 4 mins

- Ask pupils to look at Activity 3 on page 45 of the *Activity Book*. Let pupils read the conversation between Anna and Ben.
- Tell pupils they are going to listen to Anna and Ben talking and that they should decide which answer Ben gives to each of Anna's questions.
- Play Track 51. Ask pupils only to point to what they hear Anna and Ben say.

Track 51
Listen, read and point.

Anna: *How often do you help at home?*
Ben: *Once a week.*
Anna: *Where do you go on Saturday?*
Ben: *I go to the park.*
Anna: *Do you play tennis there?*
Ben: *No, but I often play football with my friends.*

4 Listen again. Colour the conversation boxes. 3 mins

- Play Track 51 again. After pupils have listened, get them to colour the correct boxes to reflect what is said in the conversation.
- Check answers by reading out the audioscript from Track 51 (above).

5 Practise the conversation with a partner. 5 mins

- Put pupils in pairs and let them practise the conversation.
- Monitor and support if necessary.

6 Look at the diagram. Are the sentences true (T) or false (F)? 4 mins

- Allow pupils to spend a minute to look at the chart in activity 6. They can do this in pairs if you prefer.
- Read the rubric and the three statements and ask pupils to decide if each statement is true or false. Give help if needed, as some pupils might not be very good at adding up numbers.

Answers

a F (There are 36 pupils in Class C.)

Rounding off

- Spend a few minutes at the end of the lesson to review with pupils what you have done together. Get them to tell you which parts of the lesson they enjoyed the most and the least.

Additional/Support

- For slower readers or those who you think will have trouble extracting information from the chart on page 53 of the *Pupil's Book*, allocate only questions 1, 4 and 6.
- Alternatively, let these pupils work with a partner and work out the answers together.

Unit 3 Lesson 6: Sports are great!

Aims: To discuss reasons for doing sports
To listen and read about why people do sports
To read a TV information guide
To answer questions about TV programmes
To talk about what you are going to watch on TV

Materials: *Pupil's Book* pages 54–55
Activity Book pages 46–47
Tracks 52–53

Warmer 4 mins

- Start the class by asking pupils what day it is. Write the day on the board. See if pupils can tell you which month it is, and write that on the board.
- Ask pupils if they watch TV and get them to talk about their favourite programmes. Make sure all pupils contribute to the discussion.

1 Think and discuss. 5 mins

- Write questions 1–3 on the board. Read them together with the class. Put pupils in small groups and give them a few minutes to think about their answers. Elicit ideas.
- At this stage, do not give feedback on pupils' ideas about question 2, because this is the main question that pupils will explore in this lesson. Record pupils' ideas on the board.

2 Listen and read. Match the numbers below to the pictures on page 54. 8 mins

- Ask pupils to look at the six pictures on page 54 and read the captions.
- Then ask them to look at page 55. Explain that they are going to hear these six pupils talking about why they do sports. They should listen and follow the text in each speech bubble. As pupils listen, ask them to think about which picture on page 54 matches what the person is saying. If they think a picture matches, they should write the number in the empty box next to the picture.
- Play Track 52.
- Ask pupils if they wrote a number for each picture. Ask them now to read the six speech bubbles again and check that they agree with their partner about the answers.
- Check the answers as a whole class. Look back at the answers pupils gave to question 2 in the 'Warmer', and see if pupils gave similar answers to the ones in the magazine. You can have another discussion about reasons for doing sports at this point.

Activity Book

1 Listen and read about what's on TV. 6 mins

- Ask for a show of hands to answer the following questions:
  Who watches TV once a day?
  Who watches TV twice a day?
  Who sometimes watches TV?
  Who never watches TV?
- Ask pupils to say what sort of programmes they like. Don't worry if they cannot give the names in English – and do not spend time here teaching new words. However, pupils should be able to say things such as *cooking*, *sports*, names of individual sports, *quizzes* and *science*.
- Ask pupils to open the *Activity Book* on page 46 and look at activity 1. Ask *What can you see?* Elicit *a TV* and *TV programmes*. Teach the word *programme*.
- Play Track 53 and let pupils read as they listen.

Track 53
Listen and read about what's on TV.

TV announcer: *Hello! Today is Tuesday.*
We have some exciting programmes for you.
At 6 o'clock, there's our new programme 'Learn to paint'. Today we are learning how to paint butterflies.
At 7:15, we visit Tripoli's new sport club. This is a very interesting programme.
Then, at 8:00, there's football and the big match!
Later, at 9:30, we look at one of our favourite sports. Today it's basketball.
Now, tomorrow's programmes.
At 5:45 there's world tennis, and at 6:30 there's gymnastics.
At 8:45, we are going to learn how to cook chocolates cookies. Finally, at 10 o'clock, there's a programme about volleyball.

2 Choose your two favourite TV programmes. Write the names. 3 mins

- Read the rubric as a class.
- Give pupils a minute to choose two programmes, one for Tuesday and one for Wednesday.
- Ask for a show of hands to see who has chosen what. You could turn this into a survey and count up the number of people who like each

Grade 5 TB_at level_BOOK.indb 82 27/06/2019 09:40

programme. If you do this, you could have volunteers count up the numbers of pupils and record the information on the board.

Suggested answers
Tuesday: Football
Wednesday: Learn to cook

3 Answer the questions about your two favourite TV programmes. 6 mins

- Check that pupils understand what they need to do. Ask them to work by themselves and answer the questions.
- Elicit a few answers.

Suggested answers
8:00, 9:30
8:45, 10:00

4 Look at the information about TV programmes. Ask and write the answers. 5 mins

- Put pupils in pairs, and allocate one Kareem's role and the other Jena's role.
- Working individually, pupils should quietly read the whole conversation. Ask them to individually choose programmes and fill in the gaps *for their role only*. Remind pupils that they need to choose from the TV programmes on page 48.
- You can circulate and help pupils individually at this stage, but don't do any kind of class check – the point of this activity is to prepare them to speak in Activity 5.

5 Now practise the conversation. 8 mins

- Ask pupils to act out the conversation in their pairs.
- Now ask pupils to write in what their partner said. They should check with their partner that what they have written is correct. Then pupils can act out the conversation again with the roles reversed.
- You might like to ask confident pairs to act out the conversation for the class.

Suggested answers

Kareem: What are you going to watch on Tuesday?
Jena: I'm going to watch basketball. What about you?
Kareem: I'm going to watch Learn to paint.
Jena: What are you going to watch on Wednesday?
Kareem: I'm going to watch World tennis. What about you?
Jena: I'm going to watch Learn to cook!
Kareem: What is your favourite TV programme?
Jena: It's Keep healthy. And yours?
Kareem: It's Learn to paint.

Rounding off

- Spend a few minutes at the end of the lesson to review with pupils what you have done together. Get them to tell you which parts of the lesson they enjoyed the most and the least.

Unit 3 Lesson 7: Check my Understanding

Aims: To review and check understanding about sports from Lesson 6
To ask and answer questions about sports
To do a project – to follow a model and make a poster about a favourite sport
To learn to spell four high-frequency words (*once*, *twice*, *sometimes*, *often*)

Materials: *Pupil's Book* pages 56–57
Activity Book pages 48–49
Track 54
Blank sheets of paper for pairs or groups to make their project posters.

Note

- This is the second in Grade 5. Projects are to let pupils express their own ideas, creativity and use of language. There is no right or wrong.

Grade 5 TB_at level_BOOK.indb 83 27/06/2019 09:40

Example posters in the *Pupil's Book* are given as examples and not for pupils to copy. Note also that it is not necessary for pupils to have the same number of pictures and captions as in the example here – it is for them to decide in their groups or pairs.

- If possible, put projects up on the classroom walls and let everyone read their classmates' work. This encourages interest and also encourages pupils to produce their best work.

Warmer 5 mins

- Start the class by asking pupils what day it is. Write the day on the board. See if pupils can tell you which month it is and write that on the board.
- Ask pupils reasons for doing sports? They should be able to tell you some of the reasons they read about in the magazine article.
- Ask who has done any sports since the last lesson – use *Who did sports on Friday, Saturday, etc?* (depending on when the last lesson was).

1 Read 'Sports are great!' in Lesson 6 again. Tick the correct sentences and write the wrong ones correctly 5 mins

- Ask pupils to work individually and complete the first activity on page 56 of the *Pupil's Book*. Tell them that they should not look back at pages 54 and 55 at this stage. Pupils should colour the correct sentences and write the wrong sentences again.
- Ask pupils to compare their answers in pairs. If necessary, pupils can look back at pages 54 and 55 to confirm their answers.

2 Listen and check your answers. 3 mins

- Play 🎧 Track 54 to check answers.

🎧 ***Track 54***

Listen and check your answers

1 No. You don't need to learn lots of rules to go to the water park. It is just fun.
2 No. He prefers doing sports to playing computer games.
3 Yes. Being in a team is a good way to make friends.
4 Yes. The boy thinks swimming is a good way to keep healthy. He thinks it is the best way!

3 Work with a partner. Ask and answer the questions. 4 mins

- Ask pupils to look at the last activity on page 56 of the Pupil's Book.
- This is a chance for pupils to ask and answer questions about themselves and sports.
- Ask pupils to read the questions in the orange box and think about their answers. Pupils can make notes in their notebooks if they wish.
- Put pupils in pairs and let them ask and answer the questions.
  Note: The idea of this activity is that pupils use the language they have freely – monitor and support, but do not correct, let pupils speak freely.

4 Choose a sport and make a poster about it! 10 mins

- Explain that pupils are going to do a project about a sport that they choose and make a poster. You will need to decide how best to organize your pupils for the poster project, in pairs or groups. You might like each pupil to be responsible for just one or two drawings and captions – they can put these together to form the final poster.
- **Note:** Explain that the project is for pupils to express their own ideas and that there is no right or wrong. The example poster on page 57 of the *Pupil's Book* is given as an example and **not** as something for pupils to copy. Note also that it is not necessary for pupils to have the same

Grade 5 TB_at level_BOOK.indb 84 27/06/2019 09:40

number of pictures and captions – it is for them to decide.
- Ask pupils to open their *Pupil's Books* on page 57. Give pupils time to look at the pictures about volleyball and read the captions for each picture. Ask pupils which bits of information about volleyball they think are interesting.
- Put pupils into pairs or groups.
- Let pupils have time to decide what sport they want to choose and what they are going to draw and write for the captions.

Activity Book

1 Play the game. Read the rules. 14 mins

- Ask pupils to open the *Activity Book* on page 48 and check that they read the game rules in activity A for homework. Read the rules to the class and ask pupils to follow. As you read the rules, ask check questions. For example:
  1 *How many players can play the game? Who is the winner?*
  2 *How much time do you have to make a list of sports?*
  3 *Can you choose which space to move to?*
  4 *What do you make a sentence about?*
  5 *What happens if the sentence isn't correct?*
- Before pupils start, ask them to make a counter using a small piece of paper which they should colour and make into any shape they choose.
- Remind them that the aim is to win by getting to 'Finish' as quickly as possible.
- Allow time for pupils to play the game.

2 Look, say, cover, write, check. 4 mins

- Ask pupils to complete the activity.

Rounding off

- Spend a few minutes at the end of the lesson to review with pupils what you have done together. Get them to tell you which parts of the lesson they enjoyed the most and the least.

Support/Additional

- For less confident pupils let them work together with another pupil when doing the project and divide up the roles. They can choose the sport together and decide on which facts to put on the poster. Then one can be responsible for making the sketches or finding pictures and the other can write the captions.

Unit 3 Lesson 8: Our Sports Club

Aims: To read a story
To review language from Unit 3 in a game
To review language from Unit 3 in writing activities
To choose six new words to learn

Materials: *Pupil's Book* pages 58–59
Activity Book pages 50–51
Track 55

Warmer 4 mins

- Start the class by asking pupils what day it is. Write the day on the board. See if pupils can tell you which month it is, and write that on the board.
- Play a spelling game letter by letter. Call out the first letter of a word for a sport (use the sports from the story on pages 58 and 59). Go round the class with pupils providing the rest and subsequent letters. Start again with a new word beginning where you left off with the last word.

1 Listen, look and read. 20 mins

- Explain that pupils are going to listen to and read a story. Write the title of the story on the board, and read it with the class. Get pupils to look at picture 1 on page 58, and ask *Where*

Grade 5 TB_at level_BOOK.indb 85 27/06/2019 09:40

are the family in the first picture? How many children are there?

- Play Track 55. Ask pupils to read the story as they listen.
- Put pupils in pairs. Allocate pictures 1, 3, 5, 7 and 9 to Pupil A; allocate numbers 2, 4, 6, 8 and 10 to Pupil B. Ask pupils to tell their parts of the story to their partner. They can read the text or they can use their own words.
- Monitor and support as necessary.
- Finish by asking pupils which of the three children they would choose to be; this will probably depend on which set of sports they prefer (e.g., tennis/karate, cycling/swimming, gymnastics/tennis).
- If pupils enjoyed listening to the story, you can play Track 55 for them to listen to again.

Track 55
Listen, look and read.

1 Colour the sports red and the other activities blue. 3 mins

- Ask pupils to read the 'I can …' heading. Remind pupils that the 'I can …' activities help them to remember what they have learnt in the unit.
- Ask pupils to work individually and colour the sports red and the other activities blue. Pupils compare their answers with a partner.
- **Note:** If pupils do not have coloured pencils, they can use a pencil to shade the sports and leave the other activities blank.

Answers
Sports: basketball, running, rowing, tennis, karate
Other activities: help at home, go to the museum, go to the park, shopping, watch TV

2 Can you complete the phrases? Use *do*, *go* or *play*. 3 mins

Answers

3 Complete the sentences with *do* and *does*. 3 mins

- See if you can elicit the answers from the class. If pupils are unsure, you could write a few example sentences on the board and ask pupils to complete them with *do/does*. Then elicit the rules. For example:
_____ *Lina play computer games?*
_____ *they play tennis?*
How often _____ *you watch TV?*

Answers

4 Can you answer these questions about what you do? 4 mins

- Ask pupils to write down their answers individually. They can look back through the

Grade 5 TB_at level_BOOK.indb 86 27/06/2019 09:40

Pupil's Book for this activity if they need to remind themselves of any words. Circulate and help as necessary.

Suggested answers

a I like karate, basketball and swimming.
b Twice a week.
c I sometimes see a film with my friends.
d Every day.

5 What are the new words you have learnt? Write six new words here and remember them. 4 mins

- Remind pupils that they can choose any new words that they have learnt in Unit 3. Give them time to look back through their *Pupil's Books* and *Activity Books* to find words they like and write them down.
- Put pupils in pairs. Ask them to swap their *Activity Book* with their partner. They have to test each other on the spelling of their six new words. One pupil reads out one of their partner's chosen words; their partner has to write it down on a piece of paper. When both pupils have written all six of their words, they can take their own *Activity Book* back and check their answers.
- Elicit some examples of words pupils have chosen.

Suggested answers

1 temperature
2 basketball
3 survey
4 always
5 once
6 healthy

6 Read and write the name of the sport. 4 mins

- Put pupils in pairs. Explain that this is a 'race' to read four clues and name the four sports. Pupils should write the four sports on the blank lines, making sure to spell the words correctly. The winners are the first pair to finish. Pupils should put their hands up and say *Finished!*
- The first pair to finish should read out their answers and see if the class agrees. Ask them to give you the spellings and write them on the board. If they have also spelt the words correctly, then they are the winners.

Answers

a swimming
b volleyball
c basketball
d football

Rounding off

- Spend a few minutes at the end of the lesson to review with pupils what you have done together. Get them to tell you which parts of the lesson and Unit 3 they enjoyed the most and the least.

Additional/Support

- For Activity 6, instead of having a 'race', let pupils complete the activity at their own pace. Put less confident pupils in pairs, and let them look back over Unit 3 to find the sports and check the spellings. For more confident pupils, ask them to decide on the answers first before checking back through their books to make sure they have the correct answers.

Unit 4 Lesson 1: The Challenge

Aims: Review: the language and structures from the previous 3 units.
Materials: *Pupil's Book* page 62
Activity Book page 52
Track 56

Note

Revision units

- Units 4 and 8 are revision units. There is less material to cover in the four lessons that make up these units than in the other lessons.
- The intention is to give teachers the opportunity, at these points in the school year,:
  - to catch up with unfinished work
  - to review particular areas that pupils found difficult
  - to do more of the Additional/Support activities given at the end of most lesson notes in the Teacher's Book
  - to let pupils have time to do the more creative, project-based types of activity and to finish off the projects from Units 2 and 3 if pupils haven't already done so.

Warmer 4 mins

- Start the class by asking pupils what day it is. Write the day on the board. See if pupils can tell you which month it is and write that on the board. Now see if pupils can tell you what date it is and write that on the board.
- Ask pupils how often they take part in quizzes, either at school or outside school. Elicit the kind of quizzes/challenges (these can also include sports challenges and competitions) they have done and whether they enjoy them. If they do not do quizzes themselves, ask if they like to watch quizzes on TV.

1 Today you have a class challenge. Test yourself. Choose your team, A or B. 7 mins

- Ask pupils to open the *Pupil's Book* on page 62 and explain that they are going to take part in a challenge. Ask *How many teams are there?* (2), *What is the name of each team?* (Team A and Team B).
- Put pupils into small groups, tell them to choose which team they want to be in and to write the letter on the line next to the word "Team". Make sure that half the class choose Team A and half choose Team B.

2 Work together and answer your team's questions. 10 mins

- Ask teams to answer the Team A or Team B questions and get them to write their answers. When they have finished, tell Team A to swap their books with Team B for marking.
- **Note:** There are several possible answers for a few of the questions, e.g., question 1 for both Team A and B in the quiz. The test is that pupils give a correct and reasonable answer.

3 Listen and tick (✓). ✓ = 1 point. Who is the winner? 8 mins

- Play Track 56 and get pupils to check the answers of the opposite team. Ask them to add up the total number of points, write them at the bottom of the page and give the answers back.
- Check how well each team did and which questions they got wrong. Pupils should now write the answers (the correct answers) into the *Pupil's Book*.

Activity Book

1 Complete the names of the countries. 6 mins

- Get the class to look at Activity 1 on page 52 of the *Activity Book*. Make sure pupils understand what they have to do. Read out the rubric (as a class or individually).
- If pupils seem unsure about the activity, work through the first item with the class on the board.
- Ask pupils to complete the countries, then check answers as a class.

Answers

a Turkey
b Thailand
c Japan
d Italy
e Libya
f England

2 Look, play and say. Say the name of a nationality. 10 mins

- Tell pupils that they are going to play a game called *Snakes and ladders*. Pupils should know how to play this game, but remind them that you go up the ladders and down the snakes. For example, if your counter lands on '3' you go up the ladder to 'Italy'. If your counter lands on '20' you go down the snake and back to 'France'.
- Make sure each pupil has a counter. Pupils put their counters on the first square. Check that everyone can see a game circle at the back of the *Activity Book*. Pupils take turns to close their eyes and select a number randomly by touching a number on the game circle. Pupils move their counter forward by the number they selected.
- There are several ways of playing this game depending on how much time you have and how strong the pupils are at English. In addition, you could group pupils of the same ability together and give different groups slightly different games.

Some examples of game variations:

1) Pupils select a number from the game circle, move their counter along the board and say the word that they land on and spell it without looking. Other pupils in the group need to check that their pronunciation and spelling are correct. If they mispronounce/misspell the word, they miss a turn.
2) Pupils select a number from the game circle, move their counter along the board and then make a complete sentence using the word they land on. For example: *I'm from Libya./I'm not from France*. If the sentence is grammatically wrong or doesn't make sense they miss a turn.

Grade 5 TB_at level_BOOK.indb 91 27/06/2019 09:40

3) Pupils select a number from the game circle, move their counter along the board and when they land on a country word, they give the nationality for that country in a full sentence. For example: *He's Libyan./She's Japanese./They're not Egyptian.*

- If the group disagrees with the pronunciation or sentence that has been created, they should ask you to make the final decision.

Rounding off

- Spend a few minutes at the end of the lesson to review with pupils what you have done together. Get them to tell you which parts of the lesson they enjoyed the most and the least.

Unit 4 Lesson 2: All About Camels

- Ask pupils to work by themselves and think about the answers to the five questions. Tell them not to write the answers at this stage.
- Ask pupils to compare their answers and agree.
- Open class: get some pupils to ask the questions and volunteers to answer. Ask the rest of the class to put up their hands if they agree. Clear up any problems or play Track 57 for pupils to check their answers.

Track 57
Listen, read and write the answers to the questions.
There are two types of camels: the Arabian camel has one hump and the Asian camel has two humps. Camels can be many colours from white to brown to black. Camels like to live together in big groups. They are intelligent animals.
A camel's body is good for living in the desert. Why? They have big, soft feet to walk on sand. They keep their fat in humps to help them stay cool. They have small, hairy ears and thick eyelashes to protect them from the sand. Camels can close their noses too!
Camels can drink a lot of water when they need to – a thirsty camel can drink about 135 litres of water in one go!
A baby camel is called a calf. It is born without a hump.

- Ask pupils to look at the pictures and tick the ones they know the names of in English. Don't check the answers at this stage.

2 Match the words to the pictures and write the numbers. 4 mins

- Ask pupils to write the numbers of the pictures next to the words. They can do this individually or in pairs. Don't check the answers yet; pupils will check their answers in Activity 3.

3 Listen and say the food names. 4 mins

- Play Track 61. Ask pupils first to check that they have numbered the words correctly.
- Play Track 61 again, and pause after each food name so that pupils can repeat it.
- Hold up the *Pupil's Book* and point to a food. Pupils have to say the name.

Track 61

4 Ask and answer. 4 mins

- Ask pupils to look at Kareem's and Jena's speech bubbles.
- Elicit what they are saying, modelling the pronunciation if necessary.
- Working in pairs, pupils practise the conversation, asking and answering about different foods and drinks from page 68.

Grade 5 TB_at level_BOOK.indb 100 27/06/2019 09:40

5 Listen, look and answer. 6 mins

- Ask pupils to read the text in the purple box. Ask for three volunteers to read one sentence each.
- Put pupils in pairs and let them decide what food they can see on the two tables.
- Play Track 62 and ask pupils to point to the food and read the speech bubbles as they listen.
- Explain that we use *There are …/Are there …?* for things we can count and *There is …/Is there …?* for things that we cannot count. You might like to demonstrate this with a cup of water: you can count the cup, but you cannot count the water, e.g., you can count the container but not the substance.
- Now tell pupils they are going to tell their friends what food there is. They will hear the questions, and they need to answer them. Play Track 62 and get pupils to answer the questions.
- Finally, put pupils in pairs. Get them to take turns asking and answering the questions.

Track 62
Listen, look and answer.

Voice 1: *Are there any apples?*
Voice 2: *Yes, there are lots.*
Voice 1: *Are there any strawberries?*
Voice 2: *Yes, there are lots.*

Voice 2: *Yes, there is a lot.*

Activity Book

Note: Syllables

- There are a number of reasons for teaching pupils to recognise and use syllables to help them with reading and spelling:
  - Dividing words into parts or 'chunks' helps pupils to decode words more quickly in reading.
  - Recognising syllables helps pupils to say words more accurately and fluently.
  - Understanding syllables also helps pupils learn to spell words correctly.
- Using clapping games to get pupils to associate syllables with a beat, helps pupils to understand the concept of syllables within words. Changing the 'strength' of claps can also help with word stress.

1 Listen to the food names. Write them in the correct list. 6 mins

- Write the word *syllable* on the board. Pupils have seen this word before in *Primary* 4. See if anyone can remember what it means.
- Ask pupils to look at page 56 of the *Activity Book*. Point to the first word in the table and read it out: *bread*. As you do so, clap once. Repeat the word, and let pupils say it and clap too.
- Point to the second word and read it: *apples*. Clap twice – once for each syllable. Make sure you stress the first syllable (marked with darker shading). Repeat the word, and let pupils say it and clap too.
- Point to the third word and read it: *oranges*. Clap three times – once for each syllable. Make sure you stress the first syllable again, as marked. Repeat the word, and let pupils say it and clap too.
- **Note:** There are, of course, words with more than three syllables, but they are not going to be focused on here.
- Play Track 63. Ask pupils to work by themselves. They should repeat each word to themselves if they need to, and then write it in the correct column. Pause after each word to give pupils enough time to write.
- Play Track 63 again, pause after each word and ask pupils to say how many syllables there are. As you elicit each answer, write it up in a copy of the table on the board. Then get them

Grade 5 TB_at level_BOOK.indb 101 27/06/2019 09:40

to repeat the word, making sure they are putting the word stress on the correct syllable.

Track 63
Listen to the food names. Write them in the correct list.

bread
apples
oranges
chicken
cookies
fish
meat
rice
salad
soup
strawberries
water

Answers

1 syllable: bread, fish, meat, rice, soup
2 syllables: apples, chicken, cookies, salad, water
3 syllables: oranges, strawberries

2 Complete the food crossword. Use the pictures. 4 mins

- This activity gets pupils to write the food and drink words they have been looking at. Ask pupils to do this without looking back at page 68 of the *Pupil's Book*. Explain that the crossword will not work if they do not spell the words correctly.
- Ask pupils to work together in pairs or small groups to complete the crossword.
- While pupils work, copy the crossword onto the board. Then do a class check: ask a volunteer to say the food or drink word for each picture, and then get a second volunteer to spell the word. They can either write it onto the crossword on the board, or read out the spelling for you to write it up. If necessary, pupils can now look back at page 68 to find the correct spellings.

Answers

1 water
2 rice
3 fish
4 cherries
5 chicken
6 strawberries
7 bread
8 soup
9 meat
10 apples
11 salad

3 Look at the class survey and complete the sentences. 3 mins

- Pupils can complete this activity in pairs, or you can complete the sentences on the board as a whole-class activity. If pupils are going to do it independently, make sure they understand what they have to do. They need to look at the results of the survey and find the clues which will help them to complete each sentence.
- Do a class check. Ask for volunteers to read out each completed sentence.

Answers

a In the survey, we asked all the pupils in Class D 'What's your favourite food?'
b Nine pupils like fish.
c The favourite food is meat.
d Seven pupils' favourite food is cookies.
e The other foods that pupils like are cherries, chicken and salad.
f Only two pupils like salad best.
g There are 37 pupils in the class.

4 Ask and answer questions with a partner. 3 mins

- Ask pupils to say the names of the nine food/drink items in the illustrations. After each name, ask if the food/drink is countable or uncountable.
- **Note:** Concentrate here on the food/drink itself, not on the container.
- You might like to write the two possible questions on the board under the headings:

Countable	Uncountable
Are there …?	*Is there …?*

- Pupils work in pairs to ask and answer questions about each food drink. Remind them that they can use the speech bubbles from activity 5 in the *Pupil's Book* to help them. Monitor and support as necessary, but don't do a class check at this stage – pupils will effectively check their work in Activity 5.

Grade 5 TB_at level_BOOK.indb 102 27/06/2019 09:40

5 Listen and answer the questions. 4 mins

- Round off Activity 4 by explaining that pupils will now hear the question for each picture. They have to respond with the answer.
- Play Track 64 and get the class to respond with the answers.

Track 64

5 Listen and answer the questions.

a *Is there any fish?*
b *Is there any bread?*
c *Is there any salad?*
d *Are there any cherries?*
e *Are there any apples?*
f *Is there any soup?*
g *Is there any water?*
h *Are there any cookies?*
i *Is there any rice?*

Answers

a No, there isn't.
b Yes, there is.
c Yes, there is.
d No, there aren't.
e Yes, there are.
f Yes, there is.
g Yes, there is.
h Yes, there are.
i Yes, there is.

Rounding off

- Spend a few minutes at the end of the lesson to review with pupils what you have done together. Get them to tell you which parts of the lesson they enjoyed the most and the least.

Additional/Support

- This is a quick, fun activity to end the lesson: say a food item, and let pupils decide whether it is countable or uncountable. For example: *jelly*, *ice-cream*, *sweets*, *eggs*, *pizza*, *tomatoes*, *milk*, *carrots*, *coffee*, *cheese*, *lemonade*, *bananas*.

Unit 5 Lesson 2: What can you count?

Aims: To use new food and drink vocabulary
To use *There is …/There are …* with countable and uncountable food and drink
To ask questions with *Is there any …?/Are there any …?* with countable and uncountable food and drink
To learn the names of some food/drink containers
To ask for food/drink items in a shop (*Can I have …?*)

Materials: *Pupil's Book* pages 70–71
Activity Book pages 58–59
Track 65

Optional: some everyday containers (e.g., box, bag, cup, carton); a box of chocolates, a bottle of water, a teabag and teacup, a tin of lemonade

Warmer 4 mins

- Start the class by asking pupils what day it is. Write the day on the board. See if pupils can tell you which month it is, and write that on the board.
- Ask pupils to imagine they have their own shop which sells food and drink. In pairs, get them to ask each other questions about what is there in the shop using *Is there ...?/Are there ...?*

1 Look at the pictures on page 69 and tick (✓). 4 mins

- Remind pupils about countable and uncountable words by going through a number of food/drink items that they already know and seeing if they can say whether or not they are countable. For

Grade 5 TB_at level_BOOK.indb 103 27/06/2019 09:40

example: *cherries*, *strawberries*, *meat*, *salad*, *milk*, *rice*, *water*, *fish*, *cookies*, *apples*, *chicken*.

- Ask pupils to open the *Pupil's Book* on page 70. Give pupils time to read the food words in the left column of the table.
- Ask pupils to work individually and put a tick in either the countable or uncountable column for each word. They can look back at the pictures on page 69 to help themselves remember.
- Pupils check their answers with a partner. Then do a class check.

Answers
Countable: strawberries, cherries, apples, cookies
Uncountable: rice, bread, salad, chicken

2 Ask and answer. 5 mins

- Ask pupils to read the 'Let's check' box at the bottom of the page quietly to themselves.
- Ask pupils to cover the 'Let's check' box. Ask for volunteers to tell the class what they read.
- Get pupils to look at Hajer and Firas and read their speech bubbles.
- Put pupils in pairs. Ask them to practise asking and answering questions about the foods from activity 1 using *Are there any …?* or *Is there any …?* as appropriate.
- Monitor and support as necessary.

Suggested answers
Are there any strawberries? No, there aren't.
Is there any bread? Yes, there is.
Are there any cherries? Yes, there are.

3 What can you see? Write the words. 4 mins

- **Note:** Activities 3–5 will 'come to life' if you can take the food/drink items into class to show pupils.
- Ask pupils to look at the pictures. Say *Read the words in the box*.
- Explain that some of the words are food/drink words and some are container words. If possible, show the class one or two everyday containers, such as a sandwich box or a cup.
- Look at picture 1 and ask *What is picture 1?* Elicit *a box of chocolates*.
- Ask pupils to use the words in the box to write what they see in pictures 2–4. Explain that they need to write a phrase with the same pattern as *a box of chocolates* (*a* + container + *of* + food/drink).
- Check answers.

Answers
1 a box of chocolates
2 a bottle of water
3 a cup of tea
4 a tin of lemonade

4 What do you think? Can or can't you count? Tick *Yes* (✓) or *No* (✗) 5 mins

- Ask pupils to work with a partner to decide which items you can count and which you cannot.
- Do a class check. Make sure everyone understands the crucial distinction: the foods/drinks cannot be counted on their own, but when they are in a container, they can be counted.

Asma: *No, there isn't!*

Activity Book

1 Complete the names of the containers. 5 mins

- Ask pupils to open the *Activity Books* on page 58 and read the 'Look' box. Read through the list of foods and containers together; some of them are new.
- Ask pupils to complete the names of the containers. Explain that there is one picture for each of the container words in the 'Look' box.
- Get pupils to check their answers in pairs; then do a class check.

Answers

3 What can you see? 5 mins

- Give pupils a few moments to look at the picture. Then ask *Where are the children?* Elicit *They're in a shop./In a shop.*
- Ask pupils to name the various food/drink items they can see on the shelves and on the counter.
- Put pupils in groups of five. Allocate roles: one pupil should be the shopkeeper, and the other four are the customers. Ask a volunteer group to stand up with their books and read and act out the conversation.
- All groups practise acting out the conversation simultaneously. Make sure pupils change roles within groups; the customers can also change what they ask for.
- Monitor and support as necessary.

4 Ask and answer with a partner. 5 mins

- Explain that pupils are going to make their own conversations in pairs. One of them will be the shopkeeper and the other will be a customer. Get them to look at Asma's and Kareem's speech bubbles.
- Explain that you are going to model the conversation. Ask a volunteer to read out Kareem's speech bubbles. Respond with the phrases in Asma's speech bubbles, completing each one with a phrase. For example:
  Pupil: *What would you like?*
  Teacher: *Can I have a packet of biscuits, please?*
  Pupil: *Yes, here you are.*
  Teacher: *And five apples, please?*
- Put pupils in pairs. Ask them to make conversations, taking turns to be the customer. If you like, you can also teach them the phrase *I'm sorry. I don't have any …* for the shopkeeper to use.

Rounding off

- Spend a few minutes at the end of the lesson to review with pupils what you have done together. Get them to tell you which parts of the lesson they enjoyed the most and the least.

Grade 5 TB_at level_BOOK.indb 105 27/06/2019 09:40

Additional/Support

- Get pupils to set up a shop. They can do this either by bringing in some items of food/drink or by drawing pictures to represent food/drink items. This is best done in small groups of five or six.
- Pupils should look at page 58 of the *Activity Book* to help then with the names of containers for different items of food/drink.
- Less confident pupils can take the role of the shopkeeper only; the shopkeeper only has to say *What would you like?* and *Here you are.*

Unit 5 Lesson 3: Would you like …?

Aims: To offer food and drink items to other people
To talk about preferences for food and drink items
To practise using countable and uncountable nouns
To read an email invitation to a picnic and write a response
To practise a conversation using offers and preferences

Materials: *Pupil's Book* pages 72–73
Activity Book pages 60–61
Tracks 66–66 and 68 (AB)

Warmer 3 mins

- Start the class by asking pupils what day it is. Write the day on the board. See if pupils can tell you which month it is, and write that on the board.
- Ask pupils if they have ever had a picnic. Talk about where you go for picnics (parks, rivers, lakes, mountains, country).
- Put pupils in pairs or small groups. Ask them to write down three or four items of food or drink they would like to take on a picnic.
- Elicit suggestions.

1 Talk about the food you can see at the picnic. 3 mins

- Ask pupils to look at page 72 of the *Pupil's Book*, and read the title of the lesson together.
- Get pupils to look at the picture and discuss with a partner who they can see (*a family*) and who the people are in the family (*sons/daughters, brothers/sisters, mum, dad, grandmother, grandfather*).
- Ask pupils to say what food they can see (*cookies/biscuits, juice/lemonade, tea, chicken, strawberries, bread, salad*).

2 Listen and say. 3 mins

- Ask pupils to listen to the conversation. Play Track 66. On this first play, ask pupils to follow what the family members say.
- Play Track 66 again, and pause after each sentence for pupils to repeat it.

Track 66

Grandmother:	*Yes, please.*
Grandfather:	*Would you like some lemonade or tea?*
Dad:	*I'd prefer tea, please.*
Girl:	*Would you like some salad?*
Boy 2:	*No, thank you.*

3 You are at the picnic. Practise the conversation. 4 mins

- Put pupils in pairs and let them practise the conversation. Pupil A offers and Pupil B answers. Pupils can then swap roles. You might want to discuss the fact that the colours of the speech bubbles show them how the questions and answers match.
- Monitor and support as necessary.

Grade 5 TB_at level_BOOK.indb 106 27/06/2019 09:40

4 Read, match and write the numbers. 3 mins

- Ask pupils to work by themselves and match the questions and answers. Let pupils check their work in pairs. Don't check the answers yet, as pupils will listen to check them in activity 5.

5 Listen and check your answers. 4 mins

- Ask pupils to find the little red numbers; explain that there are five of these and that they are at the beginning of the five questions.
- Pupils should write their own answers to these questions.

5 Yes, I do./I don't like cherries, but I like strawberries.

Activity Book

1 Write the words and punctuation in order. 4 mins

- Ask pupils to complete this activity individually. Remind them that the capital letters and punctuation give them some clues. They can look back at *Pupil's Book* pages 72 and 73 to remind themselves of the word order of the question and answer forms. If pupils are struggling, do an example on the board, or put them in pairs to work together.
- Elicit the answers.

Answers
a Would you like some chicken or some fish?
b Is there any meat for dinner?
c There is some cheese in the fridge.
d There isn't any ice-cream.

2 Complete the diagrams. 4 mins

- Ask pupils to complete the diagrams individually. While they are working, draw the diagrams on the board.
- Elicit the answers, and complete the diagrams on the board. You might like to ask pupils to write the answers on the board themselves.

Answers
Fruit: bananas, strawberries, cherries
Sandwiches: cheese, chicken, meat

Grade 5 TB_at level_BOOK.indb 107 27/06/2019 09:40

3 Can you add any more words to the diagrams? 3 mins

- Ask pupils to work in pairs to think of more words to add to the diagrams. They could look through their *Pupil's Book* for suitable words.
- Elicit answers and add them to the diagrams on the board.

Suggested answers
Fruit: apples, oranges, lemons
Sandwiches: salad, fish

4 Put the conversation in order. 4 mins

- Put pupils in pairs. Ask them to read Asma's questions and then find the correct answer to each question.
- Explain that the speech bubbles need to be numbered in order 1–9 – some of the numbers have already been used for Asma's speech bubbles, so pupils need to use the remaining numbers (*2*, *4*, *6*, *8*) for Fawzi's speech bubbles. Get pupils to write the numbers.
- Don't elicit the answers at this stage; pupils will check by listening to the conversation in Activity *5*.

5 Listen and check. 3 mins

- Play 🎧 Track 68 for pupils to check the order. Then elicit the answers.

🎧 ***Track 68***
Listen and check.

Asma: *Would you like to come to a picnic on Saturday?*
Fawzi: *Yes, please.*
Asma: *Great! Would you like salad or sandwiches?*
Fawzi: *I'd prefer sandwiches, please.*
Asma: *What sandwiches would you like – cheese or meat?*
Fawzi: *I'd prefer cheese, please.*
Asma: *Would you like to drink tea, coffee or lemonade?*
Fawzi: *I'd like some tea, please.*
Asma: *OK. See you on Saturday.*

Answers
2 Yes, please.
4 I'd prefer sandwiches, please.
6 I'd prefer cheese, please.
8 I'd like some tea, please.

6 Practise the conversation. You can change some of the words. 3 mins

- Put pupils in pairs, and allocate one Asma's role and the other Fawzi's role.
- Ask them to read and act out the conversation. They can change the food/drink items if they wish. Monitor and support as necessary.
- You might like to ask some pairs to act out the conversation for the class.

Rounding off

- Spend a few minutes at the end of the lesson to review with pupils what you have done together. Get them to tell you which parts of the lesson they enjoyed the most and the least.

Additional/Support

- Play the *I don't like … I prefer …* game. Put pupils into groups of six or eight. Say a food or drink (*apples/milk/rice/lemonade*, etc.). Pupils have to respond with a full sentence that includes the food/drink and then an alternative. For example:

Teacher: *Apples.*
Pupil 1: *I don't like apples. I prefer oranges.*
Rice.
Pupil 2: *I don't like rice. I prefer spaghetti.*
Lemonade.
Pupil 3: *I don't like lemonade. I prefer tea.*

Unit 5 Lesson 4: Are you healthy?

Aims: To read a survey about being healthy
To do a survey about being healthy
To write answers to the health survey
To read about two pupils: are they doing healthy things?

Materials: *Pupil's Book* pages 74–75
Activity Book pages 62–63
Tracks 69–70 and 71 (AB)

Note: Differentiation

- Differentiation is about how teachers respond to pupils' different abilities, interests and levels of confidence in the classroom. If a teacher tries to accommodate individuals or small groups by varying their teaching or adapting activities to create the best learning experience possible, then that teacher is using differentiated instruction.
- Differentiation does not need teachers to do a lot of extra preparation. However, it does ask teachers to think about how to organise and adapt activities to let all pupils feel that they are succeeding. Remember that teachers need to recognise effort as well as achievement and that levels of achievement will vary from pupil to pupil.
- The lesson notes include some ideas about how teachers can differentiate activities. There are further ideas in the 'Additional/Support' sections at the end of most lesson notes.

Warmer 2 mins

- Start the class by asking pupils what day it is. Write the day on the board. See if pupils can tell you which month it is, and write that on the board.
- Write *healthy* and *unhealthy* on the board. See if pupils remember these words from previous grades. Do not ask for explanations; instead, ask pupils to think of one healthy thing and one unhealthy thing. Write some examples on the board. Leave these to refer to later in the lesson.

1 Listen and read. 3 mins

- Ask pupils to open the *Pupil's Book* on page 74. Get them to look at the purple box, and ask them to read as they listen. Play Track 69.
- Ask pupils to name a few items of fruit and vegetables.

Track 69
Listen and read.
At school we are doing a survey about being healthy. It is called 'Are you healthy?' We asked questions to all the pupils in our class. Look at what they said.
You need to understand these two new words: fruit and vegetables.
This is fruit.
These are vegetables.

2 Read the questions and match them to the answers on the next page. 4 mins

- Get pupils to look at the six pictures. Ask them some questions to get them to think about the six scenes:
Where are the pupils? (At school, in a classroom.)
What are the boy in the green shirt and the girl in the red shirt doing? (They are asking questions for a survey.)
- Ask for volunteers to read out the six speech bubbles.
- Put pupils in pairs and explain that they should match the questions to the answers on page 75. They should write the question number next to each answer. Don't elicit answers at this stage; pupils will listen to check their answers in Activity 3.

Grade 5 TB_at level_BOOK.indb 109 27/06/2019 09:40

3 Listen and check your answers.

4 mins

- Play 🎧 Track 70 and get pupils to check their answers.
- Check the answers as a class by asking volunteers to read out the questions and answers.
- Put pupils into groups of eight. Get pupils to allocate roles – the two interviewers (the boy in the green shirt and the girl in the red shirt) and the six interviewees. Get pupils to practise the conversation.

🎧 ***Track 70***

Listen and check your answers.

1 *Do you eat lots of fruit and vegetables?*

2 *Do you sleep for 9 or 10 hours every night?*
Well, let's count. I never go bed before 9 o'clock and I get up at 7 o'clock.
3 *Do you drink enough water?*
I don't like water. I only drink lemonade or cola.
4 *Do you exercise?*
Yes, I go cycling and I play tennis sometimes.
5 *Do you eat a lot of sweets, cakes and biscuits?*
No, I only have sweets at the weekend. We sometimes have cake or biscuits.

3 I don't like water. I only drink lemonade or cola.
5 No, I only have sweets at the weekend. We sometimes have cake or biscuits.
2 Well, let's count. I never go to bed before 9 o'clock and I get up at 7 o'clock.

4 Which pupils do you think give 'healthy' answers? Put a tick (✓) for healthy and a cross (✗) for unhealthy.

5 Write your own answers to the survey questions.

4 mins

- Ask pupils to reread the survey questions and write their own answers.
- **Note:** This is an activity that allows for differentiation. Some pupils will write only *Yes, I do./No, I don't.* answers. Others can add more information (in similar ways to the answers that the interviewees give). Remind pupils that they can use the interviewees' answers as a basis for their own.

Suggested answers

Activity Book

1 Do the health survey.

4 mins

- Ask pupils to look at page 62 of the *Activity Book* and read the health survey. Explain that they need to write *H* (for healthy) or *U* (for unhealthy) after each item. For example, *Drink lots of water* is healthy, so there is an *H* next to it.

Grade 5 TB_at level_BOOK.indb 110 27/06/2019 09:40

- Ask pupils to work individually. Don't check answers at this stage.

2 Listen and check your answers. 4 mins

- Play 🎧 Track 71 for pupils to check their answers.
- Elicit the answers. See if anyone disagrees. There is some room for interpretation here, so discuss and accept any disagreements rather than insisting on the correct answers.

3 Look at the survey and tick (✓) the things you do. 3 mins

- Check pupils understand what they need to do. Give them a couple of minutes to read through and tick the things they do.

4 Count your ticks. Write your scores! 3 mins

- Pupils calculate their scores by adding up their ticks for healthy and unhealthy things. They get their 'My final score' by subtracting their 'Unhealthy things' score from their 'Healthy things' score. For example, if a pupil scores 7 for 'Healthy things' and 3 for 'Unhealthy things', then their final score is: (7 – 3) = 4.

5 Compare your score with a partner. Think of some other healthy things to do. 3 mins

- Ask pupils to compare their scores in pairs. Together, they should come up with one or more healthy things they can do.
- Ask for volunteers to give their scores. Get other pupils in the class to put their hands up when they have the same score.

Suggested answers
Eat lots of fish.
Do gymnastics every day.

6 Read about Ridha and Sarah. How many healthy and unhealthy things do they do? 2 mins

- Get pupils to work individually and then check their answers in pairs. They should count up the scores in the same way as in Activity 4. Don't elicit answers yet.

7 Who has the best final score? 2 mins

- Elicit answers from the class, and get pupils to identify healthy and unhealthy things Ridha and Sarah did.
- There are different ways of interpreting the texts. For example, Sarah drinks lemonade/orange juice and eats cake on Saturday; although these are not very healthy things to consume, doing this once a week is probably not unhealthy. Try to accept different interpretations without insisting on correct answers here.

Grade 5 TB_at level_BOOK.indb 111 27/06/2019 09:40

Suggested answers

Ridha:	Healthy things: 4 (have breakfast before school, cycle to school, eat a big cheese sandwich, play football in the park with friends)
Unhealthy things:	5 (eat a packet of cookies, drink cola, watch TV for three hours, play computer games at night, go to bed at 11.30)
Final score:	–1
Sarah:	Healthy things: 5 (eat lots of fruit and vegetables, do gymnastics after school, talk to friends, go to bed at 9 o'clock, walk to the park)
Unhealthy things:	3 (eat some chocolate on the way to school/don't eat breakfast, watch TV for 3 hours, go shopping/to school by car)
Final score:	2

8 Write about yourself. Use the health survey and Ridha's and Sarah's notes to help you. 4 mins

- Check pupils understand the task. Working individually, they should write a few sentences about themselves in the style of Ridha's and Sarah's pieces of writing. They can look at the health survey and in the *Pupil's Book* for activities to mention.
- Monitor and support as necessary.

Suggested answer

I get up at 6 o'clock, and I have bread with eggs or cheese for breakfast. I walk to my school. At school, I drink lots of water, and I eat a chocolate bar. After school, I play tennis or football with my friends. Then I eat dinner with my family. I go to bed at 10 o'clock. On Saturday, I watch TV all morning. In the afternoon, I go to the park or read a book.

Rounding off

- Spend a few minutes at the end of the lesson to review with pupils what you have done together. Get them to tell you which parts of the lesson they enjoyed the most and the least.

Additional/Support

- Write the following on the board:
  Eat sweets four times a day.
  Clean my teeth in the morning.
  Go to bed at 11 o'clock.
  Do sports once a week.
  Drink coffee in the morning.
  Watch TV after school.
  Eat fruit and vegetables twice a day.
  Drink lots of water.
  Play computer games before school.
- Divide pupils into small groups and get them to think of a sentence for each phrase using one of the adverbs of frequency that they know (*always*, *often*, *sometimes*, *never*). Give an example: *I never eat sweets four times a day.*
- Set a time limit. Within the time limit, groups volunteer their sentences and get a point for each correct one.
- The group with the most points is the winner.

Unit 5 Lesson 5: My Lunchbox

Aims:	To continue to practise countable and uncountable nouns To think about healthy lunchboxes To write fruit and vegetable words To look at spelling rules for plural nouns To play a spelling game
Materials:	*Pupil's Book* pages 76–77 *Activity Book* pages 64–65 Pupils' notebooks

Grade 5 TB_at level_BOOK.indb 112 27/06/2019 09:40

Warmer 8 mins

- Start the class by asking pupils what day it is. Write the day on the board. See if pupils can tell you which month it is and write that on the board.
- Write *breakfast*, *lunch*, *dinner* on the board in three columns.
  breakfast lunch dinner
- Ask pupils to copy these words into their notebooks. Explain that you are going to say the names of some food/drink items and that they should decide if they have these for breakfast, lunch or dinner. Pupils should write the word in the correct column. Remember to give pupils time to write each word.
- **Sample words:** *cheese, meat, eggs, milk, ice-cream, soup, macaroni, salad, cake, tea, rice, bread, fish, cherries, chicken*
- Ask pupils to volunteer sentences to the class using:
  I have xxx for breakfast/lunch/dinner.
  I have bread for breakfast.
  I have bread and milk for breakfast.

1 Which lunchbox do you think is the best? Tick (✓) 1 or 2. 4 mins

- Write the word *lunchbox* on the board. Pupils had this word in *Primary 3*. See if they remember it. Ask for pupils to put their hands up if they take a lunchbox (or snack box) to school.
- Ask pupils to open the *Pupil's Book* on page 76. Get pupils to look at the two lunchbox pictures and decide which they think is best.
- Whole class: ask pupils to put their hands up if they think picture 1 is best; ask pupils to put their hands up if they think picture 2 is best. See if pupils can explain why they chose either picture 1 or 2.

2 What food and drink can you see in the two lunchboxes? 4 mins

- Put pupils in pairs and ask them to write the food/drink items they can see in the two lunchboxes. **Note:** they do not need to write all the foods. Elicit ideas.

Answers
Picture 1: bread (sandwiches), cheese, tomato, cucumber, milk, an apple
Picture 2: bread (sandwiches), cheese, tomato, cucumber

3 Write two sentences about lunchbox 1 6 mins

- Ask pupils to work by themselves and write two sentences about lunchbox 1. Ask for volunteers to read out their sentences.

Sample answers
There are two cheese, tomato and cucumber sandwiches./There are two sandwiches with cheese, tomato and cucumber. There is an apple. There is some milk./There is a cup of milk.

4 Make your own favourite lunchbox. Tell your partner and write their words. 6 mins

- Ask pupils to look at page 77 of the *Pupil's Book*. Explain that they should write what they would like to have in their favourite lunchbox. Tell them that the picture is only there for decoration.
- Ask pupils to work by themselves and write a list of their favourite things in the 'My lunchbox' column.
- Put pupils in pairs. Ask them to look at the pictures of Karam and Jena at the bottom of the page and read the speech bubbles.
- Pupils tell their partner what they have in their lunchbox. Their partner should write this down in the 'My partner's lunchbox'. **Note:** Remind pupils to help each other spell any words they are not sure about. Remind them that they can look back in their books for help, if necessary.

Activity Book

1 Complete the food words. 5 mins

- Write some common words on the board. For example: *a book, a pencil, an apple, a chair, a friend, a park*. Say that these words are all the

Grade 5 TB_at level_BOOK.indb 113 27/06/2019 09:40

names of things/people/places – these are ***nouns***.

- Ask the pupils to complete the food words in Activity 1. These words are also all nouns.

Answers

b cucumber c tomato d olives e milk f bread g grapes h potato

2 Write the names of the vegetables.

6 mins

- Ask pupils to look at the pictures, think what each one is and write the words. Check answers as a class.

Answers

b tomato c lettuce d carrot e cucumber f potato

Note:

Other common plural rules:

1 Most nouns that end in a vowel + *y* are like category 1 (e.g., boys, keys).
2 Most nouns that end in *–f* or *–ff* change to *–ves* (e.g., *knife/knives, loaf/loaves/, wife/wives, life/lives*).
3 Irregular plurals:
4 – 'vowel change' = *man/men, woman/women, mouse/mice, tooth/teeth, foot/feet*
– 'same in singular and plural' = *sheep, fish, deer*
– 'separate form' = *child/children*

3 Ask your partner. 6 mins

- Explain that pupils are going to practise spelling plural words as a spelling test for their partner.
- Write 2 book_, 2 pencil_, 2 apple_, 2 chair_, 2 friend_, 2 park_ on the board and elicit what goes in the underlined space. Pupils respond with 's'. Ask them why there is 's' needed. Give the words *singular* and *plural*. Explain that most nouns make their plural by adding *–s*, but there are nouns that make their plurals in other ways.
- Ask pupils to look at the 'Look' box at the top of page 65 of the *Activity Book*. Read through different ways that plural nouns are formed. For example:
  Row 1 – most nouns add *–s.* An example is *book* becomes *books.*
- Get pupils to work by themselves and choose six plural words that they want their partner to spell. They can look back through their Pupil's Book to find words. **Note:** Make sure they choose nouns, not verbs, adjectives, etc.
- Pupils look at Activity 3 on page 65 of the Activity Book and read Firas and Asma's speech bubbles. Ask for volunteers to read out each question and answer. Make sure the rest of the class follow.
- Put pupils in pairs and let them make similar conversations using the six words they have chosen.
- Monitor and support as necessary.

Rounding off

- Spend a few minutes at the end of the lesson to review with pupils what you have done together. Get them to tell you which parts of the lesson they enjoyed the most and the least.

Support/Additional

- Make five columns on the board and put the following words at the top of each column:

1	2	3	4	5
books	**boxes**	**countries**	**kangaroos**	**tomatoes**

- Write the following words randomly on the board and let pupils decide in which column they go.
  Sample words: cats (1), lions (1), watches (2), photos (4), elephants (1), potatoes (5), strawberries (3), countries (3), friends (1), camels (1), buses (2), dresses (2), babies (3)

  Alternatively, for more confident pupils, do the same as in the 'Support' activity above, but dictate or write on the board only the singular form. Pupils then have to decide on the plural form before writing it in the correct column.

Grade 5 TB_at level_BOOK.indb 114 27/06/2019 09:40

Unit 5 Lesson 6: Picnic by the lake

Aims: To read a story
To make your own story
To tell your story to a partner
To review third person singular forms of present and past tense verbs

Materials: *Pupil's Book* pages 78–79
Activity Book pages 66–67
Tracks 72–73 (AB)

Warmer 5 mins

- Start the class by asking pupils what day it is. Write the day on the board. See if pupils can tell you which month it is, and write that on the board.
- Play the *Singular/Plural* game: you say a word and pupils give you the plural with the correct pronunciation:
car cars /z/
cat cats /s/
bus buses /ɪz/
mango mangoes /z/
photo photos /z/
dress dresses /ɪz/
pen pens /z/
shoe shoes /z/
cherry cherries /z/
box boxes /ɪz/
- If you have time, you can also ask pupils to spell out the plural forms and write them on the board.

1 Listen and read. 10 mins

- **Note:** Some words can take either a singular or plural verbal agreement depending on how the speaker sees the team/group/class, etc. In the story, the family is seen as a single group.
- **Note:** The words *mum* and dad (*mummy/daddy*, *mother/father*) are usually written with initial lower case letters (as common nouns) rather than with initial capital letters (as proper nouns). However, here these words are used as names, and therefore they are proper nouns with capitals.
- Explain that pupils are going to listen to and read a story. Write the title of the story on the board and read it with the class.
- Get pupils to look at the 'Think and discuss' box. Read the questions together and elicit pupils' ideas.
- Explain that they are going to listen to a story about a picnic. Ask pupils to read the story as they listen. Play Track 72.
- Before you play Track 72 again, get pupils to do an action for each picture. Give pupils time to look at the pictures and think of some actions. Elicit ideas. For example:
Picture 1 – driving a car
Picture 2 – clapping or cheering
Picture 3 – laying down a cloth
Picture 4 – holding a fishing rod
Picture 5 – holding up a fish
Picture 6 – carrying some sticks/making a fire
Picture 7 – cooking a fish/turning a fish on the fire
Picture 8 – eating/passing a plate

Track 72
Listen and read.

1 *The family is going on a picnic to a lake. They are going there by car. Dad is driving, and Mum is next to Dad. Amal and Tariq are sitting in the back.*
2 *Everyone is happy.*
Amal: *What's in the picnic bag, Mum?*
Mum: *There's lots of food! Wait and see!*
3 *They get to the lake. It's a very hot day, and they find a big tree to sit under. They unpack the picnic bag.*
4 *Dad goes fishing in the lake. The children watch. Will he catch anything?*
5 *Yes! He catches a big fish.*
Tariq: *Look! Dad caught a fish. It's very big!*
Dad: *Let's cook it for the picnic.*
6 *The children collect sticks of wood, and Dad makes a fire.*
7 *Everyone watches carefully as the fish cooks on the fire.*
8 *They have a lovely picnic with lots of delicious things to eat. The fish is the best!*

Activity Book

1 Listen and say. 4 mins

- Explain that pupils are going to practise saying some words from the story and then using these words in phrases. Play Track 73, and ask pupils to repeat each word.

Track 73
Listen and say.

a *fire*
b *unpack*
c *catch*
d *sticks*
e *carefully*
f *delicious*

2 Now complete the phrases with the words from Activity 1. 6 mins

- Ask pupils to complete the activity individually and then check their answers in pairs. Make sure they understand they need to use each word from activity 1 once.
- Check the answers as a class. Practise saying the phrases.
- Now that pupils have practised saying some of the key words and phrases, they are ready to tell the story themselves. Put pupils in pairs. Allocate pictures 1, 3, 5 and 7 to Pupil A and pictures 2, 4, 6 and 8 to Pupil B. Ask pupils to tell their parts of the story to their partner.
- Monitor and support as necessary.

Answers

a <u>delicious</u> food
b make a <u>fire</u>
c <u>catch</u> a fish
d <u>unpack</u> a bag
e collect <u>sticks</u>
f watch <u>carefully</u>

3 Write the verbs with the correct endings. 6 mins

- Make sure pupils understand what they need to do: write the correct form of the verb given in bold.
- Draw pupils' attention to the 'Look' box. Read the sentences together and elicit the main point: in the present simple, the first and third person have different verb forms, but in the past simple, they have the same form.

Suggested answers

a watched
b goes
c likes
d made
e has
f does

4 Make your own story. Colour your answers. 8 mins

- Read the rubric as a class.
- Ask pupils to read the story and choose an option to complete each sentence. For example, in their story, is the family going on a picnic on Friday or on Saturday?
- Pupils should colour the options they choose, or they can put a line through the option they do not choose. There are no right or wrong answers.

5 Tell your partner your story. 6 mins

- Get pupils to tell each other their stories in pairs.
- Monitor and support as necessary.

Rounding off

- Spend a few minutes at the end of the lesson to review with pupils what you have done together. Get them to tell you which parts of the lesson they enjoyed the most and the least.

Additional/Support

- For slower readers, allocate only two of the pictures from the story for them to retell. Remember that pupils can either read the text or tell the story in their own words.
- For confident pupils, put them with a pupil who finds reading harder and let them read out the remaining parts of the story for the other pupil to follow. Again, they can choose to tell the story in their own words.

Grade 5 TB_at level_BOOK.indb 116 27/06/2019 09:40

Unit 5 Lesson 7: Check my Understanding

Aims: To review and check understanding of the story in Lesson 6
To retell the story in pairs
To tell their own story about a picnic
To read about food for a picnic
To learn to spell four high-frequency words (*some*, *half*, *would*, *any*)

Materials: *Pupil's Book* pages 80–81
Activity Book pages 68–69

Warmer 3 mins

- Start the class by asking pupils what day it is. Write the day on the board. See if pupils can tell you which month it is and write that on the board.
- Ask pupils if they have ever been on a picnic and ask them questions (including *Wh-* questions) to elicit more information. Have a class discussion.

1 Look at the story in Lesson 6. Can you put the sentences in order? 6 mins

- Ask pupils to work individually and complete the first activity on page 80 of the *Pupil's Book*. Tell them that they should not look back at pages 78 and 79 at this stage.
- Explain that pupils should read all the sentences first and then decide which sentence comes after number 1, which comes after number 3, and so on.
- Ask pupils to compare their answers in pairs. If necessary, pupils can look back at pages 78 and 79 to confirm their answers.

Answers

1 The family went on a picnic. 2 They got into the car. 3 They drove to the lake. 4 They got out of the car. 5 First, they unpacked the picnic bag. 6 Then Dad went fishing in the lake. 7 The children watched dad fishing. 8 Dad caught a fish. 9 The children found wood for the fire. 10 They cooked the fish. 11 They ate the fish and all the picnic food. 12 It was a great day.

2 Tell the story with your partner. 5 mins

- Ask pupils to look at the last activity on page 80 of the *Pupil's Book.*
- Put pupils in pairs and tell them to work together to retell the story. Get pupils to look at Kareem's and Asma's speech bubbles at the bottom of the page. Ask for volunteers to take the roles of Kareem and Asma. Ask for volunteers to give the next two events in the story:
  They drove … to the lake.
  They got out … of the car.
- **Note:** This is a chance for pupils to retell the story. It is not important that they get all the detail, but rather that they can put together simple sentences about the main events. Ideally, ask pupils to cover the activity at the top of the page 80. However, if they get stuck, tell them that they can have a quick look.
  Monitor and support, but do not correct, let pupils speak freely.

3 Write your own story. 10 mins

- Explain that pupils are going to make their own story about a picnic. Ask them to look at page 81 of the *Pupil's Book.* Get pupils to tell you what they can see in the picture. For example:
  There are mountains, a river, trees, grass and a picnic.
  For the picnic, there is fruit and salad.
  For the picnic, there are sandwiches and cookies (biscuits).
- You can choose to do this activity in two ways: either pupils can work together to decide how to complete the blanks, or pupils can work by themselves and then compare their ideas and decide whose story it better.
- Ask for one or two volunteers to read out their stories. As the class listens, get them to put up their hands when they have written the same things.

Grade 5 TB_at level_BOOK.indb 117 27/06/2019 09:40

Sample answers

We are going to the mountains.
In the picnic bag I put …
Lots of sandwiches and cookies
Some fruit and some salad
We got into the car.

First, we played games.
Then, we unpacked the picnic bag.

Activity Book

1 Read about Asma's day and write the food in the correct place. 4 mins

- Ask pupils to open the *Activity Book* on page 68 and look at Activity 1. Read the rubric together as a class.
- Ask pupils to look at the three pictures and say where or what each picture shows: *a fridge*, *a kitchen*, a *supermarket*.
- Ask pupils to work by themselves and read about what Asma did on Saturday. They should write the food for the picnic in the correct place.
- Ask pupils to check their answers in pairs. Ask for volunteers to read out what food is in the fridge, in the kitchen and in the supermarket.

Answers

Fridge: meat, chicken, lettuce, tomatoes, cucumbers, cheese
kitchen: olives, apples, lemonade, cake
supermarket: bread, biscuits, chocolate

2 Ask and answer. Test your partner. 4 mins

- Get pupils to look at Activity 2 at the top of page 69 of the *Activity Book*. Read Kareem and Asma's speech bubbles. Put pupils in pairs – Pupil A asks questions and can look at page 68, Pupil B answers from memory. Pupils swap roles.

3 Circle all the past tense verbs in Asma's day. 4 mins

- Make sure pupils understand the rubric then ask them to find and circle all the past tense verbs in the text on page 68.

Answers

went, looked, was, were, needed, went, wanted, made, cooked, had

4 Write the past tense of these verbs. 3 mins

- Ask pupils to write the past tense forms. Ask for volunteers to say the words and to spell them.

Answers

a went b looked c needed d wanted e made f cooked

5 Look, say, cover, write, check. 6 mins

- The four words for this unit are *some*, *half*, *would*, *any*. Lesson 1 of Unit 6 has a spelling test of these four words.
- Ask pupils to look at the activity at the bottom of page 69 of the *Activity Book*. Remind pupils to use the 'Look, say, cover, write, check' strategy and write the words in the 'Write 1' column.

Rounding off

- Spend a few minutes at the end of the lesson to review with pupils what you have done together. Get them to tell you which parts of the lesson they enjoyed the most and the least.

Support/Additional

- For less confident pupils let them work together with another pupil and complete only the first part of the 'My picnic' story up to the sentence 'We got into the car'. Then pair them with a more confident student who can explain what they put for the remainder of the story.
- For more confident pupils let them work by themselves to complete the 'My picnic' story. Then pair them with a student who has only completed the first half of the story. They can then explain what they have written and help the less confident pupils to complete the remainder of the story.

Unit 5 Lesson 8: Is there …? Are there …?

Aims: To listen to and say a rhyme
To review food and drink vocabulary in a guessing game
To review countable and uncountable nouns
To review containers
To discuss and write about food preferences

Materials: *Pupil's Book* pages 82–83
Activity Book pages 70–71
Track 74

Warmer 3 mins

- Start the class by asking pupils what day it is. Write the day on the board. See if pupils can tell you which month it is, and write that on the board. Now see if pupils can tell you what date it is, and write that on the board.
- Start a discussion on food preferences depending on the situation or the place. Ask pupils what food they prefer to eat, e.g., at a birthday party, at an expensive downtown restaurant, by the seaside, in the mountains. Make sure all pupils participate.

1 Listen and tick (✓) all the things you hear. 5 mins

- Tell pupils they are going to say a rhyme. Ask them to look at page 82 of the *Pupil's Book* and read the name of the rhyme (*Grapes and apples*).
- Ask pupils to read all the words on the left-hand side of the page. Go round the class and get volunteers to read a word each.
- Ask pupils to cover the rhyme so they are just looking at the words on the left-hand side. Explain that they are going to hear the rhyme and that they should tick all the words they hear. Play Track 74.
- Elicit the words pupils heard.

Track 74
Listen and tick (✓) all the things you hear.
Grapes and apples
Grapes and apples,
Salad and soup,
Dates and pears,
Bread and cherries,
Chicken and cheese,
Meat and rice …
All these things are very nice!

Are there any lemons for my tea?
Are there any cakes just for me?
Is there any ice-cream? It's so hot!
If there is, I would like a lot!
Are there any eggs?
Is there any fish?
Please put these things in a dish!

Answers
pears
fish
soup
chicken
lemons
cherries
ice-cream
cakes

2 Listen again and say the rhyme. 4 mins

- Play Track 74 again. Ask pupils to uncover the rhyme and to listen and follow. Encourage them to say the rhyme quietly to themselves as they listen, or to clap along to the rhyme.
- Play Track 74 once more. Encourage pupils to say the rhyme out loud as a whole class.

3 Look, play and say. 10 mins

- Explain that pupils are going to play a game in pairs. One pupil secretly chooses a plate of food/drink. Their partner has to try to guess which plate it is, using only three questions. If they get the correct plate using only three questions or fewer, they score a point. Pupils should write their scores in their notebooks.

Grade 5 TB_at level_BOOK.indb 119 27/06/2019 09:40

- Ask pupils to look at the pictures of all the food/drink on the plates. Point out the characters below, and explain that Kareem has secretly chosen plate number 3. Read the questions Jena asks:
  1 *Is there any salad on this plate?*
  Kareem answers: *Yes, there is.*
  (So, it could be plate 1, 3, 4, 6, 10, 11 or 13.)
  2 *Are there any strawberries on this plate?*
  Kareem answers: *Yes, there are.*
  (So, it could be plate 3 or 5, but it can't be plate 5 because there is no salad.)
  3 *Is there any meat on this plate?*
  Kareem answers: *Yes, there is.*
  (Now we know for certain that it can only be plate 3, because that is the only plate that has salad, strawberries and meat.)
- The food items are: burgers, salad, banana(s), fish, bread, meat, strawberries, sandwiches, cheese, biscuits/cookies, chicken, soup, a pear, pizza, a lemon, tea/a cup of tea, cherries, cake, candyfloss, kebab, watermelon, sweets, ice-cream, grapes.
- Put pupils in pairs and let them play the game.
- Monitor and support as necessary.

Activity Book

1 What do you think? Put the food in order. 4 mins

- Ask pupils to look at page 70 of the *Activity Book*. Explain that they should write the foods on the lines in order from *I like best* (e.g., favourite) to *Not my favourite*. There are no right or wrong answers here – pupils can order the foods according to their own preferences.

2 Which food is uncountable? Which foods are countable? Write *U* or *C*. 4 mins

- Ask pupils to work in pairs to review which foods are countable and which are uncountable. They should write *U* or C in the blank squares. Do a class check.
- **Note:** Although *cake* and *pizza* are uncountable, individual cakes and pizzas are countable.

Answers
cake U
cherries C
dates C
eggs C
ice-cream U
lemons C
pears C
pizza U
plums C
soup U

3 Ask and answer. 3 mins

- Put pupils in pairs and get them to use Fawzi's and Asma's speech bubbles to practise asking and answering about the food they like, prefer and don't like.

Unit 6 Lesson 1: In the City

Aims: To learn vocabulary for shops
To talk about which shops sell what things
To revise prepositions (*between, behind, next to*) and learn *opposite*
To identify where shops and public buildings are

Materials: *Pupil's Book* pages 86–87
Activity Book pages 72–73
Tracks 75–76 and 78–79 (AB)
Notebooks or plain paper for Additional/Support section

Note

Shop names

- In British English, a number of shop-type names (*butcher's, grocer's, greengrocer's*) are often referred to with the apostrophe *s* but without the word shop (i.e., the names are *butcher's shop, grocer's shop, greengrocer's shop*) but the 'shop' is dropped because it is implicit.
- You can also say *butcher, grocer* and *greengrocer* without the apostrophe *s*.
  For example:
  I'm going to the butcher's now.
  I'm going to the butcher now.
- In American English, it would be more common to find *butcher shop* without the apostrophe *s*. Other names such *as meats, meat market, meat company* are also used.
  Note 1: You can either say *bakery* (*for the shop)* or *baker's* (*shop*).
- In British English, the name *chemist* or *chemist's* (*shop*) is also used for a *pharmacy.*
  Note 2: Bank accounts are used for both saving money, for paying in money and for withdrawing (taking out) money.

Spelling test

- Help pupils to find the spelling test grid on page 108 of the *Activity Book*. Explain that you will say the four words they have been practising in Unit 5 and that they should write down each word you say in the box for Unit 5.
- Check that pupils are ready to write. Say the first word, *some.* Let pupils write the word in the first row next to number 1. Continue with the remaining three words (*half, would, any*).
- You may want to collect in the books and mark them yourself. Alternatively, get pupils to read the words back to you and write them on the board. Pupils should then swap books and mark their partner's spellings.

Warmer 3 mins

- Start the class by asking pupils what day it is. Write the day on the board. See if pupils can tell you which month it is and write that on the board.
- Tell them they are going to talk about shops. Say *Which shops do you like to go to*? Elicit ideas in Arabic, if necessary..
- Ask pupils to open the *Pupil's Book* on page 86. Read Fawzi's speech bubble and ask *Why do you think Fawzi likes living in the city? (Because he likes the shops.)*

1 Listen, look and say. 5 mins

- Ask pupils to look at the *Pupil's Book* on page 86. Ask them how many pictures of shops they can see (8).
- Play Track 75 a first time to familiarize pupils with all eight shops. Ask pupils to point to the shops as they listen.
- Play Track 75 again for pupils to listen and repeat. **Note:** *'clothes'* is a difficult word to pronounce – let pupils repeat it two or three times.
- Practise saying all the shop names together as a class.
- Then point to each shop and ask for volunteers to give the name.

Grade 5 TB_at level_BOOK.indb 124 27/06/2019 09:40

Track 75
Listen, look and say

1 *bakery*
2 *toy shop*
3 *pharmacy*
4 *bank*
5 *fruit and vegetable stall*
6 *butcher's*
7 *clothes shop*
8 *shoe shop*

2 Match the words to the pictures.

5 mins

- Ask pupils to look at the second activity on page 86 of the *Pupil's Book*.
- Working individually, ask pupils to write picture number next to the correct shop name. Let pupils check in pairs. Monitor and support.
- **Note:** remind pupils that *ph* make the sound */f/*. Elicit other words they know with *ph* (*photo, telephone*).

Answers

clothes shop 7 butcher's 6 shoe shop 8
pharmacy 3 fruit and vegetable stall 5
bank 4 toy shop 2 bakery 1

3 Can you answer the questions?

4 mins

- Ask pupils to look at the three questions at the bottom of page 86 of the *Pupil's Book* and decide on the name of the shop. Let pupils check with a partner to see if they have the same answers.

Suggested answers

1 You can get meat from a butcher's.
2 You can get bread from a bakery.
3 You can get money from a bank.

4 Write the words under the pictures.

6 mins

- **Note:** Two prepositions often confused: *in front of* and *opposite*
- Pupils have met *in front of* before (for example, Grade 3, Unit 6, Lesson 6).
The two prepositions *in front of* and *opposite* are often confused in English. Both are prepositions of place and tell us where something is located.

In front of

In front of refers to objects and people that are **ahead of** something else or someone else. So, *in front of* refers to a progression from back to front. The antonym of *in front of* is *behind*.

Examples:

The blue car is in front of the red car. (The red car is behind the blue car.)
Adam sits in front of Ben. (Ben sits behind Adam.).
Put your books on the desk in front of you and your bags behind your chairs.

Opposite

Opposite refers to something that is **facing** another object. So, *opposite* refers to two objects or people that are looking at each other. Two synonyms for *opposite* are *facing* and *across from*.

Examples:

Sarah's house is opposite Lina's.
The bakery is opposite the bank.
There is a park opposite the school.

- The following two bullet points describe how you can review and introduce prepositions of place in a fun way by using pupils to demonstrate position. Alternatively, you can go directly to page 87 of the *Pupil's Book* and use the illustrations in the activity at the top of the page.
- Demonstrate the prepositions *behind*, *next to* and *between.* Pupils have met these three prepositions before. You can demonstrate by getting three pupils to come to the front of the class. First get two pupils to stand next to each other.
  - Ask *Where's* (*Pupil A*)? elicit ideas – these might include *He's in the classroom* and other ideas, but you are looking for *He's* ***next to*** (*Pupil B*).
  - Next add another pupil to the row so that (*Pupil A*) is in the middle. Ask *Where's* (*Pupil A*)? elicit ideas – these might include *He's next to* (*Pupil B*)/

Grade 5 TB_at level_BOOK.indb 125 27/06/2019 09:40

He's next to (*Pupil C*) and other ideas, but you are looking for *He's **between** (Pupil B) and (Pupil C)*.
- Repeat the activity, putting pupils **opposite** each other and then **behind** each other.
- Tell pupils to look at the pictures and write the correct words under each one.

Answers
1 opposite
2 next to
3 between
4 behind

5 Listen and say which shop. 4 mins

- Ask pupils to look at the second activity on page 87 of the *Pupil's Book*. Give pupils time to look at the street map. Say the names of shops and let pupils find them.
- Explain that they are going to listen to someone saying where a shop is. Pupils should say which shop it is.
- Play Track 76 and let pupils listen and follow. Do not ask for answers yet.
- Play Track 76 again. Pause after each direction and elicit which shop it is.

Track 76
Listen and say which shop.
1. *It's on Blue Street behind the park. (the mosque)*
2. *It's on Yellow Street opposite the bakery. (the toy shop)*
3. *It's on Yellow Street between the toy shop and the pharmacy. (the bank)*
4. *It's on Red Street opposite the fruit and vegetable stall. (the butcher's)*
5. *It's on Yellow Street next to the bank, on the left. (the pharmacy)*

- Write the words *cherry, strawberry, very, ready* on the board. Get pupils to say them. Show pupils that the 'y' at the end makes the same *long ee* sound.

Grade 5 TB_at level_BOOK.indb 126 27/06/2019 09:40

- Play 🎧 Track 78. On first play, ask pupils just to listen. Pupils work in pairs – they should say the word together and decide if the underlined letters say *e* or long *ee*.

Listen and say.
Where were you at nine o'clock yesterday morning? I was at school.

- Ask pupils to practise saying sentences 1 and 2 quietly to themselves.

Note

- In English, when we talk about time and place we use *in, on*, and *at*.
- Some prepositions are rather easy for English learners to understand: *behind, over, under, next to, etc*… But *in*, *on* and *at often* cause confusion.
- For describing **time** and **place,** the prepositions *in*, *on*, and *at* go **from general** to **specific.**

Time
in refers to ***longer*** period of time:

months	in April
years	in 2019
decades	in the 1990s
centuries	in the 21st century

on refers to a ***shorter*** period of time:

days	on Monday
dates	on 5th May
holidays:	on Teacher's Day

(NB when the word 'day' is part of the holiday name)
at refers to the most specific times, and for holidays without the word 'day':

a specific time	at 2 o'clock/at midnight/ at bedtime
holidays/festivals	at Eid

Place
in refers to **largest and most general places:**

countries	in Libya/in Egypt
cities	in Tripoli/in London

Note all these places have a boundary.
on refers to more specific places:

streets/roads	on Station Street/on Oxford Road
large vehicles (buses, trains, ships, planes)	on the train/on a ship

Note: but **not** as a **means** of travel, e.g., by bus, by plane)
at refers to the most specific places:

exact addresses	at 14 Oxford Road
specific locations	at school, at home
	at the corner of Long Street and Park Street

Note: 'on the corner' (as a general position)

Activity Book

1 Write the word and phrases on the clock (time) or on the map (place). 3 mins

- Pupils have so far met and used *in*, *on* and *at* with both expressions of time and place.
- Do not try to explain the reasons behind why and when we use *in*, *on* and *at*. It is best that at this stage pupils learn these phrases as 'chunks' that they will then get to know 'sound correct' without having to wonder why it is *in October* and **not** ~~on October.~~
- Ask pupils to open the *Activity Book* on page 76 and read the 'Look' box. Tell pupils they need to check the 'Look' box when doing Activity 1.
- Let pupils work by themselves to do Activity 1. Make sure they see that the left-hand box is about **time** (a clock picture) and that the right-hand box is about **place** (a map picture).
- Put pupils in pairs and let them check. Class check.
- If time, ask for volunteers to make sentences for each of the phrases in the box in Activity 1.

Answers
Time: at six o'clock, in October, on Monday
Place: behind, in front of, near, In Tripoli, next to, opposite

  - Say a *time, day*, *month* with an everyday activity (*get up*, *go shopping*, *play football*, *see my friends*, *buy new clothes*, *go to bed, finish school, go on holiday, etc.*).

    *I get up **at** 7.30. / I go shopping **on** Saturday. /*
    *I go on holiday **in** July.*
  - The first team to respond with a correct sentence gets a point.
  - **Note:** you can repeat this game for prepositional phrases of **place** with *in*, *on* and *at* using countries, cities, streets/roads, house numbers.
    I live in Libya.

You might like each pupil to be responsible for just one or two drawings and captions – they can put these together to form the final poster.
- **Note:** Explain that the project is for pupils to express their own ideas and that there is no right or wrong. The example poster on page 99 of the *Pupil's Book* is given as an example and not as something for pupils to copy. Note also that it is not necessary for pupils to have the same number of pictures and captions – it is for them to decide.

Listen and say the rhyme

The city is my favourite place,
There are lots of things to do.
There are shops with clothes and shoes and toys,
There are butchers and bakeries too.
There are lots of shops on Blue Street,
Where you can buy books and toys.
There are even more shops on Red Street,
For mums, dads, girls and boys.

I like going to the market,
And I hope we can buy cherries.
I like to look at the bread and cakes,
Maybe we'll buy strawberries.
But my favourite place of all
Is where I go at the weekends
It's near my house and near my school
And I go there with my friends!

- Explain the rules and let pupils follow what you say.
- Rules:
  1 Both pupils put your counters on space 1.
  2 Both close your eyes and point to a number on the number circle.
  3 The pupil with the highest number starts and moves that number of spaces and completes the sentence. If it is not correct first time, the pupil misses a go.
  4 The second pupil moves their number of spaces and completes the sentence. If it is not correct first time, this pupil misses a go.
  5 Pupils continue to select numbers from the game circle until one gets to 'Finish'.

Activity Book pages 88–89
🎧 Tracks 94–95 and 104
Notebooks and plain A4 paper for the **Additional/Support** activity

Warmer 4 mins

- Start the class by asking pupils what day it is. Write the day and the month on the board. In this unit pupils are going to look at the seasons and months of the year.
- Revise the names for months. See if pupils can tell you which month it is and write that on the board.
- Say *January* and see if pupils can follow with *February*. Let them continue (*March, April, May, June, July, August, September, October, November, December*), but when they hesitate, give them the next month and see if they can pick up the list.
- Practise with two sequencing games. Say *January, February*, (pupils: *March*), *April, May,* (pupils: *June*), etc. Then say *January*, (pupils: *February*), *March*, (pupils: *April*), etc.

1 🎧 94 Listen, read and point. 6 mins

- Ask pupils to look page 104 of the *Pupil's Book*. Read the unit title (Weather and Travel) and the lesson title (The Seasons). In the UK and much of the Western world, the year is divided into four seasons, depending on the weather that is most typical in those months.
- Ask pupils to look at the four scenes in the picture at the top of the page.
- Play 🎧 Track 94 and ask pupils to read and follow as they listen.

- See if pupils can say which of the three verbs is regular (*loved*). Ask how they know. (Regular verbs end in *ed*.) Ask pupils to read the 'Look' box at the top of page 99 of the *Activity Book*.
- Ask pupils to write the verbs in the boxes and identify them as regular or irregular. (Some of the verbs appear in their past forms on page 115 of the *Pupil's Book* – pupils can look back to find them.) Check again that everyone understands how to recognize a regular verb.
- Elicit answers. You could get pupils to come and write the verbs on the board.

To do a project – to make a poster about a favourite holiday
To learn to spell four high-frequency words (high, through, think, thought)

Materials: *Pupil's Book* pages 116–117
Activity Book pages 100–101

Warmer 5 mins

- Start the class by asking pupils what day and month it is. Write the day and the month on the board.
- On the board, write the following ways of traveling:
fastest, *slowest*, *on foot*, *by car*, *by plane*, *by train*, *by boat*, *by bus*, *by bicycle*
- Ask pupils to number the ways of traveling from 1 for the fastest to 7 for the slowest. Do a class check.

Grade 5 TB_at level_BOOK.indb 161 27/06/2019 09:40

- Ask *How do you go to school?* Elicit answers around the class.

3 Choose your favourite holiday and make a poster about it! 10 mins

- Explain that pupils are going to make a poster about their favourite holiday. The holiday can either be a real or an imagined holiday.
- **Note:** You will need to decide how best to organize your pupils for the poster project, in pairs or groups. You might like each pupil to be responsible for just one or two drawings and captions – they can put these together to form the final poster.
- Remind pupils that they should express their own ideas and that there is no right or wrong. The example poster on page 117 of the *Pupil's Book* is given as an example and not as something for pupils to copy. Note also that it is not necessary for pupils to have the same number of pictures and captions – it is for them to decide.
- Ask pupils to open the *Pupil's Book* on page 117. Give pupils time to look at the pictures about the holiday in Jordan and read the captions for each picture.
- Put pupils into pairs or groups (as in the first bullet point above).
- Let pupils have time to choose their favourite holiday and decide what they are going to draw and write for the captions.

Activity Book

1 Write the words and the punctuation in order. 5 mins

- Read out the rubric (as a class or individually). Ask pupils to look at the words in boxes a–e. Explain that they need to rearrange the words and punctuation in each box so that they make sentences.

- Put pupils in small groups of four. Explain that they are going to make a new story called 'Our dream'. Pupils do not need to write anything (but they can make notes in their notebooks if they want to).
- Explain that you want them to tell a similar story to Kareem's but that they should change some of the details. For example, they can change: the day, the country, the time, how they travel, where they are on the first day, what they take a photo of, who they show the photo to, what they win.
- Give pupils about five minutes to discuss the changes they want to make to the story. Get each pupil in the group to prepare to say two or three parts of the story.
- Groups tell their 'Our dream' stories to the class.

- Ask pupils to read the rubric and the text in the box.
- Write *V*, *SP*, *C*, *WO* and *WW* on the board. See if pupils can tell you what the correction marks mean. Demonstrate using five sentences (as below) and get pupils to say which symbol is needed.
  I is from Libya. (V)
  My hair is blak. (SP)
  I live in tripoli. (C)
  What your name is? (WO)

- Put pupils in pairs. Read out the text 'Kareem's Dream' and let pupils follow.
- Give pairs time to think about the necessary corrections.
- Write *V*, *SP*, *C*, *WO* and *WW* on the board. Elicit the correction for each symbol, and write it next to the correction symbol.

Answers

C	It is Saturday and it's a rainy day.
SP	He wants to go to France.
WW	He and his family are going on holiday to France.
WO	They are going by plane.
V	He is showing his teacher the photo that he took on holiday.

2 What are the new words you know? Write six new words here and remember them. 6 mins

- Remind pupils that they can choose any new words that they have learnt in Unit 7. Give them time to look back through their *Pupil's Books* and *Activity Books* to find words they like and write them down.
- Put pupils in pairs. Ask them to swap their *Activity Book* with their partner. They have to test each other on the spelling of their six new words. One pupil reads out one of their partner's chosen words; their partner has to write it down on a piece of paper. When both pupils have written all six of their words, they can take their own *Activity Book* back and check their answers.
- Elicit some examples of words pupils have chosen.

3 Read and circle the correct verbs. 6 mins

- Ask pupils to complete the activity individually. Then elicit the answers.

Answers

a going to play
b swam
c saw
d bought

h works

Rounding off

- Spend a few minutes at the end of the lesson to review with pupils what you have done together. Get them to tell you which parts of the lesson and Unit 7 they enjoyed the most and the least.

Additional/Support

- For less confident pupils, allocate only one part of the story 'Our dream' for them to tell the class. Alternatively, they can be the character in the dream (like Kareem) and say the words he speaks.
- Get confident writers to write down parts of the story for other pupils.

Now I Can ...

- Before moving on to the next unit, take time to look at the *Now I can* ... statements with the class. You can either do this at the end of this lesson or at the start of the next one. Read through each statement individually, clarifying

Grade 5 TB_at level_BOOK.indb 164 27/06/2019 09:40

meaning where necessary. Then ask pupils to put up their hands if they agree they can now do what the statement says. If they can, they should tick the box. However, there may be some pupils who don't feel confident about one or more of the statements. Make it clear that these pupils should not be afraid to say if they are having difficulty.

- Pupils must feel free to express this and need to know that teachers will give help wherever it is needed. If a lot of pupils are having difficulty with one of the statements, you may want to go over it again with the whole class; if only one or two pupils express difficulty, you might prefer to give those pupils some extra help individually.

Unit 8 Lesson 1: The Challenge

Aims: Review: the language and structures from the previous 3 units.
Materials: *Pupil's Book* page 122
Activity Book page 88
Track 106

Note

- Unit 8 is another revision unit. There is less material to cover in the four lessons that make up these units than in the other lessons.
- The intention is to give teachers the opportunity, at these points in the school year,:
  - to catch up with unfinished work
  - to review particular areas that pupils found difficult
  - to do more of the Additional/Support activities given at the end of most lesson notes in the Teacher's Book
  - to let pupils have time to do the more creative, project-based types of activity and to finish off any outstanding project work they have not had time to do.

Warmer 4 mins

- Start the class by asking pupils what day it is. Write the day on the board. See if pupils can tell you which month it is and write that on the board. Now see if pupils can tell you what date it is and write that on the board.
- Ask pupils how often they take part in quizzes, either at school or outside school. Elicit the kind of quizzes/challenges (these can also include sports challenges and competitions) they have done and whether they enjoy them. If they do not do quizzes themselves, ask if they like to watch quizzes on TV.

1 Today you have a class challenge. Test yourself. Choose your team, A or B. 7 mins

- Ask pupils to open the Pupil's Book on page 122 and explain that they are going to take part in a challenge. Ask How many teams are there? (2), What is the name of each team? (Team A and Team B).
- Put pupils into small groups, tell them to choose which team they want to be in and to write the letter on the line next to the word "Team". Make sure that half the class choose Team A and half choose Team B.

2 Work together and answer your team's questions. 10 mins

- Ask teams to answer the Team A or Team B questions and get them to write their answers. When they have finished, tell Team A to swap their books with Team B for marking.
- **Note:** There are several possible answers for a few of the questions, e.g., question 1 for both Team A and B in the quiz. The test is that pupils give a correct and reasonable answer.

3 Listen and check. (✓) = 1 point. Who is the winner? 8 mins

- Play Track 56 and get pupils to check the answers of the opposite team. Ask them to add up the total number of points, write them at the bottom of the page and give the answers back.
- Check how well each team did and which questions they got wrong. Pupils should now write the answers (the correct answers) into the *Pupil's Book*.

- Read the rubric together as a class. Get pupils to read the words in the box.
- You can do this activity in two different ways:
  1) Get pupils to complete the song in pairs before they listen to it. Then play Track 107 so that they can check their answers.
  2) Play Track 107. Pupils listen to the song and check which word goes in each gap.
- Play Track 107 again for pupils to sing along and to clap along to the rhythm.

Track 107
Listen and sing. Write the missing words.

There's going to be a party!
It's the end of Primary 5.
We're going to have a party,
For you, and you, and me.
We're going to have a party!
You must come and see!
We're going to have lots of fun,
And everyone is going to come.
We're going to have a picnic,
And play in the park.
We're going to stay there very late,
And go home when it's dark.
We're going to have cake and jelly,
Strawberries and big, red cherries!
There are going to be games,
There are going to be races,
There's going to be a quiz
About countries and places!
So, please bring your friends!
They can all come along!
Now, let's get ready,
And sing this song!

Activity Book 20 mins

1 Play the *I can say much more in English* game.

- Read the rubric together as a class and get pupils to read the box under the rubric.
- Ask some checking questions:
  Do you need to use the game circles? (Yes.)
  Where are the game circles? (At the back of the *Activity Book*.)
  Do you need a counter? (Yes.)
  Where do you start the game? (At number 1.)
  Who is the winner? (The pupil who reaches number 20 first.)
- Ask pupils to quickly make a counter, or to reuse one they have made for previous games.
- Explain that pupils should move their counter according to the number they select on the game circle. For example, if they get a 5, and their counter is on number 11, they can move their counter five places forward to number 16. Remind pupils that if they cannot answer the question or get it wrong, then they miss a turn.
- Pupils play the game in twos or threes.
- Monitor and support as necessary.
- **Note:** Many of the questions have several possible answers. Some examples are given below.

Suggested answers

4 Pandas are from China.
7 A shark is dangerous.
15 You can buy cakes and cookies from the bakery.
19 take
21 mine
22 plane

Rounding off

- Make the last lesson a celebration of all the work pupils have done and what they have achieved.
- If you have put their work on the walls, then refer to it and remind pupils of the different topics they have covered.
- Finish the class by getting everyone to clap and say *Well done!*
