1 Read about a teacher's job.

I work in a small primary school. The school has classes from Grade 1 to Grade 6. I teach English, maths and science to the younger children from ages 6 to 9. Children also have lessons in art, Arabic, RE and PE. There are about 400 children in the school.

School starts at 8 o'clock in the morning and finishes at 1 o'clock. Most pupils bring a lunchbox with them but some children buy food and drinks from the school canteen. We have two breaks. This gives the children time to play in the playground and to have a snack – some fruit, a drink and a biscuit.

I get to school very early at 7 o'clock. I like to get everything ready before the children arrive. This week, in our English lesson, we are doing a poster project about healthy food and drink. Pupils need big pieces of paper, scissors, glue and crayons. After the lesson, we are going to have special healthy snack. Pupils made snacks at home with their parents and are going to bring them to school.

When you open a book do you think about how paper is made?

The history of paper

History books tell us that paper was invented in China more than 2,000 years ago, but the Ancient Egyptians made a type of paper from papyrus plants a long time before this.

Paper is everywhere

We use paper for so many things that we can't think about a world without it.

Does your family read newspapers, magazines and books?

We use boxes, paper towels, paper bags and many more paper things every day. In the classroom, we write on paper every day. Paper is everywhere!

What is paper made from?

Most paper is made from wood, but there are other materials that can be used. Paper can be made from cotton, grass, straw, sugar cane, or even from beets.

Beets growing on a farm

Looking after trees

It is important that we conserve trees by recycling paper. Many of the paper products we use today are made with a large percentage (%) of recycled paper.

My dad and mum can use the laptop for work or at home. Hiba and I can use it in our bedrooms for homework. We can search for information when we have a school project.

Mum says we can email our friends and family, but we must have safe passwords. We should remember the password but we shouldn't write it down, and we must only share information and photos with friends and family.

We looked at lots of laptops. Some were too big and some were too small. A lot of laptops were too expensive. It took a long time to choose the best one for our family.

Subject: Our birthday party

My family is very excited this week because [1]at Saturday we're having a party for my grandpa's birthday. He doesn't know about it and it [2]won't be a big surprise.

The party is going to be [3]on our house. We're very busy getting everything ready. I wrote a list of the things we need to do. We want to help our mum and dad. I'm going to help mum to clean the sitting [4]house and Taher is going to tidy [5]her bedroom.

On Friday, we're all going to go shopping to [6]make the presents and the party food. We're also going to buy some new clothes.

On Saturday morning, I'm going to help mum to do the cooking. Dad [7]but Taher are going to put [8]down the decorations. Ali is going to [9]bake a card for grandpa. I think we should help him to do the drawings and make any cut-outs. Dad is going to wrap up grandpa's [10]shopping and we will help him.

I won't see you this weekend because I'm going to be [11]two busy. I'll see you in school on Sunday and tell you [12]for the party.

Dad bought her a pretty new dress. I think it's made from cotton. It's blue and white with pink flowers.

Mother's Day

Mother's Day is a day to show love and thanks to all wonderful mums everywhere by helping at home and by giving presents and flowers.

Mother's Day celebrations go back many thousands of years. The date that countries celebrate this day is different around the world. In some countries the date is in May and in others, like Libya, it comes earlier in March.

On Mother's Day, most people give presents and cards to show their mothers how much they are loved. Flowers have always been the traditional gift for mothers. Today, they are still a favourite present, as well as chocolates and many other things.

Many families go out to restaurants to celebrate so that the mums do not need to do the cooking.
