Introduction

21st Century English for Libya is a modern, engaging course, which integrates a general English syllabus with an element of 21st century skills, such as study skills, teamwork, critical thinking and problem-solving – the essential skills for students of English to thrive in the 21st century.

This level of *21st Century English for Libya* has been developed for teaching English to children in the sixth year of primary. The course is a colourful, engaging way to introduce children to English. It follows an integrated approach to skills development and initiates children in literacy in English through a systematic programme of motivating activities, games, songs and stories.

Throughout the *21st Century English for Libya* course, there is inclusion of 21st century skills – the skills that will enable young people to live and work effectively in modern society. Skills such as collaboration, communication, critical thinking and creativity are developed and recycled all the way through the course.

In the primary levels of the course, 21st century skills are featured in the lessons through activities like pairwork, puzzles, stories, 'find the difference' activities, dialogue practice and games. In *Primary 6*, the four basic 21st skills of communication, collaboration (working effectively with others), critical thinking and creativity are regularly built in to activities; those activities are flagged with the 21st century icon.

The course provides integrated speaking activities that give opportunities to repeat language, practise pronunciation and develop fluency in a meaningful context. The recorded materials also provide a model for speaking activities and a reference for pronunciation for both pupils and teachers.

Pupil's Book (PB)

This book presents language and structures through its large, colourful pictures, songs, rhymes, listening to stories, and speaking activities.

Grade 6 TB_at level_BOOK.indb 4 29/07/2020 14:50

Stories
The Pupil's Book includes three stories [When I Grow Up, Looking After Ali and A Card for Our Teacher]. See page 8 for ideas about how you can use stories with your pupils.

Book Map
At the beginning of the PB there is a Book Map which provides a summary of the theme vocabulary and language covered in each lesson. The Book Map is not intended for pupils to use but it will be helpful for parents, giving them a clear picture of what their children are learning throughout the academic year.

Activity Book (AB)

In the Activity Book, children continue to practise their literacy skills. The AB provides further practice and development of language skills and includes recycling of vocabulary and grammar from the PB.

Teacher's Book

This book has been written in order to give teachers as much support as possible. It includes detailed lesson notes, listening scripts, additional activities (extension and support), homework ideas and language games.

There is also an audio file which provides model pronunciation as well as the key vocabulary and language covered in the course.

The lesson notes clearly explain the procedure for teaching the language and grammar that's covered in each lesson.

Teacher's Resources
Teacher's Book
Audio (rhymes, songs, texts, stories, pronunciation)

Audio
The audio provides a rich variety of recorded materials, such as songs, dialogues, stories, look, listen and say activities, rhymes, instructions and descriptions. Children are encouraged to interact with the material non-verbally by matching, circling, ticking, pointing and doing actions.

The recorded materials give children an opportunity to listen to the natural stress and rhythm of English. The audio tracks provide an accurate model for speaking activities and serve as a useful reference for pronunciation.

The course

Course structure
This course has eight units per PB, and there are eight lessons in each unit. All lesson material is introduced in the full-colour Pupil's Book and is supported by a variety of activities in the Activity Book.

Topics
Each unit is centred on a topic. The topics create a context for vocabulary sets and reflect the fact that children of this age are interested in themselves and the immediate world around them. Topics include Family and Work, Health and Fitness, and Food and Drink.

The topics in *Primary 6* start with more child-centred subjects like school and home but as the pupils work through the book, they will explore much broader topics, such as foods from different countries and ideas about the future.

Characters
Children readily associate with characters as friends who can help them learn. The characters in the course can also be used to initiate citizenship discussions, add humour, and bring a sense of security and familiarity to learning.

Grade 6 TB_at level_BOOK.indb 5 29/07/2020 14:50

Lesson structure
Lessons in this book are based on a mix of receptive skills (listening and reading), and productive skills (speaking and writing), to help pupils learn at their own pace and in a supportive way that is appropriate to their maturity.

Children are encouraged to be active participants in their own learning and to develop age-appropriate learning skills. The Activity Book, whilst included as part of the lesson throughout these teaching notes, can be used as extended learning for pupils to do in their own time. This would help to encourage independent learning and encourage pupils to start to take responsibility for their own learning.

Listening
It is important to remember that, in addition to the audio material, you also provide listening practice for your pupils each time you speak to the class: your greetings, explanations, requests, instructions, and praise are all meaningful examples of listening for children. They also help the pupils to become more familiar with the sound of English. Remember to check your intonation and pronunciation with the materials recorded on the audio, and with your colleagues, because your pupils will listen to you and copy you.

Aims of *21st Century English for Libya, Primary 6*

Aims designed to create the right kind of learning atmosphere:
Pupils will be curious and enthusiastic about starting to learn English, and it is important that they remain enthusiastic if they are to make progress in the language. Overall, lessons should be fun. The aims are to:

1 engage pupils in learning the language so that they enjoy it and want to continue learning it;
2 give pupils the confidence to participate;
3 provide pupils with opportunities to communicate in English;
4 make pupils aware of situations that the English language is used in.

Aims connected to specific learning objectives:
The aims are to:

1 consolildate the English alphabet;
2 consolildate the sound of English through recorded material, and take advantage of the pupils' ability to imitate spoken language;
3 enable pupils to identify and name an increasing number of people and objects in English;
4 continue to expose pupils to high-frequency phrases, sentences and utterances, allowing them to acquire these at their own pace;
5 extend the pupils' reading skills;
6 continue to develop handwriting and extend the writing of pupils to word, phrase and sentence level as they work through the book;
7 apply taught skills through the medium of 21st century practice that encourages critical thinking, problem-solving, research skills, teamwork, collaboration and other skills, at a very young age.

Teaching English to very young children
There are some important characteristics of young learners which affect teaching and learning and which have been taken into account in the design of the course. These are:

- **Emotional characteristics:**
  - likes talking about self and is more interested in self than in others;
  - needs to be taught to co-operate with others;
  - likes school and teachers;
  - needs whole-group activities;
  - learns during play as well as formal teaching;
  - responds well to praise.

- **Physical characteristics:**
  - can only concentrate on a particular activity for a short time;
  - is active and energetic;
  - gets overexcited very quickly;
  - gets tired easily;
  - learns at own individual pace.

- **Educational characteristics:**
  - needs realistic objectives suited to cognitive level;
  - needs challenge;
  - needs to learn by doing;
  - needs activities that interest and make sense to him/her;
  - needs constant recycling of language.

Grade 6 TB_at level_BOOK.indb 6 29/07/2020 14:50

- **Linguistic characteristics:**
  - is good at pronunciation;
  - has few inhibitions;
  - needs to speak;
  - needs to make mistakes;
  - needs clarity;
  - needs to use own language;
  - may need a period of time before being ready to produce language independently.

These characteristics have important implications for the teacher:

1 Children learn through doing things that they enjoy. *Try to make the learning experience fun.*
2 Lessons need to have a variety of activities. *Follow the advice in the lesson notes. Vary the pace of the lesson when possible.*
3 Children learn best in a stress-free environment and some of them are often nervous and timid and need more time than others to feel at ease. *Don't expect instant production from every child; don't put pressure on the children to respond or co-operate immediately. Give them time. Do not over correct or make correct utterance the only goal.*
4 It is important to have realistic objectives in terms of language goals for young learners. They are interested in identifying, naming and counting things, but are not yet able to understand structures in a formal way. Therefore, *21st Century English for Libya, Primary 6* concentrates on vocabulary and language which the children can use in the classroom and outside. *Don't try to go beyond the limits of the syllabus. Don't worry too much about explaining grammar rules. A good grounding in the basics in the early years of learning English will mean that the children can make good progress later.*
5 Because children need whole-group activities, the teaching notes recommend whole-group teaching for the most part. However, the standard procedures recommend dividing the class into groups and pairs for controlled practice and for games. Group and pairwork activities encourage cooperation, comparing and sharing, for example, when finding and counting objects hidden in a picture, looking at one another's work, and suchlike.

Using *21st Century English for Libya, Primary 6*

The activities in the course are designed to promote understanding and enjoyment, as well as promoting these specific language-learning aims:

- imitating the rhythm and sounds of the language;
- carrying out spoken instructions and commands within the syllabus;
- naming people and objects and using different structures as they are presented within the syllabus;
- remembering the lower and upper-case letters of the alphabet and their sounds and names;
- learning an increasing number of words, phrases and sentences;
- remembering that English is written from left to right;
- developing skills in writing in the English script.

Teaching the four skills – listening, reading, speaking and writing

There are three types of listening text in *21st Century English for Libya, Primary 6*.

1 Instructions: These include the instructions in the audio, the teacher's classroom instructions, and recorded instructions to carry out certain actions. These also occur in language games, such as 'Salman says'.
2 Longer texts, such as songs and stories.
3 Simple task-listening texts, e.g., *Listen and circle, Listen and tick, Listen and point* and *Listen and do*.

General advice for listening activities

Be sure to use all the listening activities in the PB, as they will significantly support pupils' learning as well as providing an alternative method of presentation. It is extremely useful for pupils to hear native English speakers and the audio tracks provide good models of pronunciation and intonation. Children have to *learn* to listen to the recorded material. You should therefore try to make the pupils feel comfortable with this activity. The pupils should never come to a listening activity without preparation. In the real world, listeners usually have visual clues to help them, e.g., setting, gestures and the attitude of the speaker. This is why the teaching notes include suggestions for introducing

Grade 6 TB_at level_BOOK.indb 7 29/07/2020 14:50

the listening, except where the same type of text is repeated frequently. The PB illustrations should be used as much as possible to help understanding.

Classroom instructions

Listening to and following instructions is a basic requirement in the classroom. This can be exploited in the English classroom to give the pupils the opportunity to listen and respond to authentic language. There are four simple requirements:

1 Instructions should be given when the pupils are quiet and paying attention.
2 They should be supported by clear gestures.
3 They should be accompanied by demonstration, if appropriate.
4 The language should be clear and simple. The same language for the same instruction should be used every time.

Note: It is not essential that all the pupils understand what to do immediately after an instruction is given. What happens next is equally important; for example, sometimes the pupils will understand through the actions of others in the class, sometimes by you going around the class to check individual pupils, pairs or groups and providing additional support. It is vital that you monitor at all times, to be aware of those pupils, pairs or groups that need additional support.

Total Physical Response (TPR)

Total Physical Response or TPR activities are particularly useful with young learners. TPR involves associating a physical action or movement with particular words, language, instructions or situations. It can be especially helpful in teaching vocabulary, classroom language, instructions or reading stories. TPR is also a good tool for varying the pace of the lesson or for giving excited young learners the chance to move around and get rid of some of their 'energy' before they settle down to work. TPR is a fun tool, it's memorable and so aids learning, and it is also good for kinaesthetic learners. TPR works well in both small and large classes and is also effective in mixed-ability groups. Children can understand information they hear much more easily than they can produce it. So TPR enables the learner to focus on listening to an instruction or a command and respond with a physical movement without having to make a spoken response. A good example of this is the game 'Salem says'. As TPR activities are so appealing to energetic young children, you may wish to add some of your own throughout the year.

Songs and rhymes

Songs and rhymes are an important feature of *21st Century English for Libya, Primary 6*. They have a very useful role to play in the early years of learning. Young children enjoy songs and rhymes, so they find them motivating. Songs and rhymes also provide excellent practice in the rhythm and stress of the language. The pupils are not expected to learn all the words immediately, but they can join in the repeated lines as they listen and at this age, pupils will probably be quite quick to pick up the words of songs and rhymes. The focus should be on enjoyment, with an emphasis on rhythm and rhyme. Some are action songs, which always appeal to young children.

A basic procedure for songs and rhymes is as follows:

1 Discuss any pictures on the page, using them to present some of the new language.
2 Play the song or rhyme and get the pupils to do a simple task, for example, mime with you or point to pictures in their books.
3 Play the first verse line by line for repetition.
4 Play the whole song or rhyme and encourage the pupils to join in where they can. Focus particularly on repeated words and phrases.
5 Get the pupils to sing the song or say the rhyme in different lessons, sometimes along with the recording and sometimes with you.
6 Where possible, allow pupils to join in with some form of TPR.

The songs are based around known words and themes. However, they also sometimes contain new words, phrases or grammatical features that the pupils have not yet studied. It is not necessary to teach such items; pupils can enjoy songs and rhymes without knowing the meaning of every word.

Stories

The stories in *Primary 6* are intended to encourage the habit of listening to stories extensively and for pleasure. Pupils may not be familiar with all the language when they first listen, but they will begin to develop a feeling for the rhythm of English and

Grade 6 TB_at level_BOOK.indb 8 29/07/2020 14:50

will be able to understand by associating the pictures with the words they hear.

The stories provide good listening practice, as well as the opportunity to contextualize language that has been presented. The recommended procedure suggests inviting the pupils to join in with the words in the stories after hearing them several times. This also provides good speaking practice.

If possible, you can build up a 'book corner' in the classroom. If possible, set aside a regular half lesson each week for 'story time'. This is a special time for you to sit with the class (or smaller groups, if you can organize this) and tell them the story, or talk about the pictures with them. You can also use selected flashcards and other drawings to help you tell a story to the whole class.

Suggestions for using the stories:

1 Talk about the pictures. Get the pupils to identify people and objects they are familiar with. Take this opportunity to present key words.
2 Play the audio while the pupils listen and look at the pictures. A simple task is suggested in the teaching notes so that they have something to listen for. Or, read the story, using gestures and mime to make the meaning clearer. (If you choose this method, remember to listen to the recording several times yourself when planning your lesson.)
3 If you have set a question, elicit the answer, but don't confirm it. Play the recording again, with pauses if necessary, so that everyone can find the answer.
4 Encourage pupils to help you tell the story. If it is appropriate, agree with them a mime or a sound effect to cue the words and phrases they know.
Note: As pupils become familiar with the story, pauses without cues may be enough for the pupils to say the next bit of the story – either the next word, or the next few words. If they can, they will do this automatically. If they are not yet ready to respond in English during the pauses, don't be discouraged. Let them produce the target language in their own time.
5 Recycle the stories in other lessons. Tell the story yourself, but make intentional mistakes. The pupils should listen and put up their hands when they hear a mistake. They can tell you what the correct version of the story is.

Pronunciation

Pronunciation practice should be made as entertaining as possible. It is easy to use humour in such activities, by exaggerating the mouth shape required to produce a particular sound, by using TPR to prompt pupils to mime when they are learning and practising sounds, or by using different tones of voice or different emotions when providing an example sentence.

The focus on words and phrases is designed to build up a solid foundation of pronunciation. The pupils have a natural gift for imitating sound and it is important to exploit this ability. Although you have a big part to play in teaching pronunciation, the pupils need a lot of additional exposure to recorded sounds, words and phrases. Make full use of the audio material at every opportunity.

Vocabulary practice

Vocabulary needs frequent recycling and this is built into the course. However, it is assumed you will take every opportunity to do this, too.

Vocabulary is recycled in activities throughout the course, as well as through games and using the picture/word cards. It is essential that you use games from time to time; the pupils will enjoy them and they are an excellent learning tool.

Question and answer exchanges

There are plenty of 'real life' pairwork activities in *Primary 6*, such as talking about family, routines and times, school subjects. These are practised in question and answer exchanges and short conversations. The key to these activities is good preparation. When you ask the pupils to work in pairs, they should be able to make a good attempt.

The opportunity to practise independently of the teacher not only provides more time for producing the language, but also lets the pupils develop confidence in their speaking ability.

Grade 6 TB_at level_BOOK.indb 9 29/07/2020 14:50

A basic procedure for question and answer exchanges is as follows:

1 Elicit pronunciation of the examples from the pupils' material.
2 Practise with class repetition.
3 Divide the class into two groups; practise the exchange, prompting substitution with Picture/ Word Cards.
4 Practise in open-class pairs.
5 Practise in pairs.

Note: When the pupils are working in pairs, it is not possible to monitor the whole class. Instead, you can go round listening to a few pairs to assess progress. Accept that they will make mistakes. If you feel the class is having too much difficulty, stop the activity and go back to group practice or open pair practice.

Short conversations

There are a number of conversations in *Primary 6*. These will increase in subsequent courses as the pupils' vocabulary and language control develop.

Conversations put the language in a realistic setting with which the pupils can identify.

A basic procedure for exploiting conversations is as follows:

1 Discuss what is happening in the pictures.
2 Play the audio while the pupils follow the pictures.
3 Ask several check questions to consolidate understanding.
4 Play the audio line by line for the pupils to repeat.
5 Role-play the conversation in pairs.
6 Choose pupils to act out the conversation in front of the class.

Talking about pictures

Teachers should take every opportunity to capitalize on pupils' interest in a topic in this way. Pupils should be encouraged to talk about the material in English as much as possible, even if direct questions are not supplied in the teaching notes. Pupils should be encouraged to talk about the pictures in any way they can. This might involve one-word answers, mispronunciation and even some discussion in Arabic. The job of the teacher is to accept the effort made by pupils and to remodel where appropriate.

In addition, you should provide the necessary prompts to engage the attention of the class.

Talking about the unit topics

The pupils will generally have a lot of things they want to say about new topics, but little English with which to express their ideas. When introducing a new topic, you may very occasionally want to let pupils use some Arabic. During such a discussion, encourage them to use English where possible and make sure you tell them all the English words they need to know.

Further opportunities for speaking

There are many opportunities for speaking in the classroom. For example, you should prompt the pupils to use English in group work and pairwork activities and when playing games. Use as much English as possible when setting up an activity; many of the necessary instructions should be familiar to the pupils and you can build on these. Pupils will not only improve in their ability to listen, but also start to use these words themselves. If explaining in English is too complicated, show the pupils how to do something by example, only resorting to Arabic if it is really necessary.

If English lessons always take place in the same classroom, it is a good idea to display frequently used classroom language on the wall. You can write signs with useful phrases as the class learn them, such as:
Pardon? I don't understand. What does … mean? Can you say that again, please? How do you spell …? Can I borrow a pen?

If these signs are decorated by the pupils and then displayed on the walls, they can be used as prompts in class, until the pupils begin to use them naturally to carry out classroom business.

Reading

Reading tasks in *Primary 6* continue to progress to global comprehension of short descriptions, sets of instructions, conversations and picture stories. Reading texts include:

- sentences and paragraphs
- instructions

Grade 6 TB_at level_BOOK.indb 10 29/07/2020 14:50

- conversations
- descriptions
- short stories with visuals

There is an increase in the number of words on the pages of the pupils' material, compared with previous levels. Pupils should not be expected to read all this text, particularly the lyrics of songs or words in the stories. However, as the year progresses, they should be developing their ability to read independently with the help of illustrations.

Words, phrases and sentences

There are three main approaches to reading adopted in *Primary 6*. These are:

1 whole-word recognition and high-frequency words
2 a phonics-based approach
3 audio-assisted reading

Pupils make use of the reading strategies that they have learned and used in earlier levels to carry out reading activities. The synthetic phonics approach, which involves learning the sounds of the letters, enables pupils to sound out unfamiliar words. It also assists pronunciation and spelling. Pupils have been developing their understanding of the sound/spelling relationship since the beginning of the course. However, many words are not phonetically regular and children need to learn these words as whole units, using their visual memory.

To recognize words easily, the pupils need regular practice in identifying words.

A basic procedure for using Picture/Word Cards is as follows:

1 Name the picture cards for the lesson with pupils and stick them on the board.
2 Get pupils to close their eyes. Take away one card and get pupils to open their eyes.
3 Point to the gap and ask, *What is it?* Let pupils call out the missing picture. Do this several times, with different picture cards.
4 Hold up a word card, say the name and get pupils to repeat. Put the word card below its corresponding picture card. Do this for all of the word cards. (To do this, you will need two sets of cards, or make your own set of word cards.)
5 Point to the picture cards and read the words with the class.
6 Take the picture cards and word cards off the board and distribute them to groups around the class. Say a classroom object and get the groups with that word card or picture card to stand up, holding the card.
7 Get the rest of the class to check that the two cards match. Do this several times with each classroom object.
8 Put the word cards back on the board (without the picture cards) and see if pupils can read the words.

Note: There are many variations to the steps above, some easier and some more challenging. Use variety when introducing and practising new words. This will keep pupils engaged and keen to meet the challenge.

Pupils should already be familiar with the words aurally and orally before they are asked to read them. Recognition practice need not be restricted to words; it can also be applied to short phrases and sentences. When individual words become familiar to the pupils, they can be used for sentence building.

Using word cards in sentences helps focus attention on grammatical features such as word order. Once the sentences have been built up, they can be manipulated by substituting other known words.

A basic procedure for sentence building is as follows:

1 Practise recognition of individual word cards for target vocabulary.
2 Stick word cards on the board to form a sentence; elicit pronunciation of each word as it is displayed. For example, *I go to school by car.*
3 Substitute individual cards to form similar sentences and elicit pronunciation from the class. For example, *I go to school by train/bike.*
4 Invite pupils to the front to substitute cards and form similar sentences.

Grade 6 TB_at level_BOOK.indb 11 29/07/2020 14:50

High-frequency words

High-frequency words are often phonetically irregular and therefore do not fit into a phonic scheme. They are often difficult to represent visually since they tend to be grammatical words rather than nouns (for example, *the, have, who, what, said*). During the course, children meet such words in stories, but also as part of the functional language and structures they are using. In *Primary 6*, pupils learn to spell common high-frequency words using the 'Look, say, cover, write, check' strategy.

There are spelling practice grids included in *Primary 6* at the end of the AB, on page 108.

The audio-assisted reading approach involves the pupils listening to words, phrases, sentences and texts while following in their books. This helps them make a connection between sounds and spelling and reinforces recognition of individual words. Some of the listening activities focus on pictures, i.e., the pupils listen to the audio and point to the appropriate picture. There are also activities that involve listening and pointing to individual words, or attempting to identify words in sentences, for example, in a conversation. As the pupils develop their skills in this aspect of the English language, they will become more confident in recognizing words and also decoding words they have not seen before. They will gradually move on to reading phrases and short texts.

Individual learning

Children naturally develop and learn at different rates.

Praise

Whatever the children are doing, and however quickly or slowly they are progressing, do praise them at every possible opportunity, and keep corrections to a minimum. At this stage in their English language learning, your pupils need plenty of support and encouragement, and they need to know it is OK for them to make some mistakes. Remember that all types of participation in the classroom activities offer learning opportunities, not just completing formal tasks.

The classroom

Atmosphere and aids

- Try to create a bright and cheerful environment for learners by having pictures and posters on the walls. Pupils' drawings can also be displayed to encourage them, as well as to decorate the room. Putting up pupils' work shows them that you value what they do. They will also enjoy seeing what their classmates have done.
- Teachers of young learners need to be very active and having teaching aids permanently fixed to walls will save time and keep lessons moving at a good pace.
- Playing a song when the class are doing a colouring or drawing activity helps to promote a relaxed atmosphere. This also helps to ensure that the pupils continue hearing English throughout the lesson and they can sing or hum along quietly as they work, if they wish.
- If the pupils do not have their own colouring pencils or crayons, sets will be needed in the class.
- Sticky tack, magnets or drawing pins are useful to fix picture cards to the board.

Classroom organization

Because language is a social activity, pupils need to be able to communicate and interact with each other in the classroom. Many classrooms have fixed desks and seating which will restrict how easily pupils can move around. Teachers have to make the best of the physical space and limitations of their classrooms. However, if desks are fixed or too heavy to move and space is limited, try to keep an area where children can stand up and move around for games and activities. Even with very limited, desk-only space, children can still stand up and do TPR-type activities next to their desks.

Classroom discipline

Though young children are active and energetic, they expect and respect rules and enjoy clear classroom routines. You need to establish firm and fair classroom rules from the beginning, within a secure atmosphere. Young children appreciate routine and like repetition. Therefore, from the start of the school year, set routines and expectations (e.g., how children come into the classroom, where they sit, what they

Grade 6 TB_at level_BOOK.indb 12 29/07/2020 14:50

do with their bags and other things, whether they take their books out straight away, etc.).

The teaching notes encourage you to establish lesson routines (e.g., begin every lesson by greeting the children and getting their response, end the lesson in a similar way, use standard classroom instructions like *Open your book at page 8, please.*). You will have your own preferences and routines, but taking time to establish class rules and routines has long-term advantages. Your pupils will probably like to be involved in discussing what rules and routines they think are best!

Note: If a whole class is participating in a language activity, the room cannot be totally silent. Some activities will be quite noisy. However, this is different from uncontrolled noise, which should not be encouraged.

Tip 1: Use gestures to support your English instructions. Say *Ssh!* when you want quiet, and put your finger to your lips; say *Go!* when you want the pupils to begin, and wave your arm as if starting a race; and say *Tiptoe!* when you want pupils to move from one place to another quietly, and mime tip-toeing in front of your desk.

Tip 2: Make use of a small bell, squeaky toy or other 'friendly' device to signal that you want the pupils to stop an activity.

Classroom language

Try to avoid using Arabic in the lessons.

There will be times when it is tempting to explain something in the pupils' first language, but there are other ways to convey meaning and Arabic should **only** be used as a last resort. If you can use mime or board drawings to aid understanding, do so. You can provide pupils with a great deal of real language by frequently using classroom instructions in English, supported by mime and gesture. Gradually, the pupils will understand the English, and some will even be able to produce it. Instructions on the audio are intended to work in the same way.

The list of essential classroom language below is included in the pronunciation audio material. It is not an exhaustive list, but is a good starting point. *Sit down, please.; Stand up, please.; Ssh! Quietly, please.; Hands up!; Come here, please.; Listen.; Listen again.; Listen and say.; Look at your book; Look at me.; Look at the picture.; Look at page 8.; Open your book at page 8, please.; Close your book.; All together.; Point to the picture.; You need your colouring pencils.; Let's sing a song.; Let's play a game.; Good!; Well done!; Excellent!; Yes, that's right.; Can I have a pencil, please?; Thank you.*

Assessment

There was no formal assessment in the early primary grades. This occurs for the first time in *Primary 6*. However, you should evaluate your pupils' progress on a regular basis.

Evaluating pupils' progress

In order to keep track of every child in a class, it is useful to keep a progress chart. You should note progress in the following areas for each pupil:

1 Degree of confidence
   a) to join in choral activities;
   b) to produce language individually.
2 Degree of interest and enthusiasm for learning English.
3 Interaction with others.
4 Behaviour.

Monitoring progress regularly is very important and will allow you to be aware of children who are having problems, and to provide help for those who need it.

Try to make sure you get opportunities to observe each pupil individually, to assess their progress in general. In addition, look regularly at each pupil's work (drawing, colouring, tracing) to see how well their motor skills are developing.

When you are assessing progress, focus on:

Listening

- ability to concentrate on what is being heard;
- ability to imitate pronunciation models;
- ability to carry out TPR tasks;
- degree of understanding of what is heard.

Speaking

- ability to name people, colours and objects presented in the course;
- ability to respond to questions presented in

Grade 6 TB_at level_BOOK.indb 13 29/07/2020 14:50

the course;
- ability to initiate as well as respond in English;
- pronunciation;
- performance in 'ask and answer' pairwork activities.

Reading and writing
- recognition of letters and digraphs, numbers and the words and phrases that are presented;
- knowing the sounds of letters;
- ability to blend letter sounds to make words;
- writing skill development;
- ability to read unknown words, phrases and sentences;
- ability to write at word, phrase and sentence level.

Now I can …

At the end of every unit, there is a set of **Now I can …** statements that are there to highlight what the pupils have learned in the unit. As well as being both useful and motivating in showing pupils how they are progressing, these statements serve as a good reference for parents wanting to follow their children's progress. The **Now I can …** statements are also useful for teachers as they can highlight areas where pupils are having difficulty, and/or areas that need a bit more work. Teachers should work through the statements with pupils as a class at the end of every unit.

Evaluating your lessons

Questions for you to ask yourself, and to note at the end of lesson plans, are:

1 How well did the lesson achieve its learning aim? If the answer is 'not very well', ask yourself: *Was there too much or not enough material? Was there something wrong with the material? Was it the methodology? Was it my lesson plan?*
2 Were the pupils engaged throughout the lesson? Why (not)?
3 How do the pupils feel about the lesson? It is a very good idea to ask a few questions in Arabic at the end of any lesson to try to find out. For example, *Did you enjoy the lesson today? Did you like the song/rhyme/game today? Will you tell mum and dad about your lesson today?* Wherever possible, use the language presented in lessons to ask questions relating to the pupils themselves.
4 Good lesson planning often takes time at the beginning, but pays dividends later on and makes your daily teaching commitment easier; your pupils will enjoy their lessons more and they will learn more. Teachers will naturally feel more confident and more relaxed if they go into a lesson with a well-thought out lesson plan and that will help the pupils feel more confident and relaxed about the lesson, too.
5 Finally, remember that sharing ideas, successes and frustrations with other colleagues is really important and very beneficial.

How old/How many … do you/does he have?

Materials: *Pupil's Book* pages 8–9
Activity Book pages 4–5
Track 1

Warmer 5 mins

- Tell pupils they are going to start a new book – *English for Libya Primary 6*.
- Discuss some of the following points with them:
  - Elicit words that pupils know to talk about family members.
  - Talk about big and small families – lots of aunts, uncles, cousins, etc.
  - Get them to tell you what they like about learning English.
  - Ask them when and where they hear and speak English.
- Introduce the lesson. Use appropriate language to tell pupils what they will do in the lesson.
- Explain that in this lesson the pupils will:
  - meet some new characters.
  - find out about family relationships.
  - learn about jobs

1 1 Listen, point and say these family words. 5 mins

- Ask pupils to open the *Pupil's Book* on page 8.
- Ask what they can see (family tree). Pupils don't know this word, but you can demonstrate how the relationships are like the branches of a tree.
- Point to the illustration labelled *Me* and tell pupils that this boy's name is Anwer– write his name on the board.
- Give pupils time to look at the family tree and read the words there and in the box at the top of the page.
- Ask for volunteers to read out the words in the box. Alternatively, say each word and ask pupils to point as you say.
- Tell the class they are going to listen to Anwer talking about his family. Pause the recording after each speaker so that pupils can point to the people and say each family word.

Track 1
Listen, point and say these family words.

Ali:	*Hello, I'm Anwer's little brother. My name is Ali and I'm 6.*
Grandmother:	*I'm Anwer's grandmother.*
Taher:	*Hello, I'm Anwer's cousin. My name is Taher.*
Uncle:	*I'm Anwer's uncle. I have two children, Taher and Hiba.*
Dania:	*My name is Dania. I'm Anwer's sister. I'm older than Anwer– I'm 13.*
Grandfather:	*I am Anwer's grandfather.*

2 1 Listen again and write the family words under the correct pictures. 6 mins

- Play Track 1 again and let pupils write the words in the gaps under the pictures.
- Check the answers by saying a number (at random) and getting pupil responses.
- See if pupils can tell you the names of Anwer's sister and brother (Dania and Ali) and his two cousins (Taher and Hiba).

Answers
2 grandmother, 3 grandfather, 7 uncle, 9 sister, 11 brother, 13 cousin

3 Read about Anwer's family. 6 mins

- Let pupils work individually.
- Ask a few questions about his family, and as you ask, get pupils to look at the 'Let's check' box at the bottom of the page and follow the questions you ask.

Grade 6 TB_at level_BOOK.indb 20 29/07/2020 14:50

4 Ask and answer. Use *How old …? / How many …?* 5 mins

- Hold up a *Pupil's Book* on page 9 and ask the class *How old is Taher's sister?* (She's 12.).
- Ask pupils to point to the part of the text where they found this information (… they are the same age as I am).
- Ask pupils *How many cousins does Taher have?* and find the part of the text where the answer is.
- Pupils work in pairs and practise asking questions about Anwer's family.
- They can look at the 'Let's check' box on page 9 of their *Pupil's Book* for support.
- Monitor and support as necessary.

Activity Book

1 Match the family words for men and women and write the numbers. 5 mins

- Ask pupils to open the *Activity Book* on page 4 and look at Activity 1.
- Pupils will be familiar with how this type of activity works from earlier grades.
- Read the rubric (as a class or by asking for a volunteer).
- Recap on what they have to do.
- Pupils work individually and then check their answers in pairs.
- Check the answers as a class by saying a relationship (family) word and getting pupils to say the matching word, or get confident pupils to take your role.

Answers

1 mother / father, 2 aunt / uncle, 3 cousin / cousin, 4 grandfather / grandmother, 5 brother / sister

2 Write the words from Activity 1 on the family tree. 5 mins

- Ask pupils to complete Activity 2.
- As above, get pupils to work individually to do the activity and then to check their answers in pairs.

Answers

Top line left to right: grandfather, grandmother
Middle line left to right: father, mother, uncle, aunt
Bottom line left to right: brother, sister, cousin, cousin

Additional/Support

- Some words can take either a singular or plural verbal agreement depending on how the speaker sees the family/team/group/class, etc.
- In sentence 1 of Activity 3, the word *family* is given with a singular agreement (lives). A family can be seen as a single entity even though it is made up of more than one person. This double status often causes confusion as to whether the verbal agreement is singular or plural.
- As long as you are consistent, you can use either singular or plural agreement depending on how you see the noun: use the singular if you see the family as a group of people; use the plural if you see the family as made up of individuals.
  Examples:
  – My family lives in Tripoli./My family live in Tripoli.
  – Her family is on holiday. (You see the family as a single group.)/The family are on holiday. (You see the family as individual members.)

  Other common collective nouns: team, group, staff, company, audience

3 This is what Anwer wrote about his family. Write about your family. 8 mins

- Get the class to look at the 'Look' box at the top of page 5 of the *Activity Book*.
- Elicit what they call their mother and father at home in Arabic – there are formal and informal words.
- Read the words in the 'Look' box together as a class.
- Read out the rubric for Activity 3 (as a class or individually).
- Remind pupils to look back at *Pupil's Book* page 8 if they need help with remembering the family words.

  Note: For the writing activity on page 5, you might like to collect in the *Activity Books* at the beginning of the next lesson to check that they

Grade 6 TB_at level_BOOK.indb 21 29/07/2020 14:50

are continuing to form letters correctly and write sentences with capital letters and punctuation.

Additional/Support

- Let pupils work in pairs or small groups and ask each other about their families (if necessary for support) using the questions in the 'Let's check' box at the bottom of page 9 of the *Pupil's Book*.

Rounding off

- Spend a few minutes at the end of the lesson to review with pupils what you have done together. Get them to tell you which parts of the lesson they enjoyed the most and the least.
- Ask for volunteers to tell you any new words that they have learnt.

Unit 1 Lesson 2: Jobs

Aims: To learn more about the new characters

Materials: *Pupil's Book* pages 10–11
Activity Book pages 6–7

- An IT programmer is one of the jobs pupils learn in Lesson 2. *IT* is the common abbreviation for *information technology*. An IT programmer (also computer programmer) writes computer programs.

Warmer 3 mins

- Start the class by asking pupils what day it is. Write the day on the board. See if pupils can tell you which month it is and write that on the board.
- Do not do the exact date now because pupils have not yet covered all the necessary ordinal numbers.

Do you have an older/younger brother/sister? How many cousins do you have? How many aunts/uncles do you have? Where do your grandparents live? How many aunts do you have?*

- Read the title of the lesson (Jobs) and tell pupils that all the pictures show different jobs.
- Play Track 2 and get pupils to say each job they hear and point to the picture at the same time.

Additional/Support

The importance of monitoring handwriting

- You need to collect in pupils' books on a regular basis to make sure that your pupils are completing the tasks successfully and that their writing (letter formation, space between words, punctuation, etc.) continues to be done well.
- Pupils have now spent five years learning the basic mechanics of writing; it is very important that emphasis continues to be placed on this aspect. Good automatic, mechanical skills learnt in early years are important for future progress.

The importance of giving feedback

- With large classes, it is difficult for teachers to look at and give feedback on all pupils' work. However, feeding back to pupils on their work is very important

Grade 6 TB_at level_BOOK.indb 24 29/07/2020 14:50

if work is to be a) seen as important for pupils to complete and to have value in their eyes, and b) for teachers to see how their pupils are progressing and if they are having difficulties.

The practicalities of giving feedback on work

- Suggestion: divide your class into groups. See each group on a regular basis for more individual feedback. In this way, you can change groupings to deal with certain types of problems. For example, you can look at task understanding problems with some pupils, writing/punctuation/spelling with another group, and so on.

Rounding off

- Round off game *Full House*: As a quick, fun round-off activity, choose a job and on the board draw short lines to represent each letter of the word, e.g. _ _ _ _ _ for *nurse*.
- Pupils take turns to guess the word by calling out letters. If the letter is part of the word, write it in. If it is not, draw part of a simple house on the board.
- Continue until pupils guess the job or until the house is complete.
- If you complete the house, then the teacher wins. If not, the pupils win! If there's time, repeat for other jobs.
- Spend a few minutes at the end of the lesson to review with pupils what you have done together. Get them to tell you which parts of the lesson they enjoyed the most and the least.

Unit 1 Lesson 3: Where do they work?

1 🎧 7 Listen and say. Draw a line under the strong part of the word. 6 mins

- Ask pupils to look at the jobs column on page 12 of the *Pupil's Book* and count how many job words end in *-er* (There are five and there is one ending in *-or*).
  Note: If pupils add *engineer* to their number, explain that this is not an *-er* word because it ends in *-eer*.
- Ask pupils to look at page 8 of the *Activity Book* and the 'Let's say it' box at the top of the page.
- Read the note and the rubric.
- Play 🎧 Track 7 and let pupils listen.
- Tell them to listen to the sound the *-er* and *-or* at the end of each word makes.
  Note: *-er* and *-or* make the sound 'schwa' /ə/.
- Play 🎧 Track 7 again and let pupils repeat each word.
- As they say each word, get them to use a hand to mark the 'strong' part of the word (the word stress).
- Show them how to do this using the first two words they hear (*doctor*, *builder*) – hold up your hand and make a fist to emphasize the stressed syllable.
- Play 🎧 Track 7 again and let pupils underline the stressed (strong) syllable of each word.

2 Complete the sentences and write the jobs. 5 mins

- Activity 2 uses the sentence structure 'This person works (in a hospital).' This structure avoids the need to use a relative clause with 'who', i.e., *This is a person who works in a hospital.*
- Make sure pupils understand what they have to do. Read out the rubric (as a class or individually).
- Remind pupils to look back at *Pupil's Book* page 12 if they need help with words and spellings.
- Pupils can work in pairs to do the exercise.
- Let pupils check their answers with a partner before doing a class check.
- Ask for volunteers to read out what they have written.
- Encourage pupils to redo those that they got wrong.

Answers
1 in a hospital, a doctor
2 at home, a housewife
3 on the roads, a bus driver (taxi driver)
4 in an office, an IT programmer

3 Write your own sentences and the jobs. 4 mins

- Ask pupils to work with the same partner as in Activity 2 and construct 3 new sentences and name the jobs as they've just done in Activity 2.
- Check answers by asking for three volunteers to read out their completed sentences and jobs.

4 🎧 8 Listen, read and write the job. 4 mins

- Ask pupils to look at Activity 4 on page 9 of the *Activity Book*.
- Read the rubric and the title as a class or ask for a volunteer.
- Explain that pupils should listen and think about what job the people in paragraphs 1–4 do.
- Tell them that the pictures show the new words, most of which they will not know (stethoscope, patients, hard hat, tools, tractor, sheep, tray(s), knives/forks/spoons/napkins).
- Play 🎧 Track 8 and then let pupils look at each paragraph in their own time and decide what they think the job is for each one.

Grade 6 TB_at level_BOOK.indb 27 29/07/2020 14:50

🎧 ***Track 8***
Listen, read and write the job.

1 *I usually wear a white coat and use a stethoscope. I look after patients. I work in a big building with lots of other people who do the same job and with lots of nurses too.*
2 *I usually wear a hard hat. These hats are usually yellow. My work is hard and I must be strong. I need lots of tools for this job.*
3 *I usually work outside. I like both sunny and rainy weather. I drive a tractor and use it for working in the fields to grow things. I also have animals. My animals are cows, sheep and hens.*
4 *I work in a place where there are lots of people talking, eating and drinking. I carry food and drinks on trays to the tables. I clean the tables too and then I set them with knives, forks, spoons and napkins for the next customers.*

5 Work with a partner. Ask and answer.
4 mins

- Pupils can use Activity 5 to check their answers to Activity 4 with their partner.
- Read out the speech bubbles in Activity 5.
- Pupils work in pairs. Monitor and assist where needed.
- When finished, check answers to Activity 4 with the class – elicit the answer for each job from the whole class.

Rounding off

- Play a quick game: ask pupils to close their books. Say a job and see if pupils can say the corresponding place of work and vice versa.
- Spend a few minutes at the end of the lesson to review with pupils what you have done together. Get them to tell you which parts of the lesson they enjoyed the most and the least.

Additional/Support

- Get pupils to draw a game card with nine squares.
- Ask them to write four of the jobs they have learnt randomly, one in each square and the four corresponding places of work in another four squares.
- Ask them to fill in the remaining 9th square – this can be any square they choose. It is a 'free' square.
- Call out the jobs, again randomly. Pupils cross out each job they hear and its corresponding place of work. The first pupil(s) to get four jobs and the corresponding places of work crossed out on their game card(s) is/are the winner(s).

Note: For less confident pupils, let them work with a partner and share a card.
Example of a winning card:

restaurant	housewife	doctor
home	farm	
farmer	waiter	hospital

Unit 1 Lesson 4: Our Daily Routine

Aims: To review daily routines
To read about family relationships, jobs and places of work

Grade 6 TB_at level_BOOK.indb 28 29/07/2020 14:50

Warmer 5 mins

- Start the class by asking pupils what day it is. Write the day on the board. See if pupils can tell you which month it is and write that on the board.
- Call out true and false statements about the family relationships, jobs and places of work. For example:
  1 *Anwer is Dania's sister*. (False)
  2 *Taher and Hiba are twins*. (True)
  3 *Anwer and Taher are grandfathers*. (False)
  4 *A doctor works in a hospital*. (True)
  5 *A farmer works on a building site*. (False)
- As a TPR activity, you can ask pupils to stand up if the sentence is true or to remain seated if it is false. Alternatively, you can ask pupils to say *true* or *false*.
- Let pupils practise their own sentences in small groups.

1 🎧 9 Listen and read about Anwer's family routine. 5 mins

- Ask pupils to open the *Pupil's Book* on page 14.
- Let them look at the pictures on the right of the page.
- Ask for volunteers to say what they can see in each picture. For example: *I think the man is an IT programmer./A woman is cooking (in the kitchen)*.
- Play 🎧 Track 9 and let pupils read as they listen.

🎧 ***Track 9***
Listen and read about Anwer's family routine.
My family routine
My mum is a nurse and my dad works in an office. He's an IT programmer. He makes computer programs about buildings.
My sister, Dania, and I go to school by bus. We leave home at 7.30. My grandma and grandpa live very near to our house. So, my grandma takes our little brother to school.
My dad drives to work and he takes our mum to the hospital first. They leave home at 6.45 because it takes more than an hour to get to the hospital and then to the office.
My dad works five days a week, but my mum only works three days a week. When she is not working in the hospital, she is a housewife at home. She has two jobs.

2 Answer the questions. 5 mins

- Ask pupils to look at the four questions on page 15 and think about the answers.
- Encourage them to read the text on page 14 again to see that they are getting the correct answers.
- Ask pupils to write their answers. Monitor and support as necessary.
- Elicit answers. Encourage pupils to give their answers as complete sentences.

Answers
1 He works in an office.
2 Anwer's mother is a nurse.
3 She leaves home at 7.30.
4 She works three days a week.

3 Write four questions about Anwer's family. 5 mins

- Explain that pupils are now going to write their own questions about Anwer's family.
- Remind pupils to look at the questions they have already answered in the first activity on page 15 if they need help forming their own questions.
- Draw pupils' attention to the orange 'Remember' box – they must remember to use question marks.
- Monitor and support as necessary.

4 Work with a partner. Ask and answer the questions. 5 mins

- For the activity at the bottom of page 15, let pupils do a 'class-mingle' survey (i.e., walking around and asking their questions to four other pupils at random).
- Alternatively, they can do the same in small groups.

Activity Book

1 Choose the correct form of the verbs and complete the sentences. 5 mins

- Ask pupils to look at Activity 1 on page 10 of the *Activity Book*.
- Read the rubric to the class.
- Let pupils work by themselves and decide on the verb needed to complete each gap.
- Give pupils time to check their answers with a partner.
- First, read out sentences stopping at each blank for pupils to volunteer the missing verb in its correct form. By this stage, pupils should be able to use the 3rd person singular *-s* without prompting.
  Note: If pupils are unsure about the correct form of the verb (i.e., with or without *-s*), then remind them to think whether the start of the sentence (the subject in these sentences) is about one person/thing (3rd person singular with *-s*), or whether the start of the sentence is about more than one person/thing (3rd person plural without *-s*).

2 Look at the times in Activity 1. Put the sentences in the correct order. 5 mins

- In pairs, let pupils look at the times and put the sentences in the correct order. Note that number 1 is given – it is the introduction to the text.
- The remainder of the ordering can be easily completed by the times that are given, but pupils will need to read carefully to realize that there are two times (9.30 and 8 o'clock) that are irrelevant to the ordering task.
- Elicit ideas for the order of the sentences.

Answers
(with order of sentences in brackets)
is, is (1)
leaves, drives, takes (4)
works, opens, goes (6)
have (3)
walk, starts (5)
get up (2)

3 Match the verbs with the words in the circles. Look at Activity 1 to check your answers. 5 mins

- Ask pupils to look at page 10 of the *Activity Book*.
- Make Activity 3 a pair or group activity.
- Make this a challenge activity and set a time limit (perhaps no more than one minute).
- Pupils match the verbs with the words in the circles below.
- If they are not sure about the match, encourage them to reread the text in Activity 1 to check their ideas.
- Explain that pupils score 1 point for each correct match. Ask for answers in open class. Say *go* for number 1, and elicit the match. Get all those who agree to put up their hands. Say *Yes* if correct, or *No* if not and ask for another match.
- Give pupils time to correct the matches they made.

Answers
1 go to work
2 leave home
3 take an hour
4 walk to school

Note: Remember that there are a number of possible matches.

4 Read about Ahmed's day and circle the correct answer. 5 mins

- Read out the rubric (as a class or individually).
- Ask for three volunteers to read a paragraph each.
- Make sure pupils understand what they have to do.
- Pupils work individually to complete the activity.
- You might like to let pupils check their answers with a partner before doing a class check.
- Ask for volunteers to read out what they have put for Activity 4.
- Move onto Activity 5 for pupils to check their answers.

Additional/Support

- For strong classes or groups, let pupils do the spelling test amongst themselves with two small groups playing against each other. Again, pupils can either do a mixture of both jobs and places of work, or just concentrate on one set of words.
- Pupils check spellings by calling out individual letters using the *Pupil's Book* to be certain of accuracy.
- Groups score one point for each correct spelling. The group with the most points are the winners.
- Let pupils work in pairs and have a quick spelling test for jobs and places of work. Depending on your class, you can either concentrate on jobs or places of work, or do a mixture of both.
- Check spellings by calling out individual letters. Give 1 point for each correct spelling. The pairs with the most points are the winners.

Rounding off

- Play a quick game. Ask pupils to close their books. Say a verb and see if pupils can add a noun phrase or a preposition.
  Examples:
  leave: (home/leave home at)
  go: (go to school, go to work, go home)
  drive: (to work, to school)
  start: (at)
  have: (breakfast, lunch, dinner)
- Spend a few minutes at the end of the lesson to review with pupils what you have done together. Get them to tell you which parts of the lesson they enjoyed the most and the least.

Unit 1 Lesson 5: My Favourite Job

Aims: To think about what pupils want to be when they grow up
To say why you want to be something (job), using *I want to be … + because*
To read and understand information presented graphically
To recognize spelling mistakes in words for jobs

Materials: *Pupil's Book* pages 16–17
Activity Book pages 12–13
Track 11

Note:

- On page 17, the characters use both *like* and *love* to talk about what they want to be when they grow up. Both *like* and *love* are used commonly in modern English. The choice is just a matter of degree – how much the speaker thinks they enjoy something. For example, *I like chocolate/I love chocolate*. The word *love* can be used without any idea of emotional attachment.

Grade 6 TB_at level_BOOK.indb 31 29/07/2020 14:50

Warmer 4 mins

- Start the class by asking pupils what day it is. Write the day on the board. See if pupils can tell you which month it is and write that on the board.
- Hand out a small piece of paper to each pupil and ask them to write down what job they would like to do when they grow up. You might need to help if pupils have a job that they do not have the word for.
- Ask pupils to swap papers with their partner. Let them read what their partner wrote.
- Ask for volunteers to tell you what they wrote. Write the words on the board (correct any spelling as necessary, but do not concentrate on spelling here).
- Ask for a show of hands for other pupils who wrote the same jobs.

1 Read and match the pictures to the sentences. 5 mins

- Look at the title of Lesson 5, 'My Favourite Job'. Ask for ideas about favourite jobs (pupils have thought about this in the '**Warmer**').
- Ask pupils to open the *Pupil's Book* on page 16.
- Get them to look at the pictures. Ask a few introductory questions:
  How many pictures are there? (7)
  What can you see in picture e? (someone driving/a person driving/a man driving)
  How many pupils can you see in picture a? (4)
  What is the farmer holding? (carrots)
- Read the rubric at the top of page 16 together as a class.
- Ask pupils to read out the statement in the middle of the page. Explain that the second halves of the sentences (following on from *When I grow up, I want …*) are at the bottom of the page and the pictures show some reasons why people want to do these jobs.
- Get pupils to read sentence endings 1–7 and think about which picture matches which sentence.
- Let pupils compare their ideas in pairs.
- Read out each sentence and let pupils say the matching picture letter.

- Pupils should not write anything, but should just listen and find the matching blue boxes.
- Play 🎧 Track 11.

- Explain that pupils should read the seven blue boxes again and decide what they want to be when they grow up.
- Remind them that there is no right or wrong answer.
- They should put their own reasons. Of course, some pupils may have other ideas.

4 Discuss with a partner. 4 mins

- Ask pupils to look at the speech bubbles for Taher and Hiba at the bottom of page 17.
- Ask for volunteers to take the parts of Taher and Hiba and read their speech bubbles.
- In pairs, ask pupils to practise the conversations using their own ideas.
- Ask for volunteer pairs to present their conversations to the class.
- Get the class to put up their hands if they have the same reasons.

Activity Book

1 Look at the job survey. Are the sentences true (T) or false (F)? 5 mins

- Ask pupils to look at page 12 of the *Activity Book* and read the rubric, either using a volunteer or as a class.
- Give pupils time to look at the table and let them ask you any questions about it in general.
- Ask pupils to work by themselves to read sentences 1–5 and decide whether they are true (T) or false (F).
- Let pupils check their ideas with a partner.

Answers
1 T, 2 T, 3 F, 4 T, 5 F

2 Write which job you think is … 4 mins

- Let pupils work individually and write down their own ideas, not the ideas in the survey in Activity 1.
- Remind them that they can use any jobs in Unit 1 (or ask you for ones that they don't know).
- When everyone has finished, ask for volunteers to say which job they think is easy/hard, etc.
- Get the rest of the class to put up their hands if they think the same.

3 Complete the conversation. 5 mins

- Ask pupils to read and complete the conversation with their own ideas.
- Once pupils have finished writing, read each question and ask for volunteers to read an answer each.
- Ask pupils to put up their hand after each answer, if their answer was the same.

4 Practise the conversation with a partner. 5 mins

- In pairs, pupils practise the conversation.
- Monitor and support as necessary.

5 Find the spelling mistakes. Tick (✓) or write the words correctly. 4 mins

- Make sure pupils understand what they have to do.
- Read out the rubric (as a class or individually).
- Draw attention to the 'Test yourself' note.
- Tell pupils not to look back until they have tried to spell the words correctly.

Answers
1 doctor, 2 housewife, 3 engineer – correct, 4 teacher – correct, 5 nurse, 6 bus driver

Grade 6 TB_at level_BOOK.indb 33 29/07/2020 14:50

Additional/Support

- Ask pupils to make sentences about what they want to be when they grow up. For example: *When I grow up, I want to be a doctor because it is interesting*.
- But be careful – you don't want pupils to make sentences such as: *When I grow up, I want to be a waiter because it is boring*.
- For slower readers, make sets of cards for the sentence halves on page 17 of the *Pupil's Book*.
- Pupils can then use these to play 'Snap'.
- Each pair or small group will need a full set of Part A cards: 'When I grow up, I want to be a(n) + waiter/teacher/builder/farmer/IT programmer/bus driver/engineer/nurse/doctor' and Part B 'because' cards.
- One side starts and turns over a card; the other side turns over their card. If there is a match, then the first pupil or group to say 'Snap' gets a point and keeps the two matching cards.

Unit 1 Lesson 6: Two Families

Aims: To read and listen to information about two families
To read and extract information to label pictures
To read and extract information to complete sentences
To write a paragraph about your family following a model

Materials: *Pupil's Book* pages 18–19
Activity Book pages 14–15
Track 12

Note:

1 In the text on page 18, pupils meet the word *paddy* – Rice grows in paddy fields. Paddy fields are flooded fields used for growing rice. In the 20th century this was the most common method used to grow rice. The word *paddy* comes from the Malay word *padi* which means rice plant.

2 In the text on page 19, pupils meet the description *my big sister*. Pupils have already met *little brother* in other grades. Here the adjectives *little* and *big* do not refer to size, but to age. You can say *my little brother* or *my younger brother/my big sister* or *my older sister*.

Warmer 5 mins

- Start the class by asking pupils what day it is. Write the day on the board. See if pupils can tell you which month it is and write that on the board.
- Play a word association game. Get pupils to stand in a big circle around their desks. Say a family word from Lesson 1 (e.g., *grandfather*). Ask the pupil standing on your right to say an associated word (e.g., *grandmother*, *mother*, *father*, etc.). The next pupil says another associated word (e.g., *aunt*, *uncle*). Continue until pupils cannot continue the chain. Then start again from the last pupil with a new family word.

Grade 6 TB_at level_BOOK.indb 34 29/07/2020 14:50

Note: You can also use the diminutive forms (*mum*, *mummy*, *granny*, etc.).

1 Read and write a sentence under the photos. 10 mins

- Ask pupils to look at pages 18 and 19 of the *Pupil's Book*.
- Explain that, throughout Grade 6, they will read different articles about interesting subjects.
- Ask pupils to look first at page 18.
- Ask how many photos they can see.
- Ask if they can guess which country it is (China).
- Ask pupils to read the text quietly to themselves and think about a sentence that they can write to describe each of the four photos.
- Ask some comprehension questions (but not ones that give the answers needed to label the four photos). For example:
  What's the boy's name?
  What's his nationality?
  What's his father's job?
  What's his mother's job?
- Ask pupils to work in pairs and decide on a sentence to write under each photo.
- Ask for volunteers to read their sentences. Write the suggestions on the board and see if everyone agrees.

Possible answers
Farmers are planting rice.
His mother and father are farmers.
A farmer is getting the field ready.
Han's cousin is holding some cucumbers.

- Repeat the process for page 19. Possible sample comprehension questions:
  What's the girl's name?
  Where does she live?
  What's her mother's job?
  What's her father's job?

Possible answers
Farah's father works for Libyan Airlines / is a pilot.
Farah lives with her family in Tripoli.
Her family are at the airport.
This is the cockpit of a plane.

2 🎧 12 Listen to Han and Farah talking about the jobs their families do. 10 mins

- Play 🎧 Track 12 in full and let pupils listen and read along.

🎧 ***Track 12***
Listen to Han and Farah talking about the jobs their families do.
Hello! My name is Han and I'm Chinese. I live with my mum and dad on our farm. Both are farmers and my grandparents were farmers, too. I have an older cousin. He lives with us and works on the farm. He is very funny.
We grow rice and lots of vegetables like the cucumbers my cousin is holding in the photo. Rice grows in paddy fields. Can you see the buffalo in the field? Here the farmer is getting the field ready to plant the rice.
Hello, I'm Farah. I live with my family in Tripoli. My father is a pilot and he flies planes for Libyan Airlines. My mother is a housewife now, but she was a nurse.
We live in a flat near the centre of Tripoli. I live with my mum and dad, my two younger sisters, my big sister and my aunt.
Here is a picture in the cockpit of my dad's plane. He and the co-pilot are getting ready to leave Dubai.
This picture is at the airport in London. You can see my grandmother, my mother and my aunt with their bags ready to check in.

Additional/Support
- Put pupils in pairs.
- Allocate the text about Han to one pupil and the text about Farah to the other.
- Give pupils a few minutes to write down three or four questions about their text.
- Get pupils to close their *Pupil's Book* and ask their questions to their partner.
- Pupils should decide if the answer is correct or not. If they disagree, pupils should refer to the text.

- There will be three other writing activities following a model in Grade 6.
- Get pupils to look at the 'Punctuation' notes at the bottom of page 15.
- Tell pupils that it is important that they use proper punctuation in the writing task.

Note: We use capital letters to name something specific – proper nouns. Therefore, names of specific hospitals, airlines, shops, etc. are written with capital letters. For example:
Libyan Airlines, Green Tree Primary School, Mansour Mall.

Note: You will need to collect in the task for Activity 4 to monitor pupils' progress. If possible, see each pupil and give your feedback.

- For more confident pupils, see if they can read the eight sentences on page 18 of the *Activity Book* without looking at the story in the *Pupil's Book*. See if they can say which job each sentence refers to. They can then look back at the story and see if their guesses were correct.
- This is the second 'Look, say, cover, write, check' practice.

- The winner is the first team to finish. Pupils should put their hands up and say *Finished*.
- Say *Open your Activity Books on page 19 and find the words*. Say *Go*.
- The first team to finish should read out the eight words, which includes the example. It might be necessary to point out where the words are.

Answers

1 Track 15 Listen, look and say. 6 mins

- Ask pupils to look at the *Pupil's Book* page 26. Ask them how many things they can see at the top of the page (8).
- Play Track 15 a first time to familiarize pupils with all eight items. Then play Track 15 again for pupils to listen and repeat.
- Practise saying all the items together as a class. Make sure pupils differentiate between singular items and plural ones.
- **Note:** In English, *jeans* are plural. (See also *glasses (spectacles)*, *shorts*.)

Track 15
Listen, look and say.

Plural nouns: 3, 4, 5

4 Ask and answer. 3 mins

- Working in pairs, pupils practise the conversations at the bottom of the page. Monitor and support as necessary.

5 What is it/are they made of? 5 mins

- Ask pupils to look at page 27 of the *Pupil's Book*. Read the rubric together as a class. Ask pupils to read the words under the eight pictures quietly to themselves.
- Get pupils to work with a partner and decide what the items are made of. Ask pupils not to write anything at this point.
- Elicit answers. Ask *What are the knife, fork and spoon made of?* Elicit *They're made of metal.* Continue for all eight items. Alternatively, get individual pupils to ask the questions and the class to answer.
- Pupils write the material for each item under the picture. Monitor to check that pupils are continuing to form their letters correctly and writing clearly.
- **Note:** Rubber bands are named with the adjective to distinguish them from other 'bands' such as hairbands, armbands, hatbands, etc.

6 16 Listen to Dania and Anwer talking about what they are wearing. Label the pictures. 5 mins

- Ask pupils to read the rubric and look at the pictures.
- Ask pupils how they talk about clothes on people. Elicit *He's/She's wearing …* Let pupils work in pairs and point to Dania and Anwer and describe what they are wearing.
- Play 16 Track 16 and get pupils to check their ideas.
- Pupils label the pictures. Remind them to add *a/an* to the labels of singular items.

Track 16
Listen to Dania and Anwer talking about what they are wearing. Label the pictures.
Dania: *I'm wearing a cotton T-shirt, a denim jacket, a cotton skirt and leather shoes.*
Anwer: *I'm wearing a wool scarf, a cotton T-shirt, a leather jacket, denim jeans and leather boots.*

Answers

Anwer: a wool scarf, a cotton T-shirt, a leather jacket, denim jeans, leather boots

Activity Book

1 17 Listen and write the numbers and names next to what things are made of. 5 mins

Note: This is an activity in two parts. First, pupils listen and write the numbers of the items next to the material words on the left (e.g., *metal*: 2, 10). Second, pupils write the names of the items (e.g., *metal*: *clock, key*) on the lines and then listen again to check.

- Ask pupils to look at page 20 of the *Activity Book*. Read the rubric as a class or ask for a volunteer.

Grade 6 TB_at level_BOOK.indb 45 29/07/2020 14:50

- Let pupils have time to look at all the pictures. Tell them to work with a partner and say the names of all the items they know.
- Play Track 17. Pupils write the numbers of the two items that are made of the materials in the left column.

Track 17
Listen and write the numbers and names next to what things are made of.

metal	*The clock is made of metal and so is the key.*
leather	*The sofa is made of leather and so is the football.*
glass	*The doors are made of glass and the table top is also made of glass.*
rubber	*The toy duck is made of rubber and so are the gloves.*
denim	*The trainers are made of denim and so is the backpack.*
wood	*The baseball bat is made of wood and so is the ladder.*
cotton	*The baseball cap is made of cotton and so are the towels.*

Answers
metal – 2 clock; 10 key
leather –1 sofa; 13 football
glass – 7 doors; 14 table (top)
rubber – 5 (toy) duck; 11 gloves
denim – 3 trainers; 12 backpack
wood – 4 bat; 8 ladder
cotton – 6 towels; 9 baseball cap

2 Choose four words from Activity 1 and write a description. 4 mins

- Have two or three items ready to show pupils so that you can demonstrate and elicit some adjectives and how to order them before a noun. For example: a white plastic cup; a blue shirt; a long brown pencil and a short red pencil; a big black and white ball and a small yellow ball. Elicit adjectives for these items.
- Refer pupils to the table and 'Look' box on page 21 of the *Activity Book*. Explain that these show how to order the adjectives in a sentence describing something. (Ignore the *Verbs* column of the table for now.) Check understanding by asking pupils to order the adjectives for the items you have brought.
- Now introduce the rubric and example sentence for activity 2. Ask pupils how they would change the first two words of the example sentence to talk about the baseball bat – they can refer to the Verbs column of the table to do this. (*They are* would change to *It is*, because *baseball bat* is singular.) Elicit some adjectives that apply to the baseball bat, for example, *long* and *wooden*. Get pupils to order the words into a sentence: *It is a long wooden baseball bat*.
- Pupils should now be in a position to write four example sentences. They can work individually or in pairs.
- Elicit answers from the class.

Suggested answers
1 It is a black and white leather football.
2 They are big glass doors.
3 It is a tall wooden ladder.
4 They are yellow rubber gloves.

3 Colour the things in the room. Use the words in the boxes. Write about your picture. 4 mins

- The table at the top of page 21 will help pupils write their descriptions of the room. Explain that we use *There* + *is/are* to express the idea that something exists. We put *There* in the subject position so that the new information can follow. For example: *There is a big brown leather sofa.* (A sentence like *A big brown leather sofa is in the room* is possible, but unusual, and would only be used for special effect. It should not be taught to pupils.)
- Make sure pupils understand what they have to do. They can colour the picture with colours of their choice. Then they have to write sentences describing it. Remind them that they can look at the table and the 'Look' box for a reminder of how to structure their sentences or for ideas for adjectives to use.

Suggested answer
In the picture there is a boy and a girl. They are in the living room. In the room there is a big brown leather sofa. There is a glass and metal table. On the table, there is a metal clock and there are some rubber gloves. The boy is wearing

Grade 6 TB_at level_BOOK.indb 46 29/07/2020 14:50

a red jacket, blue jeans and white shoes. He is holding a black and white football. The girl is sitting on a brown wooden chair. She is wearing a white cotton T-shirt, a green cotton jacket, black denim jeans and black leather boots.

Rounding off

- Spend a few minutes at the end of the lesson to review with pupils what you have done together. Get them to tell you which parts of the lesson they enjoyed the most and the least.

Additional/Support

- Ask pupils to draw and colour a picture of their bedrooms. They will need paper to do this. They can then write descriptions of the items in their bedrooms using adjectives for size, colour and material.
- Less confident pupils can work with a partner to write just two or three sentences.
- At the beginning of the next lesson, you can ask pupils to display their pictures and descriptions on the classroom walls. Pupils can walk around to look at and read other pupils' work.

Unit 2 Lesson 2: At the Mall

Aims: To learn the names for shops and departments in a shopping mall
To decide where to go to buy what you want
To review ordinal numbers

Materials: *Pupil's Book* pages 28–29
Activity Book pages 22–23
Tracks 18–20

Warmer 4 mins

- Start the class by asking pupils what day it is. Write the day on the board. See if pupils can tell you which month it is and write that on the board.
- **Note:** If you want to practise the exact date, you will need to review ordinal numbers. Pupils learnt ordinals *1st–10th* in Grade 5. In this lesson, they will use *ground floor, 1st floor, 2nd floor*. See the 'Additional' activity at the end of this lesson for further notes on practising ordinal numbers *11th–31st*.
- Ask pupils if they have ever visited a mall. Get them to talk about their experience and the shops they like to visit in a mall.

1 18 Listen and read. 4 mins

- Ask pupils to open the *Pupil's Book* on page 28. Look at the top activity and give pupils time to look at what Anwer has written.
- Play Track 18 and get pupils to listen and read.

Track 18
Listen and read.
It's Saturday and we are at the mall. I am with my mum and dad, my big sister, Dania, and little brother, Ali.
There are lots of shops on different floors. We need to decide where to go. We are going to buy some clothes, and I hope we are going to the café for ice-cream.

2 Label the shops in the mall. 4 mins

- Ask pupils to look at the plan of the shopping mall at the bottom of the page. Say *This is a plan of the mall*. Ask *How many floors are there?* (There are three.)
- The illustrations contain lots of clues that will let pupils label the shops. Before they start, read out the labels, or ask for volunteers. Introduce the word *fashion* – it is a way of referring to clothes that are being sold, especially new or popular

Grade 6 TB_at level_BOOK.indb 47 29/07/2020 14:50

clothes. Obviously, shops need to sell clothes that are the popular, new styles.
- Ask pupils to work in pairs and label the shops in the mall.

3 🎧 19 Listen and check your answers. 7 mins

- Play 🎧 Track 19. Pupils check their labels.
- Draw a sketch of the mall layout on the board – just eight boxes on top of each other, as in the illustration.
- Start with the bottom left shop (play area) and elicit the names.

🎧 ***Track 19***
Listen and check your answers.
On the ground floor, there is a play area for children and a supermarket.
On the first floor, there are three shops. On the left is men's fashion; on the right is children's fashion. The IT and computing shop is between men's and children's fashion.
On the second floor, there is a café on the left. Next to the café is women's fashion, and home cooking is next to women's fashion.

Answers
Ground floor, left to right: play area, supermarket
First floor, left to right: men's fashion, IT and computing, children's fashion
Second floor, left to right: café, women's fashion, home cooking

4 Read. Who is speaking? Write the names: Mum, Dad, Anwer, Dania or Ali. 4 mins

- Ask pupils to work individually to read the speech bubbles.
- Ask pupils to check their answers in pairs before eliciting the answers from the whole class. To do this, you can ask for volunteers to read out the text in each speech bubble, then have the whole class answer.

Suggested answers
1 Mum
2 Dania
3 Anwer
4 Dad
5 Ali

5 Read the shop names. Where do they need to go? Write the numbers in the boxes. 4 mins

- Ask pupils to work by themselves and to reread the speech bubbles in activity 4. Pupils write the number next to the correct shop. Get pupils to check their answers in pairs. Class check.

Answers
1 Home cooking
2 Children's fashion
3 Café
4 IT & computing
5 Play area

Activity Book

1 Read the two conversations. Number the sentences in order. 5 mins

- Ask pupils to look at page 22 of the *Activity Book*. Allow a few moments for pupils to look at the illustrations. Ask *Who is speaking in the conversations?* (Dania, Anwer, Mum, Dad and Ali.)
- Put pupils in pairs and allocate Pupil A and Pupil B to each pair.
- Pupil A should read the top conversation and decide on the order of the speech bubbles, numbering the boxes *1–5*. Pupil B should do the same for the bottom conversation and number the boxes *6–9*.
- Ask pupils to read out their conversation to their partner. The partner should listen and number the speech bubbles accordingly.

2 🎧 20 Listen and check your answers. 4 mins

- Play 🎧 Track 20. Pupils read as they listen and check the order of the speech bubbles.

Grade 6 TB_at level_BOOK.indb 48 29/07/2020 14:50

Track 20

Listen and check your answers.

Mum: *It's 11 o'clock now. Dania and Anwer, you can go to look at children's fashion. Do you know where to go?*

Dania: *Yes, Mum. Children's fashion is on the 1st floor.*

Dad: *Mum and I are going to look at home cooking. We will meet you in the café at 12.30. Is that OK?*

Anwer: *At 12.30. That's OK. But where is home cooking?*

Mum: *It's on the 2nd floor next to the café.*

Ali: *What about me? I don't want to look at home cooking.*

Dad: *I know. I'm going to take you to the play area on the ground floor. There are lots of games and children to play with.*

Ali: *On the ground floor. OK, but can I go to the café? I want an ice-cream or a cake.*

Mum: *Of course you can, Ali. Dad or I will come to get you at 12.30. We will all have ice-cream.*

Answers

Top to bottom: 2, 3, 5, 4, 1, 6, 9, 8, 7

3 Answer the questions. 3 mins

- Read out the rubric (as a class or individually). Remind pupils that they should re-read the conversation on page 22 to answer the questions.

Answers

1 Children's fashion.
2 No. (He is going to the play area.)
3 On the ground floor.
4 At 12.30.
5 Ice-cream.

4 Look at Class A's survey. 3 mins

- Read the text in the box together as a class.
- Ask two or three questions about the table. *How many pupils like going to the play area?* (Two.) *What are their names?* (Sami and Reda.) *Does Amal like going to home cooking?* (Yes, she does.)

5 Ask and answer. 3 mins

- Ask pupils to look at the speech bubbles at the bottom of the page. Pupils can work in pairs or small groups to ask and answer questions about the survey.

Rounding off

- As a quick, fun, round-off activity, get pupils to close their books, and ask, for example, *What floor is the play area on?* Pupils should answer from memory. If pupils are correct, the class scores a point; if pupils are wrong, you score a point.
- Spend a few minutes at the end of the lesson to review with pupils what you have done together. Get them to tell you which parts of the lesson they enjoyed the most and the least.

Additional/Support

- If you want pupils to practise saying the exact date at the start of each lesson, you can introduce ordinal numbers beyond *10th*. The pattern is easy to follow once pupils know that all are regular and formed by adding *–th* to the number, except for any number ending in 1, 2 or 3 (21, 22, 23, 31 – only these are needed for dates). Note the spellings: twelve/twelfth, twenty/twentieth, thirty/thirtieth.
- First, review ordinal numbers *1st–10th* (from Grade 5): write these numbers on the board and ask pupils to say them.
- Write *first 1st*, *second 2nd*, *third 3rd*, *fourth 4th* on the board. Underline the *suffixes –st, –nd, –rd, –th* and so on to *tenth 10th*.
- Write other numbers on the board and see if pupils can give the ordinal form (15th/fifteenth, 20th/twentieth, 22nd/twenty-second, 24th/twenty-fourth, 30th/thirtieth, 31st/thirty-first).
- **Note:** Continue the practice by getting pupils to say the date at the beginning of each lesson.

Unit 2 Lesson 3: Can I help you?

Aims:	To practise asking for something in a shop To use *this/that* and *these/those* To write ads (advertisements) for shop windows To use comparative forms
Materials:	*Pupil's Book* pages 30–31 *Activity Book* pages 24–25 🎧 Tracks 21–22
Optional:	blank sheets of paper or a clean notebook page

Warmer 4 mins

- Start the class by asking pupils what day it is. Write the day on the board. See if pupils can tell you which month it is and write that on the board. Now see if pupils can tell you what date it is and write that on the board.
- Now say the whole date: *Monday the tenth of October*. Ask pupils to repeat. Explain that we do not write *the* or *of* when we write the full date, but we do say these words.
- **Note:** Only practise today's date here. You can continue to do the same at the beginning of every lesson.
- Now put pupils in pairs or small groups. Each pair or group needs to have a blank piece of paper or a notebook that they can use.
- Set a short time limit and get each pair/group to write down the names of, say, five materials.
- Get pairs/groups to swap papers. Elicit the names for the materials. Write each one on the board. Pairs/groups should be marked half a point for a correct material name with wrong spelling and one point for a correct material name with correct spelling.
- Get pupils to add up the points and see which pairs/groups have scored best.

1 Read and complete the conversations. 5 mins

- Ask pupils to look at page 30 of the *Pupil's Book*.
- Ask pupils to name the things they can see in the four pictures (saucepan, phone/mobile phone/smartphone, clothes (dress, shirt, jacket, sweater) and boots).
- Ask pupils to work in pairs. They should read the sentences in the boxes at the top of the page and together decide how to use them to complete the conversations.

2 🎧 21 Listen and check your answers. 5 mins

- Play 🎧 Track 21. Pupils check their answers.
- Put pupils in pairs. Ask them to choose one or two conversations, then read and practise the conversation(s).

3 🎧 22 Listen and say. 5 mins

- Give pupils time to look at the pictures. You might like to ask a few comprehension questions about the pictures. For example: *How many people can you see?* (Two.) *Where are they?* (In a shop./In women's fashion.) *What is the shop assistant wearing?* (A blue shirt/sweater and a blue skirt.) *What is the customer wearing?* (A purple jacket, purple trousers, a pink shirt and a pink headscarf.)
- Play 🎧 Track 22. Stop after each pair of speech bubbles for pupils to repeat what each character says: *Can I help you? Yes, please. I'm looking for a dress.* Do not ask pupils to complete the missing parts at this point.
- Put pupils in pairs and allocate roles – shop assistant or customer. If possible, get pupils to look at each other as they repeat the conversation and point to imaginary items – close things when using *this* and things farther away when using *that*.

🎧 ***Track 22***

Grade 6 TB_at level_BOOK.indb 51 29/07/2020 14:50

Activity Book

1 Look at the ad for a shop in the mall. 4 mins

- **Note:** In informal English, the word *advertisement* is often abbreviated to *ad* or *advert*. Here pupils use *ad*, the shortest form.
- Get pupils to read the *ad* for the sports shop. Elicit what an *ad* is (a piece of writing which makes you want to go to the shop or buy something).

2 Write an ad for each shop. You can use these words. 8 mins

- Get pupils to look at the other illustrations, and elicit what each shop sells.
- Put pupils in pairs or small groups. Explain that they are going to write an ad for each shop. Ask pupils to read the phrases; you might like to get volunteers to read out each phrase to the class. Explain that they should use some or all of these phrases in their ads.
- Set a time limit. Then elicit some examples from pairs or groups. You can write these on the board.

Suggested answers

1 We have the latest fashions. Clothes for everyone!
2 We have everything you need for cooking.
3 We have toys for all ages. Great for children!
4 We have clothes for autumn and winter in all colours.
5 We have shoes for all sizes! We have shoes in all colours!

3 What are Anwer and Hiba saying? Match the speech bubble to the numbers in the picture. 7 mins

- Read out the rubric (as a class or individually). Make sure pupils understand what they have to do.

Answers

1 Those are bigger.
2 That is prettier.
3 Those are longer.
4 That is cheaper.
5 These are too small.
6 This is pretty.
7 These are too short.
8 This is too expensive.

Rounding off

- Play a quick game. You say the adjectives from page 25 of the *Activity Book* (small, big, pretty, short, long, expensive, cheap), and pupils respond with the comparative forms (smaller, bigger, prettier, shorter, longer, more expensive, cheaper).

Additional/Support

- Get pupils to work in groups of four or five. Pupils put their classroom objects on their desks.
- Pupils make simple sentences with *This is/That is …* or *These are/Those are …* when pointing to either their own or another pupil's classroom objects.
  For example:
  This is a rubber.
  Those are pencils.
  or for more confident pupils:
  This is my pencil case.
  That is your Pupil's Book.

Unit 2 Lesson 4: Opposites

Aims: To learn adjectives to describe materials
To select suitable adjectives to describe objects
To practise describing different desks
To practise recognizing common homophones (*to, two, too*)

Materials: *Pupil's Book* pages 32–33
Activity Book pages 26–27
Tracks 23–26

Optional: blank sheets of paper or a clean notebook page

Grade 6 TB_at level_BOOK.indb 52 29/07/2020 14:50

Warmer 3 mins

- Start the class by asking pupils what day it is. Write the day on the board. See if pupils can tell you which month it is, and write that on the board.
- Play a game: a matching adjective and noun challenge. Write the adjectives from page 25 of the Activity Book on the board: *small, big, pretty, short, long, expensive, cheap*. Put pupils in pairs or small groups. Ask them to add a noun to each adjective. The group that completes the task first, with logical matches, is the winner.

1 Which ones do you like? Tick (✓) one from each pair. 3 mins

- Ask pupils to open the *Pupil's Book* on page 32. Let them look at the picture pairs. Ask for volunteers to name the objects (cars, socks, skirts, pens, scarves, sweets).
- Ask pupils to tick the picture they prefer from each pair.

2 These adjectives are opposites. Match them to the pictures. 4 mins

- Read the rubric. See if pupils can tell you what an *opposite* is in reference to the pairs of words. For example, *hard* is the opposite of *soft* because it means *not soft*. Similarly, *soft* means *not hard*. So they are opposites.
- Explain that each pair of opposites matches a pair of pictures. Ask pupils to match the opposites to the pictures.

Answers

1 cheap / expensive
2 plain / colourful
3 long / short
4 thick / thin
5 light / heavy
6 hard / soft

3 🎧 23 Listen and say. 4 mins

5 *It's a light scarf.*
  It's a heavy scarf.
6 *They're hard sweets.*
  They're soft sweets.

4 Look at the four desks. Write four sentences. 6 mins

- Ask pupils if they have a desk at home – in the living room or in the bedroom. Ask for volunteers to tell you what their desks are made of and whether they are big or small.
- Ask pupils to look at the desks in the illustrations. Get a quick show of hands to find out which desk pupils like best: *Who likes desk 1 best?*, etc.
- Let pupils work by themselves to write the four sentences about the four desks. They have to match the sentence beginnings (on the left) to the sentence endings (on the right).

Answers

1 This desk is colourful but it is too small for me.
2 This desk is metal and it has drawers.
3 This desk is too big and it's very expensive.

4 Describe your desk and chair.

3 mins

- Here, explain that pupils should try to describe their desk and chair using their answers in activity 3.
- Have pupils read their descriptions to each other in pairs. Tell them to remember what their partner's desk is like.

Suggested answer

My desk is made of metal. It's large and it's a rectangle. It's white and it has three drawers. My chair is made of metal too.

5 🎧 24 Listen. Are your desk and chair like these ones?

- Explain that pupils are going to hear someone describing their desk. They should listen to see if it is the same in any way as their partner's desk. Play 🎧 Track 24.

🎧 ***Track 24***
Listen. Are your desk and chair like these ones?
My desk is made of wood. It's small and it is a rectangle. It is brown and it has two drawers. My chair is made of wood too.

- Elicit a description of the desk on 🎧 Track 24. Ask *What is it made of?* (Wood.) *What shape is it?* (A rectangle.) When you have the complete description, ask if anyone's partner's desk was like the desk on 🎧 Track 24. Get pupils to say what the similarity was, e.g., *Ahmed's desk is made of wood*.
- Ask a few volunteers to read out their own description of their desk.

6 Look and practise.

4 mins

- Get pupils to look at the 'Look' box. Write *to*, *two* and *too* on the board. Elicit how to say these words.
- Ask *Do the words sound the same or different?* Elicit answers, but don't confirm.
- Play 🎧 Track 25.

🎧 ***Track 25***

to, two, too

Grade 6 TB_at level_BOOK.indb 54 29/07/2020 14:50

- Ask again: *Do the words sound the same?* Ask pupils to tick the *Yes* or *No* box. Make sure everyone ticks the *Yes* box.
- Play 🎧 Track 26. Let pupils work by themselves and complete the sentences. Elicit answers.

🎧 ***Track 26***
Listen and complete the sentences.
1 *I'm going to school.*
2 *I have two friends.*

3 too

Rounding off

- Play a quick game: you say a noun from page 26 of the *Activity Book* (ice-cream, skirt, book, car, T-shirt, scarf) and pupils respond with an appropriate adjective.
- Spend a few minutes at the end of the lesson to review with pupils what you have done together. Get them to tell you which parts of the lesson they enjoyed the most and the least.

Additional/Support
- Put pupils in pairs or small groups. Each pair or group needs to have a blank piece of paper or a notebook that they can use.
- Divide the board into three columns marked *to*, *two* and *too*. Divide the class into four teams (or more as necessary), and ask pupils to copy the three columns onto their pieces of paper or into their notebooks. Say a sentence, e.g., *Number 1: I have two books*. Pupils write the sentence number in the correct column (*to, two* or *too*). Read out other sentences.
- **Note:** You will need to keep a list of the sentences and their numbers so that you can give answers at the end of the activity.
- Give out the answers. The winners are the groups with the highest score.
- Some possible sentences are: *I have two books. The car is too expensive. I go to school by bus. Can I have two sweets, please? The desk is too big for me. These shoes are too small. We went to the mall yesterday.*

Unit 2 Lesson 5: Materials

Aims:	To do a general knowledge activity about materials To use *comes from* and *is made from* To read 'Fun facts' about materials To write questions with *is/are* and *do/does*
Materials:	*Pupil's Book* pages 34–35 *Activity Book* pages 28–29 🎧 Tracks 27–28
Optional:	a carton or glass of milk; clothing items made from cotton/wool/leather

Note:

- The use of *made of* and *made from* often reflects the speaker's point of view and how they see the composition of an object. In practice, the choice is often subjective. For example, a bracelet might be described as *made of silver*, but it might also be composed of other materials.
- More specifically:
Made from
We often use *made from* when we talk about how something is manufactured:
Plastic is made from oil.
Paper is made from wood.
Made of
We often use *made of* when we talk about the basic material or qualities of something:
The bracelet is made of silver.
The table is made of wood.

Made out of

Made out of is not covered in Grade 6. It is usually used when we talk about something that has been changed or transformed from one thing into another:

This cup is made out of a plastic bottle.

My mother made this pencil case out of old denim jeans.

Made with

Made with is not covered in Grade 6. We most often use *made with* to talk about the ingredients of food and drink:

This dish is made with meat and vegetables.

My favourite drink is made with oranges and lemons.

Warmer 5 mins

- Start the class by asking pupils what day it is. Write the day on the board. See if pupils can tell you the date, and write it on the board.

1 What are these things or materials? Write the names. 4 mins

- Ask pupils to look at the pictures. Elicit ideas about what they can see.
- **Note:** Pupils can give ideas about the objects for some pictures and the materials for other ones.

Suggested answers

1 paper
2 cup(s)
3 leather
4 wool
5 keys/metal
6 cotton
7 oil/bottle of oil

2 Use *comes from* OR *is made/are made from* and match. 4 mins

- If possible, use realia (see 'Optional' in the 'Aims' box) to demonstrate the idea that some things *come from* and some things *are made from*. Milk is a good way to demonstrate this, because pupils can say where it *comes from*; items of clothing can demonstrate *made from*.
- **Note:** Try introducing this idea by asking pupils to think about what is natural (comes from) and what we make (made from).
- Develop this idea using the two pictures in the middle of the page. Read the two sentences together as a class.
- Ask pupils to look at the activity. Pupils work by themselves to do the activity.
- Pupils check their answers in pairs. Ask for volunteers to read out the five sentences.

Answers

1 Cotton comes from a plant.
2 Keys are made from metal.
3 Paper is made from wood.
4 Cups and plates are made from clay.
5 Wool comes from cashmere goats.

3 Write four sentences using these words. 5 mins

- This activity is an extension of activity 2. Tell pupils to think about whether each pair of things should be *comes from* or *is made from*.
- Pupils complete the activity individually. Elicit answers.

Answers

- Pupils then read the other sentences in activity 4. Then they look back at the sentences in activity 3.
- Point out that pupils will now rewrite the sentences from activity 3, using the words *most, some, always, often* and *usually*. Work through the first sentence with them if necessary.

Suggested answers

1 Most wool comes from sheep, but some wool comes from goats.

2 Oil always comes from the ground, but some of the ground is under the sea.
3 Shoes are often made from leather, but some shoes are made from plastic.
4 T-shirts are usually made from cotton, but some T-shirts are made from bamboo.

Rounding off

- Spend a few minutes at the end of the lesson to review with pupils what you have done together. Get them to tell you which parts of the lesson they enjoyed the most and the least.

Additional/Support
- For slower readers, allocate only part of the 'Fun facts' text on page 34 of the *Pupil's Book*.
- For confident pupils, put them with a pupil who finds reading harder and let them read out the text on page 34 for the other pupil to follow.

- Play Track 29.

Track 29
Listen and read.
Working in a busy hospital

Anwer: *Many people we know have been to a hospital or to see a doctor. But do you sometimes think about what it is like to work in a hospital? This is a doctor's story. Tell us about what you do every day.*

Doctor: *I'm a doctor. I am a heart doctor (or surgeon). From Sunday to Thursday, I work in a hospital. I wear a uniform – it is a white cotton coat and a thin white or blue headscarf. I look after my patients and I try to make them better. I get up very early because I usually do operations in the mornings. In the afternoons, I visit the wards and check on my patients.*

Anwer: *Is your job difficult?*

Doctor: *I work with a small team of other doctors and nurses. We are usually very busy. I often work for many hours. Some operations take a long time, perhaps five or six hours. It is a difficult job, but I love it.*

Anwer: *What are you doing now?*

Doctor: *Today is Saturday and it's my weekend. I'm not working in the hospital. I'm spending time with my family. We are shopping in the mall. Today we are looking for winter clothes. My son is buying a warm denim jacket. My daughter is buying a thick sweater. I'm buying comfortable shoes for work. But we're not shopping now.*

Grade 6 TB_at level_BOOK.indb 58 29/07/2020 14:50

Anwer: *What do you do at the weekends?*
Doctor: *I spend time at home. I do washing and cleaning. I play with my children and I see my friends. I cook and I clean the house. Sometimes, I play tennis. When I feel tired, I read or watch TV.*

2 Read the doctor's story again. Write sentences. 13 mins

- The activity at the bottom of *Pupil's Book* page 37 looks at the difference between states and routine actions/habits (present simple) and actions that we are in the process of doing now (present continuous).
- Let pupils read the doctor's blog again. As they read, ask them to underline the verbs they see. Elicit verbs for what the doctor does most days. Elicit verbs for what she is doing now.
- Ask pupils to read the example sentences in the activity at the bottom of page 37.
- Say the following sentences and get pupils to tell you if these are correct or not.
  Say: *She looks after her patients. (correct)*
  She is getting up very early. (wrong)
  Today she shops in the mall. (wrong)
  Today she is buying shoes for work. (correct)
- Ask pupils to work by themselves and write other sentences. Get them to check their answers in pairs. Ask for volunteers to read out examples.

- **Note:** Contrast is a difference between two or more people or things. We use the word *but* to introduce a word or phrase that contrasts with what was said before. The word *and* is used to link two or more words or phrases and add information without contrast.

1 Look at 'A Blog' on pages 36 and 37 of the Pupil's Book. 5 mins

- Ask pupils to look at page 30 of the *Activity Book*. Let pupils count how many *ands* and *buts* there are in the blog on pages 36 and 37 of the *Pupil's Book*.

The next person follows with *I like apples and cake and lemonade*, and so on until pupils have used all the food/drink words they know.
- Give another topic, for example sports and hobbies. Start with *I like swimming – I like swimming and playing football*, and so on.
- Give another topic, for example: *school subjects*. Start with *I like Maths – I like Maths and Art*, and so on.

Unit 2 Lesson 7: Check my Understanding

Aims: To review and check understanding of the blog from Lesson 6
To select the present simple or present continuous tense
To do a project – to follow a model and make a poster about designing a school backpack
To read about paper
To learn to spell four high-frequency words (*only, enough, many, usually*)

Materials: *Pupil's Book* pages 38–39
Activity Book pages 32–33
Track 30

Note: You need blank sheets of paper for pairs or groups to make their project posters.

Teaching note: Projects

- There are four projects in Grade 6 (Units 2, 3, 6 and 7). Projects let pupils express their own ideas, creativity and English to share ideas about what to put on their posters. There is no right or wrong. Example posters in the *Pupil's Book* are given as examples and not for pupils to copy. Note also that it is not necessary for pupils to have the same number of pictures and captions as in the examples – it is for them to decide in their groups or pairs.
- If possible, put projects up on the classroom walls and let everyone read their classmates' work. This encourages interest and encourages pupils to produce their best work.

Warmer 3 mins

- Start the class by asking pupils what day it is. Write the day on the board. See if pupils can tell you the date and write it on the board.

Grade 6 TB_at level_BOOK.indb 60 29/07/2020 14:50

- Ask pupils to hold up their school bags or backpacks and to think about one word they can use to describe them. These can be words for colour, size, materials, or quality.

1 Read 'Working in a busy hospital' in Lesson 6 again and tick [✓]. 6 mins

- Ask pupils to look back at pages 36 and 37 and read the blog once. Tell them that they should work individually and complete the first activity on page 38 of the *Pupil's Book*.
- Ask pupils to compare their answers in pairs. If necessary, pupils can look back at pages 36 and 37 to confirm their answers.

Answers

1	Yes	5	No
2	No	6	Yes

2 Find the correct tense of the verb and circle it. 6 mins

- Ask pupils to look at the second activity on page 38 of the *Pupil's Book*. Ask pupils to do the activity by themselves and then to check with a partner.
- **Note:** If pupils are not sure, encourage them to think about whether the action in each sentence is something that the doctor does regularly as a routine, or whether it is something that she/her family is in the process of doing now. If pupils are still not sure, they should look back at the doctor's blog on pages 36 and 37.
- Check the answers as a class.

3 Look at the poster for a school backpack. Talk to your partner about what you like / don't like about the poster. Then make your own poster. 8 mins

- Explain that pupils are going to do a project making a poster ad for a new school backpack. You will need to decide how best to organize your pupils for the poster project: in pairs or groups. You might like each pupil to be responsible for just one or two drawings and captions. They can put these together to form the final poster.
- **Note:** Explain that the project is for pupils to express their own ideas and that there are no right or wrong answers. The example poster on page 39 of the *Pupil's Book* is given as an example and not as something for pupils to copy. Note also that it is not necessary for pupils to have the same number of pictures and captions. It is for them to decide.
- Ask pupils to open the *Pupil's Book* on page 39. Give pupils time to look at the pictures and read the captions for each picture. Ask pupils which feature of the backpack they think is best.
- Put pupils into pairs or groups.
- Let pupils spend the rest of the lesson deciding on the design of their backpack and what they are going to draw and write for the captions.

1 30 Listen and read. 8 mins

Track 30

Listen and read.

When you open a book do you think about how paper is made?

The history of paper

History books tell us that paper was invented in China more than 2,000 years ago, but the Ancient Egyptians made a type of paper from papyrus plants a long time before this.

Paper is everywhere

We use paper for so many things that we can't think about a world without it.

Does your family read newspapers, magazines and books?

We use boxes, paper towels, paper bags and many more paper things every day. In the classroom, we write on paper every day. Paper is everywhere!

What is paper made from?

Most paper is made from wood, but there are other materials that can be used. Paper can be made from cotton, grass, straw, sugar cane, or even from beets.

Looking after trees

It is important that we conserve trees by recycling paper. Many of the paper products we use today are made with a large percentage of recycled paper.

2 Read and write T for true and F for false. 5 mins

4 Look, say, cover, write, check. 4 mins

- In Grade 6, pupils continue to look at the spelling of common, high-frequency words using the 'Look, say, cover, write, check' strategy. The four words for the unit are *only, enough, many, usually*.
- Ask pupils to look at the activity at the bottom of page 33 of the *Activity Book*. Remind pupils to use the 'Look, say, cover, write, check' strategy and write the words in the 'Write 1' column.

Rounding off

- Spend a few minutes at the end of the lesson to review with pupils what you have done together. Get them to tell you which parts of the lesson they enjoyed the most and the least.

Additional/Support

- For less confident pupils let them work together with another pupil when doing the project and divide up the roles. They can share ideas about the backpack they are designing and decide on which details to put on the poster. Then one pupil can be responsible for making the sketches or finding pictures and the other can write the captions.

- Play Track 31. Ask pupils to listen and follow. Encourage them to look at the pictures as they listen and to think about which part matches each picture.
- Give pupils time to read the words of the rhyme and think about which pictures match each pair of lines. Point out that the blue lines are the refrain, are not numbered and do not have matching pictures.
- Play Track 31 again. Let pupils check their answers in pairs before checking with the whole class.
- Play Track 31 again and encourage pupils to sing along where they can.

Track 31

Unit 3 Lesson 1: How are you?

Aims: To learn vocabulary for feeling unwell
To talk about how you feel
To review parts of the body and learn new words
To learn spellings with silent letters and irregular plurals

Materials: *Pupil's Book* pages 44–45
Activity Book pages 36–37
Tracks 32–36

Warmer 4 mins

- Start the class by asking pupils what day it is. Write the day on the board. See if pupils can tell you the date, and write it on the board.
- Ask pupils about their day so far and have a short class discussion.

1 Listen, look and say. 5 mins

- Ask pupils to open the *Pupil's Book* on page 44. Ask *Where are they?*
- Play Track 32. Get pupils to listen and follow.
- Point to the boy on the left and ask *How is he?* Elicit *He's fine.* Point to the other boy and ask *How is he?* Elicit *He doesn't feel well./He has a headache.*
- **Note:** At this point, pupils may not be able to pronounce *headache* as they have not met this word before.

Track 32
Listen, look and say.

Girl 1: *Hi. How are you today?*
Girl 2: *Hi, I'm fine, thanks. What about you?*
Girl 1: *I'm very well, thanks.*
Boy 1: *Hello. How are you?*
Boy 2: *I don't feel well. I'm going home now.*
Boy 1: *I'm sorry. What's the matter?*
Boy 2: *I feel hot and I have a headache.*

2 Listen again and practise. 4 mins

- Play Track 32 again. Pupils practise the two conversations. Put pupils in pairs to practise both conversations. Tell them they can include their partner's name when they are asking how they are – for example, *How are you, Anwer?* Monitor and support as necessary.

3 Look, listen and say. 5 mins

- Ask pupils to look at page 45. Ask them *How many pictures can you see?* (Ten.)
- Play Track 33 a first time to familiarise pupils with the ten health problems. Ask pupils to point to each one as they listen.
- Play Track 33 again for pupils to listen and repeat.
- Practise saying all the phrases together as a class.
- Put pupils in pairs. One pupil points to a picture and the other says the name of the problem.
- Pupils swap. Repeat until they have covered all the words.

Track 33
Look, listen and say.

1 *a broken arm*
2 *a cough*
3 *a headache*
4 *a temperature*
5 *a toothache*
6 *a stomach ache*
7 *a sore throat*
8 *feel sick*
9 *a cold*
10 *a rash*

4 Write the words next to the pictures. 5 mins

- Working individually, ask pupils to write the health problems next to the correct pictures. Let pupils check in pairs. Monitor and support.

Answers

3 a headache
4 a temperature
5 a toothache
6 a stomach ache
7 a sore throat
8 feel sick
9 a cold
10 a rash

Activity Book

1 Read and label the picture. 4 mins

- Ask pupils to open the *Activity Book* on page 36 and look at activity 1. This activity gets pupils to review parts of the body that they have learnt before. Pupils have learnt all these words in earlier grades with the exception of *stomach* and *back*.
- **Note:** The pronunciation of *ch* in *stomach* and *ache* (*stomach ache*, *headache*, *toothache*, *earache*) is /k/ as in *cake*, not /ch/ as in *cheese*. Pupils will practise these words further in Lesson 2.
- **Note:** *Back* is used as a noun here with the general meaning of being opposite to the front of something. For the human body, the back is opposite the chest and between the neck and the top of the legs. Pupils should not confuse this word with the adverb *back* (e.g., *Can you give me my pencil back? Sit back in your chair. Brush your hair back. Look back.*). The meaning here is away from the front or centre, or behind.
- Ask pupils to work by themselves to label the picture and then check their answers with a partner.

Answers

Clockwise from top right: 1 head, 2 eye, 3 nose, 4 teeth, 5 hand, 6 arm, 7 back, 8 knee, 9 foot, 10 toe, 11 leg, 12 stomach, 13 thumb, 14 shoulder, 15 mouth, 16 ear

2 Listen and say all the words in the picture. 4 mins

- Read the rubric for activity 2. If you have not already done so, you can first use 🎧 Track 34 to check the answers for activity 1. Then get pupils to stand up. Play 🎧 Track 34 again. Ask pupils to listen, say each word and touch the part of the body they hear.
- Pupils can continue this activity in pairs or small groups. One pupil says a word and the other touches that part of their body. Pupils swap roles.

🎧 ***Track 34***
Listen and say all the words in the picture.
head, eye, nose, teeth, hand, arm, back, knee, foot, toe, leg, stomach, thumb, shoulder, mouth, ear

3 Listen to how we say and spell these words. 5 mins

- Ask pupils to read the rubric and the words below it. Play 🎧 Track 35 and get them to repeat the words.
- Ask pupils if they can see anything strange about these words. Write *knee* on the board and ask pupils to say it. Some may pronounce the *k*. If so, play the word again using 🎧 Track 35, and get pupils to look at the 'silent' symbol and read *silent 'k'* under the word. Repeat for *thumb*.
- Write *tooth* on the board, point to a tooth in your mouth, and draw a picture of a tooth next to the word. Then draw two teeth on the board. Say *one tooth, two …* Elicit or provide the word *teeth*. Get pupils to look at *irregular plural* under the words. Repeat for *foot/feet*.

🎧 ***Track 35***
Listen to how we say and spell these words.

4 Write sentences. Use *He has …/She has …* 5 mins

- Make sure pupils understand what they have to do. Read out the rubric (as a class or individually).
- Read the examples with the class, then ask pupils to write their own sentences.
- Don't check answers at this stage, as pupils will listen and check their answers in activity 5.

5 Listen and check your answers. 4 mins

- Play 🎧 Track 36 so pupils can listen to check their answers.

Rounding off

- Spend a few minutes at the end of the lesson to review with pupils what you have done together. Get them to tell you which parts of the lesson they enjoyed the most and the least.

Additional/Support

- Play the game *[Mahmoud] says …* as a quick, fun activity to end the lesson. Explain the rules. You (or volunteer pupils) say: *[Mahmoud] says touch your arm/head/leg*, etc. Pupils have to do the action. Sometimes, miss out *[Mahmoud] says …* and say only *Touch your arm/head/leg*, etc. If pupils do the action when you don't include *[Mahmoud] says …*, they are out and should sit down.

Unit 3 Lesson 2: You should …

Aims: To practise giving advice (*you should/shouldn't*)
To learn how to give advice for common health problems
To read advice about coughs and colds
To practise a conversation with someone who is unwell

Materials: *Pupil's Book* pages 46–47
Activity Book pages 38–39
Tracks 37–38

Warmer 5 mins

- Start the class by asking pupils what day it is. Write the day on the board. See if pupils can tell you which month it is, and write that on the board.
- Play a mime game about common health problems. Explain that you will ask *How are you?* and then say a health problem, e.g., *headache*. In response, pupils should mime that problem. For example, they can put their hands to their head to mime *headache*. For *rash*, they can use a finger to make dots on their faces. You might like to let volunteers take the role of the teacher.

1 Listen and read. 5 mins

- Ask pupils to open the *Pupil's Book* on page 46. Read the rubric for activity 1. Ask pupils to look at the pictures and read the text in the speech bubbles.
- Play Track 37.
- Ask *What does Dania say?* Elicit *She says he should go home* and *She says he should tell his mum or dad*. If pupils are unsure how to answer your question, write the following on the board and elicit the words that complete the sentences:
She says _____ _____ _____ home.
She says _____ _____ _____ his mum or dad.

Grade 6 TB_at level_BOOK.indb 70 29/07/2020 14:50

Track 37
Listen and read.

Dania: *You don't look well. You should go home and tell your mum or dad.*
Taher: *Yes, I will. Thanks.*

2 Look at the pictures and match them to the phrases. 4 mins

- **Note:** *Medicine,* here, is a general word for a substance, especially a liquid, that you take to make you better when you are not well. A *tablet* is a small, usually round, solid piece of medicine. It is also called a *pill*.
- Ask pupils to look at the seven pictures; give them time in pairs to discuss what they can see in each picture. Pupils will not have all the vocabulary they need, but they should be able to say something about most of the pictures.
- Elicit ideas. For picture 1, introduce the word *medicine*. For picture 5, introduce the word *tablet*.
- Ask pupils to match the pictures to the phrases below. Elicit answers.

Answers

1 take some medicine
2 drink something hot
3 go to bed
4 wear warm clothes
5 take a tablet
6 eat lots of fruit
7 go to a doctor

3 What do you think Taher's mum says? Write your ideas. 4 mins

- Put pupils in pairs and let them think about what Taher's mother might say he should do. There is no right or wrong answer here, but make sure pupils are writing sentences with *should* and the base form of the following verb. If you wish, you can write some unfinished examples on the board to help pupils. For example:
  I think she says he should go _____ _____.
  I think she says _____ _____ _____ a tablet.
- Ask for volunteers to read out their sentences.

Suggested answers

I think she says he should go to bed.
I think she says he should take a tablet.
I think she says he should drink something hot.

4 Listen to what Taher's mum says. Tick (✓) the correct pictures. 5 mins

- This is a listening comprehension activity. Explain that pupils have to listen and tick the pictures which match the advice Taher's mother gives.
- Before they listen, get pupils to look at the pictures which represent each possible piece of advice.
- First, ask pupils to listen and not to write anything. Play Track 38.
- Play Track 38 again. Pupils tick the correct pictures.

Track 38
Listen to what Taher's mum says.
Tick (✓) the correct pictures.

Mum: *What's the matter, son? You don't look well.*
Taher: *Mum, I feel hot and I have a headache.*
Mum: *I think you have a cold and a temperature.*
Taher: *What's a temperature?*
Mum: *It's when your body is too hot.*
Taher: *Yes, my body is hot. Can I go to bed?*
Mum: *Yes, you should go to bed and you should take a tablet.*
Taher: *What's the tablet for?*
Mum: *It's a tablet for your headache, and I'll bring you some water.*

- Get pupils to write their name on the line for 'To'. Ask *Who wrote the email?* Elicit *Ahmad*.
- Ask pupils to look at the picture of the boy (Ahmad). Ask *Does he feel well?* Elicit *No, he doesn't.* At this stage do not ask what is the matter.
- Divide the reading activity into its three paragraphs. First, get pupils to skim the first paragraph to find some key content words and underline them:

3 Read about how to write an email. Then write your own email to a friend 10 mins

Note: This activity looks at writing an email to a friend and asking about how they feel. It shows:

– How the email is divided into sections (the subject, the start, the first paragraph, the second paragraph (of course there can be more than two paragraphs), the finish).
– It guides pupils about what they should say in each section.
– It gives pupils a model for each section on which to base their own email.

- Ask pupils to look at activity 3 on page 43 of the *Activity* Book. This is the second time that pupils have done this type of activity where they follow a model. Read the rubric and make sure pupils understand what they have to do, as there will be two other writing activities following a model in *Primary 6*.
- Ask pupils to work individually to write their own email to a friend. Remind them that it is important to use proper punctuation when writing.
- Have pupils check their emails in pairs. Monitor and help where necessary.

Rounding off

- Spend a few minutes at the end of the lesson to review with pupils what you have done together. Get them to tell you which parts of the lesson they enjoyed the most and the least.

Additional/Support

- Write the following part words on the board:
  comp … (*computer*)
  smart … (*smartphone*)
  inter … (*internet*)
  key … (*board*)
  web … (*website or webpage*)
  touch … (*touchscreen*)
  add … (*address*)
  Divide pupils into small groups and get them to complete each word. Set a time limit. The group with the most words completed and spelt correctly is the winner.

Colds and coughs can make you feel very unwell. When you have a cold or a cough, you can feel hot or cold. Your temperature can be high. You can have a headache and have a sore throat. Sometimes, you feel tired and do not feel like eating. You will probably have a runny nose too. Colds are not made better by medicine. Your body will stop the cold and the cough by itself. The best thing to do is rest or go to bed. Remember to drink lots of water or hot drinks like tea with honey and lemon. You should sneeze into a tissue to stop other people getting your cold.

Rounding off

- Spend a few minutes at the end of the lesson to review with pupils what you have done together. Get them to tell you which parts of the lesson they enjoyed the most and the least.

Additional/Support

Note: We use *should/shouldn't* to give advice – to say what is the best or right thing to do. We use *must/mustn't* to talk about rules – or obligations – that come from the person who is speaking (e.g., what that person thinks is the necessity). This is a complicated area. In the primary levels, we use *must/mustn't* to talk about rules or to give 'strong' advice. More complex uses (*have to*, *don't have to*, etc.) will be covered in later levels.

- Ask pupils to read the 'Look' box at the bottom of page 46 of the *Activity Book*.
- Ask pupils to look at sentences 1 and 2 again in activity 1. On the board, show pupils how these sentences can be written to give advice or make a rule.
  Advice: *You should be nice to people online.*
  Rule: *You must keep your password safe.*

Grade 6 TB_at level_BOOK.indb 81 29/07/2020 14:50

- Let pupils work in pairs to decide whether sentences 3–6 are advice or rules. Elicit ideas – first as saying advice or rule only; then eliciting full sentences:
  3 *You should be careful about what you share.* (**Note:** You can tell pupils that it depends who you are emailing or talking to.)
  4 *You mustn't meet a person that you only know online.*
  5 *You must keep your personal information safe.*
  6 *If you find something you don't like online, you must tell your parents or teacher.*

3 Match a sentence and a picture. Complete the sentences with *must/mustn't* or *should/shouldn't*. 5 mins

- Ask pupils to look at activity 3 on page 47 of the *Activity Book*. Read the rubric as a class.
- Tell pupils to work alone to complete the sentences. Remind them they can look at the 'Look' box on page 46 if they need to. Monitor and help where necessary.
- Check answers with the whole class.

4 Circle the correct adjective and complete the sentences. 5 mins

- Ask pupils to work in pairs to circle the correct adjective and complete the sentences. Monitor and help where necessary.

Answers
1 hard
2 interesting
3 bad
4 friendly
5 unhelpful
6 unsafe

Rounding off

- Spend a few minutes at the end of the lesson to review with pupils what you have done together. Get them to tell you which parts of the lesson they enjoyed the most and the least.

Additional/Support

- Write a few sample passwords on the board for pupils to practise saying them. For example:
  +Should135mhmd (This is a strong password – the last four letters are the consonants from the name 'Mahmoud'.)
  Let pupils practise saying it: *plus symbol/capital 'S'/h/o/u/l/d/one/three/five/m/h/m/d*
  ?Must246nda (This is a strong password – the last three letters are the 1st, 3rd and 5th letters of the name 'Nadia'.)
  Let pupils practise saying it: *question mark symbol/capital 'M'/u/s/t/two/four/six/n/d/a*
  Let pupils write their own passwords using capital letters, numbers and the symbols that they know the names of. Pupils read out their passwords to a partner. Less confident pupils may find it easier to write the password than to say it.

Unit 3 Lesson 7: Check my Understanding

Aims: To review and check understanding of the '6 ways to stay safe online' from Lesson 6
To select *should/shouldn't* or *must/mustn't*
To do a project – to follow a model and make a poster about healthy habits
To read about a family choosing a new laptop
To learn to spell four difficult words (*knee*, *thumb*, *stomach*, *cough*)

Materials: *Pupil's Book* pages 56–57
Activity Book pages 48–49
Track 49
Blank sheets of paper for pairs or groups to make their project posters

Teaching note: Projects

- This is the second project in Grade 6. Projects are to let pupils express their own ideas, creativity and use of language. There is no right or wrong. Example posters in the *Pupil's Book* are given as examples and not for pupils to copy. Note also that it is not necessary for pupils to have the same number of pictures and captions as in the example here – it is for them to decide in their groups or pairs.
- If possible, put projects up on the classroom walls and let everyone read their classmates' work. This encourages interest and encourages pupils to produce their best work.

Warmer 3 mins

- Start the class by asking pupils what day it is. Write the day on the board. See if pupils can tell you which month it is and write that on the board. Now see if pupils can tell you what date it is and write that on the board.
- Ask pupils if they enjoy doing projects and why. Start a class discussion on what kinds of projects they like the most and why.

1 Read '6 ways to stay safe online' again and tick (✓) *Yes* or *No*. 4 mins

- Ask pupils to work individually and complete the first activity on page 56 of the *Pupil's Book*. Tell them that they should not look back at page 54 at this stage.
- Ask pupils to compare their answers in pairs. If necessary, pupils can look back at page 54 of the *Pupil's Book* to confirm their answers.

Answers
1 No, 2 No, 3 Yes, 4 Yes, 5 No, 6 Yes

2 Circle the correct word. 4 mins

- Ask pupils to look at the second activity on page 56 of the *Pupil's Book*.
- Tell pupils that if they are unsure about whether *should/must* or *shouldn't/mustn't* is best, they can look back in the *Pupil's Book*.
- Pupils work by themselves to complete the activity and then check their answers in pairs.

Answers

3 should
4 mustn't
5 mustn't
6 should
7 shouldn't
8 should

3 Look at the poster about healthy habits. Talk to your partner about what you like/don't like about the poster. Then make your own poster. 18 mins

- Explain that pupils are going to do a project about healthy habits for children and make a poster. Organize pupils in groups. You might

Grade 6 TB_at level_BOOK.indb 83 29/07/2020 14:50

like each pupil to be responsible for just one or two drawings and captions – they can put these together to form the final poster.

- Explain that the project is for pupils to express their own ideas and that there is no right or wrong. The poster on page 57 of the *Pupil's Book* is given as an example and not as something for pupils to copy. Encourage pupils to give their own ideas about 'healthy habits for children'. These can be about many different areas – food, sport and exercise, looking after your body, getting enough sleep, having fun, studying, staying safe online, etc.
- Ask pupils to open the *Pupil's Book* on page 57. Give pupils time to look at the pictures and read the captions for each picture.
- Let groups have time to decide what areas they want to put in their poster and what they are going to draw and write for the captions. Let pupils decide how to allocate tasks in their groups.
- Once groups have finished their posters, ask them to present them to the class.

Activity Book

1 🎧 49 Listen and read about the new laptop. 5 mins

- Ask pupils to look at pages 48 and 49 of the *Activity Book*. Tell them that they will listen and read about Taher's new laptop.
- Before you play 🎧 Track 49, give pupils time to look at the photos on the right-hand side of the page.
- Play 🎧 Track 49 for pupils to listen and follow.

🎧 ***Track 49***
Listen and read about the new laptop.
My family's new laptop by Taher
Yesterday, I went to the mall with my family to look for a new computer.
My dad said we should buy a laptop because it is easy to carry. It shouldn't be too big or heavy.
My dad and mum can use the laptop for work or at home. Hiba and I can use it in our bedrooms for homework. We can search for information when we have a school project.
Mum says we can email our friends and family, but we must have safe passwords. We should remember the password but we shouldn't write it down, and we must only share information and photos with friends and family.
We looked at lots of laptops. Some were too big and some were too small. A lot of laptops were too expensive. It took a long time to choose the best one for our family.
Our laptop is silver with black keys. It has a mouse and a webcam – that's a web camera. It can connect to the internet. It can play music and we can send messages.

2 Read and write T for true and F for false. 4 mins

- Now that pupils have listened and read to 'My family's new laptop by Taher' in activity 1, ask them to answer the true/false sentences in activity 2.
- Do not check answers yet.

3 Read the sentences and check your answers with a partner. 3 mins

- Point to the speech bubbles in activity 3 and ask pupils to work in pairs to check their answers.

Answers
1 F, 2 F, 3 T, 4 F, 5 T, 6 F, 7 T, 8 F

4 Look, say, cover, write, check. 4 mins

- Pupils should continue to spell common, high-frequency words using the 'Look, say, cover, write, check' strategy. The four words for this unit are those pupils looked at in Lessons 1 and 2 (*knee*, *thumb*, *stomach*, *cough*).
- Ask pupils to look at the activity at the bottom of page 49 of the *Activity Book*. Write the rubric *Look, say, cover, write, check* on the board and read it with the class. Elicit what pupils have to do. If necessary, copy the table onto the board and remind pupils that this time they will use 'Write 1' column.
- Check that pupils are ready to write. Get them to follow the 'Look, say, cover, write, check' procedure and complete the 'Write 1' column.

Grade 6 TB_at level_BOOK.indb 84 29/07/2020 14:50

Rounding off

- Spend a few minutes at the end of the lesson to review with pupils what you have done together. Get them to tell you which parts of the lesson they enjoyed the most and the least.

Additional/Support

- For less confident pupils, let them work together within the group when doing the project. All members of the project group can work together to choose the healthy habits they want to write about, and decide on which facts to put on the poster. Then the less confident pupils can work together to complete their part(s) of the task.

1 Look at the story on pages 58 and 59 of the Pupil's Book. Can you put the sentences in order? 8 mins

- Ask pupils to look at page 50 of the *Activity Book*. Read the rubric as a class. Tell pupils that the numbers here do not match the numbers from the story pictures because the opening 'scene setting' sentence is included. Therefore, numbers go to 12 rather than 11.
- Put pupils in pairs. Challenge them to try ordering the sentences without looking at the story. Pupils can then refer to the *Pupil's Book* to check if they are correct.
- Check the answers as a class or play Track 50 again.

Answers
(in the order of appearance)
1, 2, 12, 3, 10, 5, 6, 9, 4, 11, 8, 7

2 Tell the story with your partner. 6 mins

- Ask pupils to look at the bottom of page 50 of the *Activity Book*. Read the rubric as a class and explain that pupils should retell the story – make it clear that they do not have to use the exact words.
- Let pupils look at the speech bubbles. Pupils should work in pairs taking it in turns to build up the story.
- Monitor and help where necessary.

3 What are the new words you know? Write six new words here and remember them. 4 mins

- Remind pupils that they can choose any new words that they have learnt in Unit 3. Give them time to look back through their *Pupil's Books* and *Activity Books* to find words they like and write them down.
- Put pupils in pairs. Ask them to swap their *Activity Book* with their partner. They have to test each other on the spelling of their six new words. One pupil reads out one of their partner's chosen words; their partner has to write it down on a piece of paper. When both pupils have written all six of their words, they can take their own *Activity Book* back and check their answers.
- Elicit some examples of words pupils have chosen.

4 Read the puzzles. Do you know the answers? 5 mins

- Ask pupils to look at page 51 of the *Activity Book*. Set a short time limit for pupils to complete their column by themselves.
- Pupils work with a partner to find out what their partner has written. Encourage them to read out full sentences where appropriate or to give full sentences when answering questions. For example:
  1 *The internet connects millions of computers around the world.*
  3 *I think the icon means search. / It's the search icon.*

5 Ask your partner. Does he/she have the same answers? 3 mins

- Before checking answers, ask pupils to put up their hands if they have the same answers as their partner. Check answers with the whole class.

Answers
1 internet
2 online
3 search
4 to click on icons or words
5 click on
6 No
7 up, down

Rounding off

- Spend a few minutes at the end of the lesson to review with pupils what you have done together. Get them to tell you which parts of the lesson they enjoyed the most and the least.

Grade 6 TB_at level_BOOK.indb 86 29/07/2020 14:50

Additional/Support

- Do activity 4 on page 51 of the *Activity Book* as a pair activity (rather than a competition) and try the following approach.
  – Group 1 pupils: For less confident pupils, let pupils work in pairs to decide on the answers to the puzzle.
  – Group 2 pupils: For more confident pupils, ask pupils to decide on the answers first before checking back through their books to make sure they have the correct answers.
  – Checking a friend's answer: Put a pupil from Group 1 and one from Group 2 together to check their answers before the class check.

Additional/Support

Further story-telling practice

Ask pupils to cover their books or turn them upside down. Tell them they are going to tell the story 'Looking after Ali' again as a class. You can start them off by saying the first sentence: 'Anwer and Dania are at home with Ali.'

Tell pupils they don't have to follow the same numbered sequence as in the Activity Book, but the sentences they say must be in the right order.

To make it more competitive, you can divide the class into two or three teams (A and B / A, B, C). The team with the fewest mistakes wins.

Take notes of any problem areas for revision in Unit 4.

Unit 4 Lesson 1: The Challenge

Aims: Review: the language and structures from the previous 3 units.
Materials: *Pupil's Book* page 62
Activity Book page 52
Track 51

Note

Revision units

- Units 4 and 8 are revision units. There is less material to cover in the four lessons that make up these units than in the other lessons.
- The intention is to give teachers the opportunity, at these points in the school year:
  - to catch up with unfinished work
  - to review particular areas that pupils found difficult
  - to do more of the Additional/Support activities given at the end of most lesson notes in the Teacher's Book
  - to let pupils have time to do the more creative, project-based types of activity and to finish off the projects from Units 2 and 3 if pupils haven't already done so.

Warmer 5 mins

- Start the class by asking pupils what day it is. Write the day on the board. See if pupils can tell you which month it is and write that on the board. Now see if pupils can tell you what date it is and write that on the board.
- Ask pupils how often they take part in quizzes, either at school or outside school. Elicit the kind of quizzes/challenges (these can also include sports challenges and competitions) they have done and whether they enjoy them. If they do not do quizzes themselves, ask if they like to watch quizzes on TV.

1 Today you have a class challenge. Test yourself. Choose your team, A or B. 10 mins

- Ask pupils to open the *Pupil's Book* on page 62 and explain that they are going to take part in a challenge. Ask *How many teams are there?* (2), *What is the name of each team?* (Team A and Team B).
- Put pupils into small groups, tell them to choose which team they want to be in and to write the letter on the line next to the word "Team". Make sure that half the class choose Team A and half choose Team B.

2 Work together and answer your team's questions. 10 mins

- Ask teams to answer the Team A or Team B questions and get them to write their answers. When they have finished, tell Team A to swap their books with Team B.
- **Note:** There are several possible answers for a few of the questions, e.g., question 1 for both Team A and B in the first half of the quiz. The test is that pupils give a correct and reasonable answer.

3 Listen and tick (✓). ✓ = 1 point. Who is the winner? 10 mins

- Play Track 51 and get pupils to check the answers of the opposite team. Ask them to add up the total number of points, write them at the bottom of the page and give the answers back.
- Check how well each team did and which questions they got wrong. Pupils should now write the answers (the correct answers) into the *Pupil's Book*.

Grade 6 TB_at level_BOOK.indb 94 29/07/2020 14:50

Counters can be made from a piece of coloured or shaped paper, or by using a small object, such as a rubber or pencil sharpener.

- To play the game, put pupils in pairs or small groups (no more than four to a group):
  1. Make sure each pupil has a counter. Pupils put their counters on the START square. Check that everyone can see a game circle at the back of the *Activity Book*. Pupils take turns to close their eyes and select a number randomly by touching a number on the game circle. Pupils move their counter forward by the number they selected.
  2. Pupils move their counter along the board and then answer the question or complete the sentence.
     Note: Partners or group members must agree that the answer is correct. If the answer is wrong, then that pupil misses a turn.
  3. If a pupil lands on question 4 or 7 and they answer correctly, they can follow the arrows and move forward. However, if they land on question 11 and they answer incorrectly they move back one step.

My grandpa's story about going online
I am Hiba's grandfather. Hiba and her brother, Taher, are teaching me how to go online.
Yesterday, we looked at a website about coughs and colds and what you can do to make yourself feel better.
It is very interesting to search online. You must be careful because there are lots of websites. We keyed in the address 'https://www.coughsandcolds'. Here we found a website with ideas from around the world.
We logged in by pressing ENTER on the keyboard. The webpage came up on the screen. We navigated the webpage by scrolling up and down.
We read the advice about coughs and colds. We liked the idea about tea with ginger root and lemon from China.
Grandma made this tea with the ginger root and lemon for us. We thought it tasted very nice.
When I have a cold, I am going to make this tea.

Unit 5 Lesson 2: The Past

Aims: To read about three important inventions
To complete sentences about the inventions
To learn how to make a 'string telephone'
To practise saying words ending in *–tion*
To correct common spelling mistakes

Materials: *Pupil's Book* pages 70–71
Activity Book pages 58–59
Tracks 56–58
To make string telephones: one paper cup for each pupil; a sharp pencil; string

Warmer 3 mins

- Start the class by asking pupils what day it is. Write the day on the board. See if pupils can tell you which month it is, and write that on the board. Now see if pupils can tell you what date it is, and write that on the board.
- Ask pupils if they can think of any new inventions that could change people's lives. Get them to discuss in pairs and then share their ideas with the class.

1 Listen and read. 5 mins

- Ask pupils to look at the pictures. Ask *What can you see?* (Three inventions: telephone, car, computer.). Ask *Are they old or new?* Explain that these are pictures of the inventions as they were many years ago. Draw pupils' attention to the lesson title (*The past*).
- Play Track 56 and let pupils read along as they listen. Play Track 56 again if pupils would like to listen/read a second time.

Track 56
Listen and read.

Telephone *Many people helped to make this invention possible. In 1876, it was Mr Bell who made the first useful telephone. The telephone is a means of communication over distance.*

Cars *People disagree about who invented the car (or automobile), but we can probably say that the key inventor was Mr Benz. He made the first true automobile in 1885–1886. Here is the first car. What makes it look like a bicycle?*

Computers *There have been inventions to help calculation (+, –, x, ÷) for thousands of years. In the 11th century, Al-Bairuni, a famous mathematician, made many important calculations.*
Many others followed him, but it is Mr Babbage, who was an engineer, that we now call the 'father of the computer'. However, it was Mrs Lovelace, another mathematician, who saw that computers could do more than just calculate.

2 Read about the inventions on page 70 and tick (✓) *Yes* or *No*. 6 mins

- Ask pupils to read the sentences. Check they understand what they have to do: they need to decide whether each one is true (Yes) or false (No).
- Let pupils work by themselves to decide on the answers.
- Pupils check their answers in pairs. Then do a class check.

Answers

1 No (The year was 1876.)

6 Making a string telephone 7 mins

- Explain that pupils are going to make a 'telephone' out of cups and string. First, read through the instructions together. As you do so, you could demonstrate how to make the telephone at the front of the class.
- Put pupils in pairs and hand out the materials. Get them to make their telephones.
- **Note:** For stage 2, you can circulate with a sharp object to make the holes in the bottoms of the cups in order to avoid giving pupils any sharp objects. Alternatively, to save time, you can make the holes yourself before the lesson or cut up pieces of string before the lesson.
- Ask pupils to write down one or two sentences that they will use with their string telephones to communicate. The sentences can be about anything pupils want to say (in English), but tell them that sentences should not be too long.
- You will need to think about how best to organise the class. You may need to let pupils do the activity in batches. Pupils need to be far enough away from their partners. Make sure that they understand that the first one speaks and the other listens, and then they swap. You can also play *Chinese Whispers*: Pupil 1 speaks quietly to Pupil 2; Pupil 2 repeats what he/she heard to Pupil 3, around the class. At the end, check what Pupil 1 aid – is it the same as what the last pupils said?
- Pupils should try to remember the message their partner communicates. Round off by seeing how many pupils managed to communicate their messages.

Rounding off

- Spend a few minutes at the end of the lesson to review with pupils what you have done together. Get them to tell you which parts of the lesson they enjoyed the most and the least.

Our solar system
There are eight planets in our solar system. They all move around our home star. We call this star the Sun.
Mercury is the closest planet to the Sun, and it is the smallest planet in our solar system. The

Grade 6 TB_at level_BOOK.indb 106 29/07/2020 14:50

next planet is Venus. It is about the same size as our planet, Earth. Venus is the hottest planet with temperatures of 400°C.
The third planet is Earth. It is 150 million km from the Sun. Earth is a special planet because it is the only one that we know has water and life (humans, animals and plants). It is often called the 'blue planet' because there is lots of water.
Mars is smaller than both Earth and Venus. Scientists have sent robots to Mars to take pictures and bring back soil and rocks.
The other four planets are Jupiter, Saturn, Uranus and Neptune. Jupiter is the biggest planet. It is 2.5 times bigger than all the other planets put together!

2 Listen and point. 6 mins

- Play Track 63. Get pupils to listen and point to the planets.

Track 63
Listen and point.
There are eight planets in our system.
These planets move around our Sun. There is only one Sun in our solar system.
The names of the planets are Mercury, Venus, Earth, Mars, Jupiter, Saturn, Uranus and Neptune.
The biggest planet is Jupiter.
The smallest planets are Mercury and Mars.
Mercury is closest to the Sun.
Neptune is the farthest from the Sun.
Our planet, Earth, is often called the 'blue planet'.
Mars is often called the 'red planet' because it looks red in the sky.
Two planets start with the letter m, but only one starts with n, Neptune.

Note: *far/farther/farthest*

- Both *farther/further* and *farthest/furthest* can be used to talk about distance: *Earth is farther from the Sun than Mercury. Neptune is farthest from the Sun.*
- *Further* also has a completely different meaning – that of *more*: *Will you enter further education? Are there any further questions?*
- In *Primary 6*, it is best to teach only *far/farther/farthest* with the meaning of distance.

3 Answer the questions. 5 mins

- Make sure pupils understand what they have to do. First, go through the 'Let's check' box at the top of the page. Say each adjective in its three forms and get pupils to point as you say the words.
- Make sure that pupils know they should look at pictures 1–4 to answer the questions.
- **Note:** We cannot end sentences with *than*. Make sure pupils do not write sentences like *The pink ones are smaller than*.

Answers
1 The pink ones are smaller.
2 The pink one is the farthest.
3 No. The green one is closer.
4 The grey one is the biggest.
5 The green one is the closest.

1 Write the first letter for each planet. 5 mins

- Read the rubric and look at the note in the grey box.
- Read the rhyme (mnemonic) and show pupils that the capital letters of each word help them order the planets. Say the rhyme as a class.
- Pupils work by themselves to order the position of the planets, from closest to the Sun to farthest. Again, they should do this without looking at the *Pupil's Book*.

Rounding off

- Spend a few minutes at the end of the lesson to review with pupils what you have done together. Get them to tell you which parts of the lesson they enjoyed the most and the least.

Additional/Support

- Let pupils work in pairs and think of a new rhyme to help them remember the names of the planets and their order of distance from the Sun. This is for fun – it doesn't matter if the sentences don't make sense or aren't grammatically correct.
- Ask for volunteers to read out their rhymes.

Note: Saying dates

- Pupils have been practising saying the date at the beginning of most lessons. They should be aware that how we write the date and how we say it are different. When saying a date, we use *the* before the ordinal number and *of* before the month. For example: *11th November* is *the 11th of November* in speech. We do not write *the* or *of*.
- Examples of how dates are said:
on the 11th of November
on the 5th of May
from Monday the 7th to Friday the 11th of July

3 Listen and point to the dates you hear.
6 mins

- On the board, write:
April/October
Monday/Saturday
4 o'clock/the weekend/Eid
- Say the following sentences, leaving out the missing prepositions but pausing where the prepositions should be. Repeat each sentence and ask pupils to provide the missing words.
My mother's birthday is ___ April.
My father's birthday is ___ October.
I go to school ___ Monday.
I don't go to school ___ Saturday.
Yesterday, we went shopping ___ 4 o'clock.
I play with my friends ___ the weekend.
We see all our family ___ Eid.
- Once pupils have named the prepositions, elicit which preposition goes with each group of words you wrote on the board (*in*, *on*, *at*).
- Ask pupils to read the 'Remember' box on page 67 of the *Activity Book*. This gives a summary of how to use the three prepositions you have introduced. Check everyone understands. Elicit a few more examples for each preposition.
- Ask pupils to look at activity 3. Give pupils time to read the dates in the boxes. Ask pupils to point to a year/a day/a century, and elicit some answers (pupils can give any suitable word from the page).
- Read the rubric as a class. Make sure pupils understand what they have to do. Tell them they will not hear all of the dates – just some of them. Play 🎧 Track 67, pausing at your discretion to check everyone agrees on the date. Ask pupils if they want to listen again.

4 Listen and say. Listen again and write the dates in the correct list. 6 mins

- Explain that pupils will now hear some more dates from the list. Tell pupils they should say each date they hear. At this point, pupils should not write anything in the table. Play 🎧 Track 68.
- Play 🎧 Track 68 again. This time pupils should write each date they hear in the correct column. Pause after each item to give pupils time to write. Make sure they understand that they only need to write the date itself – not the prepositions. They can refer back to how the dates are written in activity 3.

Listen and say the rhyme.
Our solar system
Eight planets go round the Sun.
We can name every one.
Venus shines bright,
We can see it at night.
There's our Earth blue and green,
The most beautiful planet ever seen.
Jupiter is the biggest,
Mercury the smallest,
Venus the hottest,
Neptune the farthest.
Astronauts walked on the Moon.
Probably they'll go to Mars soon.
So, what about you?
Would you like to go into space?
It's probably dangerous,
And it takes a long time.
What do you think?
Let's all say this rhyme.

- Get pupils to complete the activity individually. They will check the answers in Activity 5.

5 Look at Activity 4. Write the odd word next to the sentence below. 3 mins

Activity Book

Note: Abbreviations

- In Activity 1, pupils look at some common abbreviations for quantities, measures and distances; and in Activity 3, pupils will read a recipe that uses some abbreviations for quantity. Pupils have already met the abbreviation *cm* for *centimetre(s)* in *English for Libya*, *Primary 4*.
- Pupils are not required to memorize any of this information. However, it is important that pupils recognize these common abbreviations because they are very likely to see them used in the world around them – in books, in shops, on road signs, on websites, in other school subjects and in many other places.

1 Listen and read. 5 mins

- Ask pupils to open the *Activity Book* on page 74. Before you play 🎧 Track 75, make sure pupils have time to look at the three pictures on the right of the page. Ask *What can you see?* Elicit ideas: *a kitchen*, *a saucepan*, *vegetables*; *a box*, *a cube*; *a road*, *a road sign*.
- **Note:** You can tell pupils that the vegetables are on some *scales*, and that these are used for weighing ingredients when cooking.
- Play 🎧 Track 75. Pupils read along as they listen.

Taher: *When we travel, we usually want to know how far we are going. We use kilometres.*

Track 86
Listen and read.

Teacher: *Bike riding is fun and healthy. But remember that a bike is not a toy. You must follow some rules to help you stay safe.*
First, let's look at your bike. Is your bike safe?
Safe riding rules
Follow these safety rules when you ride your bike.

1 *Before getting on your bicycle, you should check that it is ready to ride. Let's check these five things. Brakes, handlebars, seat, tyres and pedals.*
2 *Wear a helmet. If you have an accident, you must protect your head. This is very important.*
3 *Check your tyres. Tyres should be hard, not soft.*
4 *Check your brakes. Brakes are very important because sometimes you need to stop quickly. You can't stop if your brakes don't work well.*
5 *Is your seat the correct height? You must be able to put your feet on the ground.*
6 *Are your handlebars the correct height? Can you sit on your bike and touch the handlebars easily?*
7 *Ride carefully with both hands on the handlebars. Carry your books and lunchbox in your backpack. Some bikes have a basket for carrying things.*
8 *Can cars, buses and trucks see you? Wear bright, colourful clothes. Yellow and orange are good colours.*

Unit 7 Lesson 1: Celebrate!

Aims: To look at plans for a party
To read a 'To do' list
To use *going to* for future plans (already agreed)
To use present continuous for future plans (arrangements made, e.g., time and place known)
To read an email and answer questions

Materials: *Pupil's Book* pages 104–105
Activity Book pages 88–89
🎧 Tracks 90 and 91

Additional/Support

In the email on page 105 of the *Pupil's Book*, there are three different tenses used to talk about the future. When pupils answer the questions, they should use the same tense as the question. In the email:

– we use *going to* to talk about future plans decided before the moment of speaking
– we usually use the present continuous to talk about the future when there is an arrangement

For example, when more than one person is involved and we know the time and the place
– we use *will* to talk about plans decided at the moment of speaking.

Warmer 3 mins

- Start the class by asking pupils what day it is. Write the day on the board. See if pupils can tell you which month it is and write that on the board. Now see if pupils can tell you what date it is and write that on the board.

Hiba: *To: Noor*
Subject: Our birthday party
My family is very excited this week because on Saturday we're having a party for my grandpa's birthday. He doesn't know about it and it will be a big surprise.
The party is going to be at our house. We're very busy getting everything ready. I wrote a list of the things we need to do. We want to help our mum and dad. I'm going to help mum clean the sitting room and Taher is going to tidy his bedroom. On Friday, we're all going to go shopping to buy the presents and the party food. We're also going to buy some new clothes.
On Saturday morning, I'm going to help mum to do the cooking. Dad and Taher are going to put up the decorations. Ali is going to make a card for grandpa. I think we should help him to do the drawings and make any cut-outs. Dad is going to wrap up grandpa's present and we will help him.
I won't see you this weekend because I'm going to be too busy. I'll see you in school on Sunday and tell you about the party.

In some countries the date is in May and in others, like Libya, it comes in March.*
On Mother's Day, most people give presents and cards to show their mothers how much they are loved. Flowers have always been the traditional gift for mothers. Today, they are still a favourite present, as well as chocolates and many other things.

To learn to spell four words for materials (*woollen, wooden, leather, metal*)

Materials: *Pupil's Book* pages 116–117
Activity Book pages 100–101
🎧 Track 101
Blank sheets of paper for pairs or groups to make their project posters.

Optional: Big sheets of paper (size A4 if possible) for pupils to make their own envelopes

Note: Projects

- This is the final project in *Primary 6* (Units 2, 3, 6 and 7). Projects are to let pupils express their own ideas, creativity and use of English to share ideas about what to put on their posters. There is no right or wrong. Example posters in the *Pupil's Book* are given as examples and *not* for pupils to copy. Note also that it is not necessary for pupils to have the same number of pictures and captions as in the examples – it is for them to decide in their groups or pairs.
- If possible, put projects up on the classroom walls and let everyone read their classmates' work. This encourages interest and encourages pupils to produce their best work.

Warmer 3 mins

- Start the class by asking pupils what day it is. Write the day on the board. See if pupils can tell you the date and write it on the board.

1 Read 'Making a Card' in Lesson 6 again and tick (✓) Yes or No. 6 mins

- You will need to decide how best to organize your pupils for the poster project; in pairs or groups. You might like each pupil to be responsible for just one or two drawings and captions – they can put these together to form the final poster.
- **Note:** Explain that the project is for pupils to express their own ideas and that there is no right or wrong. The example poster on page 117 of the *Pupil's Book* is given as an example and *not* as something for pupils to copy. Note also that it is not necessary for pupils to have the same number of pictures and instructions. It is for them to decide.

Rounding off

- Spend a few minutes at the end of the lesson to review with pupils what you have done together. Get them to tell you which parts of the lesson they enjoyed the most and the least.

Support/Additional

- For less confident pupils, let them work together with another pupil within the group when doing the project, and divide up the roles. They can share ideas about how to design and decorate the card for the project and decide on what pictures or illustrations to put on the poster. Then one pupil can be responsible for making the sketches or finding pictures and the other can write the rules.

Our teacher's favourite colours are yellow and green. She likes birds and butterflies.
We wrote 'Happy Teacher's Day' at the top. We drew leaves round the card to make a border.
I am good at drawing, so I drew the butterflies. Taher made two birds with cut-outs. They are very good.
We wrote a rhyme for the inside of the card.
Taher, read out the rhyme and I'll write it.

Taher: *Dear Teacher*
You help us every day,
You help us learn,
You help us play,
Thank you on this special day.

Hiba: *Taher is good at making things and so he made the envelope by folding a square piece of paper.*

- *You can write a 'Thank you' note or a letter. Your note can be short or long. Both will show your teacher that you are thinking of them on this special day.*
- *Making a card is another great way to thank your teacher. In my class, we think cards are the best way because you can decorate the card and you can write your own message.*

These are three cards that pupils in my class made. Now they need to write 'Happy Teacher's Day' at the top and write their messages inside. This is what some pupils said.

Girl 1: *I drew a tree with the sun and grass because in March it is spring. My teacher loves spring.*

Girl 2: *I drew some flowers and strawberries because strawberries are my teacher's favourite fruit.*

Boy: *I made my card with cut-out boats on the sea because my teacher likes going to the seaside.*

Answers
1 Teacher's Day is in spring.
2 We celebrate it (Teacher's Day) because we want to thank our teachers.

When I grow up
Some day, one day when I grow up,
I'll have a job to do.
I'll write a book or be a cook,
Or work in a zoo.
I think I could drive a bus,
Or be a busy nurse.
I'll fly a plane or drive a train,
Or be a doctor and help people again.
I think I could be a teacher,
And help children to read.
Or I could be a farmer,
And grow some vegetable seed.
There are so many jobs I could choose,
But I'm not sure what I'll be.
So now I'll work and learn,
Until it's my turn
To find the best job for me!
