A Litter

B The big clean-up

C Lots of people go out picking up litter

For the past three months, hundreds of people have worked in their spare time cleaning up litter. Everything was carefully planned, so people knew what they had to do.

'The planning was great,' said university student Ahmed Ayoob. 'It meant there weren't too many people in one place and too few people in another. We went to different streets in the town in groups and we also cleaned up a park. I found it hard to believe how much litter we found there.'

Schools also took part in the clean-up. Schoolgirl Jameela said, 'We were sent to picnic places outside the city. They're lovely places, of course. Children can play and run about safely while the adults sit and talk. But they're not lovely when they're covered with old cans, bottles, plastic bags and food. And they're not safe. They're very dangerous. Why don't people think of others and take their rubbish home? It makes me very angry.'

Saeed Abdullah has four children. 'The whole family took part,' he said, 'even little Muna. She's only four, but she was picking up litter just like the rest of us. I think education is important. We should teach our children from an early age to keep our country clean.'

My hobby

My hobby began when I was a boy and I have enjoyed collecting fish and learning about them since then. When I was ten, I made my own aquarium. My mother gave me a big glass bowl. I put some stones and plants in it, filled it with water and put my fish in. They were goldfish. When the first baby goldfish arrived, I was surprised to see that they were black. Then a friend told me that baby goldfish are always black. They change colour as they get older.

goldfish

My favourite fish is the great white shark. Most people think it is a killer. It has attacked 153 people swimming in the sea. But for me, it is a beautiful animal. A few years ago, I went all the way to Australia just to see it in the wild. After about an hour, one appeared next to our boat. It was about five metres long, almost as long as the boat. That was one of the best days of my life.
